IGI Global

This is the first book written since September 11, 2001 to look at the life and philosophy of controversial radical Islamist Sayyid Qutb of Egypt (1906-1966), the philosopher of Islamic terror and the man many have called the godfather ideologue of al-Qaeda.

Each person is born in a religious environment that is not of his/her own choice. From the very beginning of human existence in this world, they are assigned the religion of their family or the ideology of the state. By the time individuals reach their teens they usually accept the beliefs of their parents or that of their particular society. However, when some people mature and are exposed to other beliefs and ideologies, they begin to question the validity of their own beliefs. Seekers of truth often reach a point of confusion upon realizing that believers of every religion, sect, ideology and philosophy all claim to have the one

and only correct religion or ideology. There are only three possibilities. They are either all correct; all wrong or only one is correct and the rest are wrong.

Blessings of Şalawât: Upon the Holy Prophet Muḥammad ﷺ is a practical spiritual manual concisely organized to better understand the importance of conferring blessings upon the Beloved Prophet Muḥammad ﷺ. This work is the second title in the Wirdul 'Aam Series. The series outlines the Spiritual significance of the Wirdul 'Aam Dhikr formulated by Imam Abul Ḥasan Ash-Shādhilī (RA), as it pertains to the Dhikr of Şalawât or the conferring of blessings upon the Messenger of Allah ﷺ. Almighty Allah ﷻ directs us in Sūratul Aḥzāb, "Verily, Allah and His angels send blessings on the Messenger of Allah. O you who believe, invoke blessings on him, and salute him with a worthy salutation." Our purpose of invoking blessings upon the Beloved ﷺ leads to close proximity to Almighty Allah ﷻ by obeying this command, while simultaneously fulfilling our rights upon

the Messenger of Allah ﷺ. It is crystal clear how important the invocation of Şalawât is for the believer, and it is a Mercy of Almighty Allah ﷻ for its rewards to be multitudinous. Abundant Şalawât upon the Beloved ﷺ leads to loving him and knowing his beautiful qualities. By that virtue, degrees of purity are realized. From the signs of the people of the Sunnah is sending Şalawât upon him, for the key to all goodness is Şalawât upon the Messenger of Allah ﷺ.

Muslims have been relying on the four schools of thought (Madhabs) for Islamic jurisprudence for about thirteen centuries. Starting from the beginning of the 18th century, a war has been launched against the Madhabs. In the 1940s Imaam Muhammed Zahid Al-Kawthari analyzed the situation and revealed the real goals of the proponents of anti-madhabism and lists the

perils of this abominable innovation. Once you read this booklet, you may be able to recognize the contemporary propaganda of anti-madhabism that often presents itself like a wolf in sheep's clothing.

The Hidayah has dominated the field of Islamic jurisprudence since the day it was written over 800 years ago. It has been the primary text used by Muslims jurist to issue authentic and reliable rulingson Islamic law according to the school of Imam Abu Hanifa (d 150H/767CE). The Hidayah commands such an authoritative position amongst the doctors of law that the knowledge of a scholar hoa has not read it is not considered reliable. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated into English by Charles Hamilton in 1791. Around 70 hude commentaries, some spread over more than a dozen volumes have been written on it. The number of explanatory glosses is in thousands.

and conveniently organized, with the publication of this all previous workds that discussed Islamic jurisprudence according to the Hanafi law become outmoded and soon fell into disuse. If revealed books are not taken into account, never has a book received so much attention as the Hidayah. This landmark publication of the Hldayah not only has been translated in its entirety for the first time but has been done so from Arabic, the language in which it was written.

Due to the prevalence of social network service and social media, the problem of cyberbullying has risen to the forefront as a major social issue over the last decade. Internet hate, harassment,

cyberstalking, cyberbullying—these terms, which were almost unknown 10 years ago—are in the everyday lexicon of all internet users. Unfortunately, it is becoming increasingly difficult to undertake continuous surveillance of websites as new ones are appearing daily. Methods for automatic detection and mitigation for online bullying have become necessary in order to protect the online user experience. Automatic Cyberbullying Detection: Emerging Research and Opportunities provides innovative insights into online bullying and methods of early identification, mitigation, and prevention of harassing speech and activity. Explanations and reasoning for each of these applied methods are provided as well as their pros and cons when applied to the language of online bullying. Also included are some generalizations of cyberbullying as a phenomenon and how to approach the problem from a practical technology-backed point of view. The content within this publication represents the work of deep learning, language modeling, and web

mining. It is designed for academicians, social media moderators, IT consultants, programmers, education administrators, researchers, and professionals and covers topics centered on identification methods and mitigation of internet hate and online harassment.

