## **JILLIAN GOODMAN**

---

Prabhat  
Prakashan  
These are just  
some of the  
questions you  
will find  
answered in  
this delightful  
collection of  
stories  
recounting  
real-life

incidents from  
the life of  
Sudha Murty-  
teacher, social  
worker and  
bestselling  
writer. There  
is the  
engaging  
story about  
one of her  
students who  
frequently  
played truant  
from school.  
The account of

how her  
mother's  
advice to save  
money came  
in handy when  
she wanted to  
help her  
husband start  
a software  
company, and  
the heart-  
warming tale  
of the promise  
she made-and  
fulfilled to her  
grandfather,

to ensure that her little village library would always be well supplied with books. Funny, spirited and inspiring, each of these stories teaches a valuable lesson about the importance of doing what you believe is right and having the courage to realize your dreams.

**India** Penguin UK  
Moonwalking with Einstein by Joshua Foer | Summary & Analysis  
Preview:

Moonwalking with Einstein recounts author Joshua Foer's yearlong journey from participant-journalist covering the national memory championship to becoming the 2006 USA World Memory Champion. Other segments offer a journalistic history of the human relationship with memory, addressing its failings, its successes, and its limitations. Most people operate

according to a series of misconceptions about human memory. Above all, many believe that they have an average brain and are therefore incapable of performing mental feats such as swiftly memorizing a deck of playing cards shuffled into random order. This belief, however, is false. Memory champions are no smarter than anyone else and have unremarkable brains from a biological standpoint.

<p>The difference is in how memory champions use their brain. They employ techniques and training to overcome shortcomings that are hard-wired into the human brain anatomy. Even those who appear to possess a photographic memory likely do not and are instead employing other memorization techniques...</p> <p>PLEASE NOTE: This is key takeaways and analysis of the book and NOT the</p>	<p>original book. Inside this Instaread Summary of Moonwalking with Einstein: Overview of the Book · Important People · Key Takeaways · Analysis of Key Takeaways About the Author With Instaread, you can get the key takeaways, summary and analysis of a book in 15 minutes. We read every chapter, identify the key takeaways and analyze them for your convenience.</p>	<p><i>A BETTER INDIA A BETTER WORLD</i> Penguin Books India The Gopi Diaries is a series of three books for children about a dog called Gopi. Told in Gopi's voice, the first book, <i>Coming Home</i>, begins with Gopi going to his new home, and tells the story of how he settles down with his loving, human family. How Gopi sees the world around him and what he thinks of the people in his life give the story a</p>

truly unique flavour. Written in Sudha Murthy's inimitable style, these are books children and adults will treasure as the simple stories talk of basic values even when told from a dog's perspective. Wise and Otherwise Penguin UK Fifty vignettes showcase the myriad shades of human nature A man dumps his aged father in an old-age home after declaring him to be a homeless

stranger, a tribal chief in the Sahyadri hills teaches the author that there is humility in receiving too, and a sick woman remembers to thank her benefactor even from her deathbed. These are just some of the poignant and eye-opening stories about people from all over the country that Sudha Murthy recounts in this book. From incredible examples of generosity to the meanest acts one can

expect from men and women, she records everything with wry humour and a directness that touches the heart. First published in 2002, Wise and Otherwise has sold over 30,000 copies in English and has been translated into all the major Indian languages. This revised new edition is sure to charm many more readers and encourage them to explore their inner selves and the world around us

with new eyes.  
*I.T. Guru*  
 Diamond  
 Pocket Books  
 Pvt Ltd  
 The most powerful force in the world economy today is the redefinition of the relationship between state and marketplace - a process that goes by the name of privatization though this term is inadequate to express its far-reaching changes. We are moving from an era in which governments sought to

seize and control the 'commanding heights' of the economy to an era in which the idea of free markets is capturing the commanding heights of world economic thinking. Basic views of how society ought to be organized are undergoing rapid change, trillions of dollars are changing hands and so is fundamental political power. Great new wealth is being created - as are huge

opportunities and huge risks. Taking a worldwide perspective, including Britain, where the process began with Mrs Thatcher, Europe and the former USSR, China, Latin America and the US, **THE COMMANDING HEIGHTS** shows how a revolution in ideas is transforming the world economy - why it is happening, how it can go wrong and what it will mean for the global economy

