Principles of International Financial Law: Bamford, Colin ... Principles Of International Financial Law
 The book examines a number of legal concepts developed in the common law world that form the foundation of the operation of international financial transactions. It does not deal with the detailed rules that govern financial transactions, but rather with the ideas that gave rise to the present rules and which, when those rules change, will underpin the new rules that replace them.
 Principles of International Financial Law
 This book explains the legal principles, rules, concepts, and developments that underpin the practice of financial law in common law countries, and by extension across the world. One of the aims of the book is to explain clearly the basis of the concepts applied by the common law to financial transactions.