The Last Years of Britain's Presence and Policy in Southern Arabia EDC Foundation

The region of South Arabia (including the vast region of Hadhramaut) has been a part of the Yemen since 1990 due to a shot-gun marriage of an arrangement following the perestroika, leading to the collapse of the Soviet Union and the withdrawal of its protecting presence. Since then it has been in a regular state of ever-increasing political turmoil and instability. This is due to the United Nations' failure to implement its Resolutions concerning the region's political future prior to British withdrawal in 1967, with Southern Arabia's strategic location at the doorstep of the world's

major oil resources and its constant insecurity adding fuel to fire, the latest case being the current crisis and the launch of Operation Decisive Storm in 2015. This study may be deemed authoritarian for the period it covers from many aspects due to the pen from which its authorship flows and the high and sensitive position held by its wielder at the time of the events it covers. It should certainly prove a revealing and illuminating eye-opener about the recent political history of a region that continues to suffer from grave paucity of material for the purpose of scholarship, and about which, regardless of its past greatness and current significance and strategic importance to the world at large, so little is known. **Containing a Refutation of Those who Seek to Make a Distinction Between the Taaifatul-Mansoorah and the Firqatun-Naajiyah** Islamic Foundation

This comprehensive resource provides readers with the tools necessary to perform analysis of various waveforms for use in radar systems. It provides information about how to produce synthetic aperture (SAR) images by giving a tomographic formulation and implementation for SAR imaging. Tracking filter fundamentals, and each parameter associated with the filter and how each affects tracking performance are also presented. Various radar cross section measurement techniques are covered, along with waveform selection analysis through the study of the ambiguity function for each particular waveform from simple linear frequency modulation (LFM)

waveforms to more complicated coded waveforms. The text includes the Python tool suite, which allows the reader to analyze and predict radar performance for various scenarios and applications. Also provided are MATLAB® scripts corresponding to the Python tools. The software includes a user-friendly graphical user interface (GUI) that provides visualizations of the concepts being covered. Users have full access to both the Python and MATLAB source code to modify for their application. With examples using the tool suite are given at the end of each chapter, this text gives readers a clear understanding of how important target scattering is in areas of target detection, target tracking, pulse integration, and target discrimination.

The Meaning of Surah 01 Al-Fatihah (The Opening) Открытие From Holy Quran (Священный Коран) Bilingual Edition English Russian Standar Version. Surah al-Fatihah is the first chapter (surah) of The Holy Quran. Its seven verses (ayat) are a

prayer for the guidance, lordship and mercy of Allah SWT(God). This chapter has an essential role in Islamic prayer (salāt). The primary literal meaning of the expression "al-Fatihah" is "The Opener," which could refer to this Surah being "the opener of the Book" (Fatihat al-kitab), to its being the first Surah recited in full in every prayer cycle (rak'ah), or to the manner in which it serves as an opening for many functions in everyday Islamic life. Some Muslims interpret it as a reference to an implied ability of the Surah to open a person to faith in God. The name al-Fatihah ("the Opener") is due to the subject-matter of the surah. Fatihah is that which opens a subject or a book or any other thing. In other words, a sort of preface. The word الفاتحة came from the root word فتح which means to open, explain, disclose, keys of treasure etc. That means sura Al-Fatiha is the summary of the whole Quran. That is why we recite another Ayat or sura along with Fatiha in our prayers. That is, sura Al-Fatiha is paired with rest of the whole Quran. It is also called Umm Al-Kitab ("the Mother of the

Book") and Umm Al-Quran ("the Mother of the Quran"); Sab'a al Mathani ("Seven repeated [verses]", an appellation taken from verse 15:87 of the Quran); Al-Hamd ("praise"), because a hadith narrates Muhammad as having said that God says: "The prayer [al-Fatihah] is divided into two halves between Me and My servants. When the servant says, 'All praise is due to God', the Lord of existence, God says, 'My servant has praised Me'."; Al-Shifa' ("the Cure"), because a hadith narrates Muhammad as having said: "The Opening of the Book is a cure for every poison.", Al-Ruqyah ("remedy" or "spiritual cure").
