A Companion to the Early Middle Ages John Wiley & Sons
This ground-breaking 5-volume reference is a comprehensive print and electronic resource covering the history of warfare from ancient times to the present day, across the entire globe. Arranged in A-Z format, the Encyclopedia provides an overview of the most important events, people, and terms associated with warfare - from the Punic Wars to the Mongol conquest of China, and the War on Terror; from the Ottoman Sultan, Suleiman 'the Magnificent', to the Soviet Military Commander, Georgi Konstantinovich Zhukov; and from the crossbow to chemical warfare. Individual entries range from 1,000 to 6,000 words with the longer, essay-style contributions giving a detailed analysis of key developments and ideas. Drawing on an experienced and internationally diverse editorial board, the Encyclopedia is the first to offer readers at all levels an extensive reference work based on the best and most recent scholarly research. The online platform further provides interactive cross-referencing links and powerful searching and browsing capabilities within the work and across Wiley-Blackwell's comprehensive online reference collection. Learn more at www.encyclopediaofwar.com. Selected by Choice as a 2013 Outstanding Academic Title Recipient of a 2012 PROSE Award honorable mention

A Companion to World History John Wiley & Sons
This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day. Includes essays by both prominent and emerging scholars from Russia, Great Britain, the US, and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs, through the Yeltsin Era, and future prospects for post-Soviet Russia Offers an extensive review of the medieval period, religion, culture, and the experiences of ordinary people Offers a balanced review of both traditional and cutting-edge topics, demonstrating the range and dynamism of the field

A Companion to the American South John Wiley & Sons

"At the start of the twentieth century throughout much of the United States and Europe, fuelled by the enduring image of the 'new woman', 'femme nouvelle', and 'neuer Frau', there were wide-spread media discussions about women's roles in society and culture - what these roles were and what they should be. The debates took place as more and more women of all classes and nationalities, refusing any longer to accept subservient, domestic positions, were moving into many different areas of public life with increasing confidence, independence, and determination"--

A Companion to Nineteenth-Century Britain John Wiley & Sons
Ekstase und Elend is an intermediate/advanced textbook for German studies courses that presents the cultural history of German-speaking Europe from roughly 1900 to the present. Compiled by a team of scholars of German studies, applied linguistics, and history, it offers the historical, political, and social context necessary for engaging with recent cultural products from German-speaking Europe while cultivating the vital skills for doing so in German. A companion website featuring an annotated interactive timeline, media from a variety of sources, and suggested research projects can be accessed via a link on the Ekstase und Elend webpage on the publisher's website. Features of the book: Inclusive cultural history of German-speaking Europe from ca. 1900 to the present Full-color illustrations of authentic cultural artefacts Chronological organization, with brief timeline for each chapter Glossary, comprehension checks, and vocabulary activities for each chapter subsection Discussion questions for each chapter and useful phrases for facilitating oral production

A Companion to International History 1900 - 2001 John Wiley & Sons
A COMPANION TO GLOBAL HISTORICAL THOUGHT A Companion to Global Historical Thought provides an overview of the development of historical thinking from the earliest times to the present, directly addressing issues of historiography in a globalized context. Questions concerning the global dissemination of historical writing and the relationship between historiography and other ways of representing the past have become important not only in the academic study of history, but also in public arenas in many countries. With contributions from leading international scholars, the book considers the problem of "the

global" - in the multiplicity of traditions of narrating the past; in the global dissemination of modern historical writing; and of "the global" as a concept animating historical imaginations. It explores the different intellectual approaches that have shaped the discipline of history, and the challenges posed by modernity and globalization, while illustrating the shifts in thinking about time and the emergence of historical thought. Complementing A Companion to Western Historical Thought, this book places non-Western perspectives on historiography at the center of discussion, helping scholars and students alike make sense of the discipline at the start of the twenty-first century.

John Wiley & Sons

A Companion to Chinese History presents a collection of essays offering a comprehensive overview of the latest intellectual developments in the study of China's history from the ancient past up until the present day. Covers the major trends in the study of Chinese history from antiquity to the present day Considers the latest scholarship of historians working in China and around the world Explores a variety of long-range questions and themes which serves to bridge the conventional divide between China's traditional and modern eras Addresses China's connections with other nations and regions and enables non-specialists to make comparisons with their own fields Features discussion of traditional topics and chronological approaches as well as newer themes such as Chinese history in relation to sexuality, national identity, and the environment

A Companion to Global Environmental History John Wiley & Sons

A Companion to American Indian History captures the thematic breadth of Native American history over the last forty years. Twenty-five original essays by leading scholars in the field, both American Indian and non-American Indian, bring an exciting modern perspective to Native American histories that were at one time related exclusively by Euro-American settlers. Contains 25 original essays by leading experts in Native American history. Covers the breadth of American Indian history, including contacts with settlers, religion, family, economy, law, education, gender issues, and culture. Surveys and evaluates the best scholarship on every important era and topic. Summarizes current debates

and anticipates future concerns.