going into the twenty-first century. India's Corporate Social Responsivene ss in a Globalized World Harvard Business Review Press Extraordinary stories about ordinary people's lives Over the years, Sudha Murty has come across some fascinating people whose lives make for interesting stories and have astonishing lessons to reveal. Take Vishnu, who achieves

every material success but never knows happiness; or Venkat, who talks so much that he has no time to listen. In other stories, a young girl goes on a train journey that changes her life forever; an impoverished village woman provides bathing water to hundreds of people in a drought-stricken area; a do-gooder ghost decides to teach a disconsolate young man Sanskrit; and in the title story, a

woman in a flooded village in Odisha teaches the author a life lesson she will never forget. From the bestselling author of Wise and Otherwise and The Old Man and His God, this is another heart-warming collection of real-life stories that will delight readers of all ages.

## **Two Novellas**

Nicholas Brealey NR Narayana Murthy as he is better known, is probably the most

recognized and respected face of Indian industry. He is the founder of Infosys, a global software consulting company which he started with six other professionals and a seed capital of Rs. 10,000 in 1981. Not only did NRNM lead it to become a top ranking Information Technology company in the world, he also showed that it is possible to do business ethically and achieve success

without bending any laws or making compromises. This book takes you through the fascinating journey of a seventeen year old who had to sacrifice his entry into the prestigious Indian Institute of Technology because his father did not have money to pay his fees, and who ultimately came up in life to head a global Information Technology company. This book will

surely inspire all the readers. *The Idea of a Renewed Nation* Penguin UK The life of Ramakrishna Paramahansa 'enables us to see God face to face', Gandhiji wrote. Similarly, when someone in his circle was distraught, the Mahatma sent him to spend time at the Ashram of Ramana Maharshi. The Paramahansa and the Maharshi have been among the greatest spiritual

figures of our country. They have transformed the lives of and have been a solace to millions. Their peak, mystic experience is what we yearn to have. But what if several of the experiences they had occur in other circumstances also? With the rigour and painstaking research that mark all his work, Shourie probes the lives of two of India's greatest spiritual masters in the light of the

breath-taking advances in neuroscience as well as psychology and sociology. The result is a book of remarkable vigour: an examination - and ultimately reconciliation - of science and faith as also of seemingly antagonistic, irreconcilable worldviews. *20 Inspiring Real-Life Stories* Penguin UK Every now and then, the world builds a man of such extraordinary wit and grit that it is impossible to not sit up and

take notice. N. R. Narayana Murthy is one such humble soul. An entrepreneur, a leader, a philanthropist, a family man—he is the true essence and living example of keeping your head in the sky with your feet firmly set on the ground. From early on, he followed his passion, which led him to where he stands today. After innumerable awards and accolades that celebrate his remarkable work, it's time

we celebrate his invaluable words. In this book, you will find motivation, perspective, encouragement and the much-needed inspiration to keep moving forward in the journey of success. Cut open to any page to hear the man share with you his years of treasured experiences and the lessons he's learnt. The real wisdom showcased in every quote speaks volumes of the life he's lived and

resonate with anyone who has ever dared to dream. Break the mould of failure and, through this book, learn how to be successful every day of your life.

**Sixty-fifth Hoover Medalist**

Narayana Murthy and the Legend of Infosys

So often, it's the simplest acts of courage that touch the lives of others.

Sudha Murthy through the exceptional work of the Infosys Foundation as

well as through her own youth, family life and travels-encounters many such stories . . . and she tells them here in her characteristically clear-eyed, warm-hearted way. She talks candidly about the meaningful impact of her work in the devadasi community, her trials and tribulations as the only female student in her engineering college and the unexpected and inspiring

consequences of her father's kindness. From the quiet joy of discovering the reach of Indian cinema and the origins of Indian vegetables to the shallowness of judging others based on appearances, these are everyday struggles and victories, large and small. Unmasking both the beauty and ugliness of human nature, each of the real-life stories in this collection is reflective of a

life lived with grace. Win in India, Win Everywhere Edward Elgar Publishing A visionary look at the evolution and future of India In this momentous book, Nandan Nilekani traces the central ideas that shaped India's past and present and asks the key question of the future: How will India as a global power avoid the mistakes of earlier development models? As a co-founder of Infosys, a

global leader in information technology, Nilekani has actively participated in the company's rise during the past twenty-seven years. In *Imagining India*, he uses his global experience and understanding to discuss the future of India and its role as a global citizen and emerging economic giant. Nilekani engages with India's particular obstacles and opportunities, charting a new way forward for

the young nation.  
How I Taught My Grandmother to Read and other Stories

Prabhat Prakashan "India Inc. examines the key players that are shaping the India of tomorrow." - Jim O'Neill, head of Global Economic Research, Goldman Sachs, and author of The BRICs Report India is well on the way to giving the world a new generation of role models to follow Bill Gates, Richard

