**The Basis for
Business Decisions**
McGraw-Hill Companies

With the sixteenth edition of Financial and Managerial Accounting: The Basis for Business Decisions, the Williams author team continues to be a solid foundation for students who are learning basic accounting concepts. In this revision, the authors have added to and refined the coverage of International Financial Reporting Standards (IFRS), particularly in Chapter 15 ("Global Business and Accounting"). Hallmarks of the text--including the solid Accounting Cycle Presentation, relevant pedagogy, and high quality, end-of-chapter material--have been updated throughout the book.

Financial & Managerial Accounting Richard d

Irwin

This 12th edition updates and revises concepts and issues in accounting to include a new managerial chapter on business performance measurement and expanded coverage of the accounting cycle. There is also a look at contemporary Business Week cases.

Financial and Managerial Accounting McGraw-Hill Companies
Financial and Managerial Accounting: The Basis for Business Decisions continues to offer a solid foundation for students who are learning basic accounting concepts. Known for giving equal weight to financial and managerial topics, the authors emphasize the need for a strong foundation in both

aspects of accounting. Hallmarks of the text - including the solid Accounting Cycle Presentation, managerial decision making, relevant pedagogy, and high quality, end-of-chapter material—have been updated throughout the book.

Financial and Managerial Accounting
McGraw-Hill Education
Revised to include an improved balance of material on using and creating financial information, this 11th edition of the text provides examples from real-world companies and intergrates comprehensive accounting problems throughout the book.