The Encyclopedia of War, 5 Volume Set John Wiley & Sons
A Deep Exploration of the Rise, Reign, and Legacy of the Third Reich For its brief existence, National Socialist Germany was one of the most destructive regimes in the history of humankind. Since that time, scholarly debate about its causes has volleyed continuously between the effects of political and military decisions, pathological development, or modernity gone awry. Was terror the defining force of rule, or was popular consent critical to sustaining the movement? Were the German people sympathetic to Nazi ideology, or were they radicalized by social manipulation and powerful propaganda? Was the "Final Solution" the motivation for the Third Reich's rise to power, or simply the outcome? A Companion to Nazi Germany addresses these crucial questions with historical insight from the Nazi Party's emergence in the 1920s through its postwar repercussions. From the theory and context that gave rise to the movement, through its structural, cultural, economic, and social impacts, to the era's lasting legacy, this book offers an in-depth examination of modern history's most infamous reign. Assesses the historiography of Nazism and the prehistory of the regime Provides deep insight into labor, education, research, and home life amidst the Third Reich's ideological imperatives Describes how the Third Reich affected business, the economy, and the culture, including sports, entertainment, and religion Delves into the social militarization in the lead-up to war, and examines the social and historical complexities that allowed genocide to take place Shows how modern-day Germany confronts and deals with its recent history Today's political climate highlights the critical need to understand how radical nationalist movements gain an audience, then followers, then power. While historical analogy can be a faulty basis for analyzing current events, there is no doubt that examining the parallels can lead to some important questions about the present. Exploring key motivations, environments, and cause and effect, this book provides essential perspective as radical nationalist movements have once again reemerged in many parts of the world.

A Companion to Chinese History John Wiley & Sons

A Companion to 20th-Century America is an authoritative survey of the most important topics and themes of twentieth-century American history and historiography. Contains 29 original essays

by leading scholars, each assessing the past and current state of American scholarship Includes thematic essays covering topics such as religion, ethnicity, conservatism, foreign policy, and the media, as well as essays covering major time periods Identifies and discusses the most influential literature in the field, and suggests new avenues of research, as the century has drawn to a close

A Companion to Tudor Britain John Wiley & Sons

An authoritative overview of the developing field of public history reflecting theory and practice around the globe This unique reference guides readers through this relatively new field of historical inquiry, exploring the varieties and forms of public history, its relationship with popular history, and the ways in which the field has evolved internationally over the past thirty years. Comprised of thirty-four essays written by a group of leading international scholars and public history practitioners, the work not only introduces readers to the latest scholarly academic research, but also to the practice and pedagogy of public history. It pays equal attention to the emergence of public history as a distinct field of historical inquiry in North America, the importance of popular history and 'history from below' in Europe and European colonial-settler states, and forms of historical consciousness in non-Western countries and peoples. It also provides a timely guide to the state of the discipline, and offers an innovative and unprecedented engagement with methodological and theoretical problems associated with public history. Generously illustrated throughout, The Companion to Public History's chapters are written from a variety of perspectives by contributors from all continents and from a wide variety of backgrounds, disciplines, and experiences. It is an excellent source for getting readers to think about history in the public realm, and how present day concerns shape the ways in which we engage with and represent the past. Cutting-edge companion volume for a developing area of study Comprises 36 essays by leading authorities on all aspects of public history around the world Reflects different national/regional interpretations of public history Offers some essays in teachable forms: an interview, a roundtable discussion, a document analysis, a photo essay. Covers a full range of public history practice, including museums, archives, memorial sites as well as historical fiction, theatre, re-enactment societies and digital

gaming Discusses the continuing challenges presented by history within our broad, collective memory, including museum controversies, repatriation issues, 'textbook' wars, and commissions for Truth and Reconciliation The Companion is intended for senior undergraduate students and graduate students in the rapidly growing field of public history and will appeal to those teaching public history or who wish to introduce a public history dimension to their courses.

A Companion to American Indian History John Wiley & Sons

This volume brings together a distinguished group of international scholars to discuss the major debates in the study of early twentieth-century Europe. Brings together contributions from a distinguished group of international scholars. Provides an overview of current thinking on the period. A Companion to Nazi Germany John Wiley & Sons

This volume brings together some of the most exciting renaissance scholars to suggest new ways of thinking about the period and to set a new series of agendas for Renaissance scholarship. Overturns the idea that it was a period of European cultural triumph and highlights the negative as well as the positive. Looks at the Renaissance from a world, as opposed to just European, perspective. Views the Renaissance from perspectives other than just the cultural elite. Gender, sex, violence, and cultural history are integrated into the analysis. *A Companion to Contemporary Britain 1939 - 2000* Hackett Publishing

This Companion contains 31 essays by leading international scholars to provide an overview of the key debates on eighteenth-century Europe. Examines the social, intellectual, economic, cultural, and political changes that took place throughout eighteenth-century Europe Focuses on Europe while placing it within its international context Considers not just major western European states, but also the often neglected countries of eastern and northern Europe