Branson, Rupert Murdoch, and Warren Buffett. This book reveals who these entrepreneurs and business leaders are and what makes them tick. It sifts through the jargon, dusts off the myths and spells out in simple terms what the future of India Inc. holds for the world at large. Pota shortlists 10 Indian high achievers who cover every aspect of India's growing prowess and highlights

what these people have done to make it big. Besides a keen focus on information technology, others profiled work in fields as diverse as pharmaceuticals, biotechnology, banking, manufacturing, entertainment and green energy. A fascinating insight into the minds of movers and shakers behind the success of huge corporations, including Narayana Murthy, Chairman of

Infosys, K V Kamath, Chairman of ICICI Bank and role model Kiran Mazumdar Shaw who broke through the male-dominated Indian business world to become Chairwoman of Biocon India, Asia's largest biotechnology company. (Penguin Petit) Prabhat Prakashan This topical and relevant book discusses the varied aspects of corporate social responsiveness (CSR) in the Indian business world with the advent of globalization. The book provides a clear picture of the present status of CSR in Indian along with implementation issues. The Commanding Heights Hay House, Inc In this collection of essays, edited and with an introduction by Romila Thapar, fourteen of India's foremost scholars and specialists in various fields explore the challenges that lie before twenty-first century India in its quest for a democratic and just society. Globalization and the IT revolution provide a new context to the problems faced by contemporary India. But will globalization ensure rapid economic growth and development in the face of low literacy, rising population, and the gradual withdrawal of the State from social commitments?

Will imitation westernization, and the consumerism that comes with it, further a just society? What are the strains that democracy will be subjected to in the empowerment struggle by marginalized groups, and the growing social and economic disparities that are often accompanied by violence and terrorism? How will India's multiculturalism be affected by the upsurge of various

identities and of exclusionist nationalism? Will the family as an institution be transformed to enhance gender justice? Will new technology ensure the autonomy of the media? Can the mauling of the Indian landscape be halted? before India in the early decades of this millennium. [by Joshua Foer | Summary & Analysis](#) Penguin UK What secrets lurk in a family's past—and how

important are they in the here and now? Sudha Murty's new book comprises two novellas that explore two quests by two different men—both for mothers they never knew they had. Venkatesh, a bank manager, stumbles upon his lookalike one fine day. When he probes further, he discovers his father's hidden past, which includes an abandoned wife and child. Venkatesh is determined to make amends

to his impoverished stepmother—but how can he repay his father's debt? Mukesh, a young man, is shocked to realize after his father's death that he was actually adopted. He sets out to find his biological mother, but the deeper he delves, the more confused he is about where his loyalties should lie: with the mother who gave birth to him, or with the mother who brought him up. The Mother I Never Knew is a poignant, dramatic book that reaches deep into the human heart to reveal what we really feel about those closest to us.

attempt to help you know more about Ratan Tam.

### **Conquering the Chaos**

Harper Collins  
A story of how money corrupts the way people look at one another and how it can almost tear a family apart  
Vinuta marries Girish, a bank clerk, and starts living with his family in Bangalore. She adjusts to her new family well, looking after her husband, father-in-law and mother-in-law  
Gouramma, not taking to

heart her mother-in-law's constant picking. But when Girish's elder brother Chandru, who is in the US, decides to get married, Vinuta has to listen to the constant comparisons made between her and Chandru's wife, the 'Dollar Bahu', whose husband earns the valuable dollars that has brought the family its recent affluence. Vinuta slowly loses her peace of mind and health. Then

Gouramma decides to visit her US-based son and daughter-in-law. Once there, she sees how liberating life can be, away from the strict norms that govern Indian middle-class life. But she also begins to understand that mere dollars cannot buy the love and respect that she gets as her due back in India. Does Gouramma forge a new relationship with Vinuta and can Vinuta forgive and forget the
