Myth, History, and the Melancholy of Race Routledge

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

An Introduction to Rafael Landívar and the Rusticatio Mexicana Univ of California Press

William C. Morris YA Debut Award Winner! A hilarious YA

contemporary realistic novel about a witty Black French Canadian teen who moves to Austin, Texas, and experiences the joys, clichés, and awkward humiliations of the American high school experience—including falling in love. Perfect for fans of Nicola Yoon, When Dimple Met Rishi, and John Green. Norris Kaplan is clever, cynical, and quite possibly too smart for his own good. A Black French Canadian, he knows from watching American sitcoms that those three things don't bode well when you are moving to Austin, Texas. Plunked into a new high school and sweating a ridiculous amount from the oppressive Texas heat, Norris finds himself cataloging everyone he meets: the Cheerleaders, the Jocks, the Loners, and even the Manic Pixie Dream Girl. Making a ton of friends has never been a priority for him, and this way he can at least amuse himself until it's time to

go back to Canada, where he belongs. Yet against all odds, those labels soon become actual people to Norris...like loner Liam, who makes it his mission to befriend Norris, or Madison the beta cheerleader, who is so nice that it has to be a trap. Not to mention Aarti the Manic Pixie Dream Girl, who might, in fact, be a real love interest in the making. But the night of the prom, Norris screws everything up royally. As he tries to pick up the pieces, he realizes it might be time to stop hiding behind his snarky opinions and start living his life—along with the people who have found their way into his heart.

The Field Guide to the North American Teenager Farrar, Straus and Giroux

This book provides an easy-to-follow roadmap for successfully implementing the Balanced Scorecard methodology in small- and medium-sized companies. Building on the success of the first edition, the Second Edition includes new cases based on the author's experience implementing the balanced scorecard at government and nonprofit agencies. It is a must-read for any organization interested in achieving breakthrough results.

□□□□□□□□ Simon and Schuster

"A lively introduction to the rich and complex tradition of Latin literature from colonial Spanish America, and to its best known author, the poet Rafael Landivar. Rafael Landivar is the best known of all the poets from the Americas to write in Latin. In the 15 books of his *Rusticatio Mexicana* (1782), he described - in vivid epic verse - the lakes, volcanoes, and wildlife of Mexico and his native Guatemala, as well as the livelihoods and recreations of the people of the region. This panorama of nature, culture and production in colonial New Spain took classical didactic poetry

into a new world of political conflict. But Landivar also writes with a strongly personal voice: elegiac and pastoral modes convey the pathos of displacement and the poet's overwhelming nostalgia for his American homeland. Andrew Laird's introduction provides information about Landivar's life and exile to Italy, explains his diverse intellectual heritage, and collects his shorter works (translated into English here for the first time). A 1948 text of the *Rusticatio Mexicana*, with a translation by Graydon W. Regenos, is included in this volume."--Provided by publisher.

Products and Priorities Triumph Books

The classic New York Times bestselling story of heroism and sacrifice--by the author of *Flags of Our Fathers*, *The Imperial Cruise*, and *The China Mirage*. This acclaimed bestseller brilliantly illuminates a hidden piece of World War II history as it tells the harrowing true story of nine American airmen shot down in the Pacific. One of them, George H. W. Bush, was miraculously rescued. What happened to the other eight remained a secret for almost 60 years. After the war, the American and Japanese governments conspired to cover up the shocking truth, and not even the families of the airmen were informed of what happened to their sons. Their fate remained a mystery--until now. *FLYBOYS* is a tale of courage and daring, of war and death, of men and hope. It will make you proud and it will break your heart.

Jefferson Abroad Little, Brown

A masterly treatment of the epic 3 day Gettysburg Campaign. Complete with detailed maps, *Stars in their Courses* brilliantly recreates this great battle of the Civil War.

The Holocaust, a Basketball Legacy, and an Unprecedented American Dream JHU Press

Recounts the role of four of President Reagan's top foreign policy advisors in formulating an ultimately victorious Cold War strategy
Billboard Book View Cafe

A National Book Foundation "5 Under 35" Honoree "An enchanting, sparkling book about the many meanings of sisterhood." —Kristin Iversen, *Refinery29* Claire Luchette's debut, *Agatha of Little Neon*, is a novel about yearning and sisterhood, figuring out how you fit in (or don't), and the unexpected friends who help you find your truest self Agatha has lived every day of the last nine years with her sisters: they work together, laugh together, pray together. Their world is contained within the little house they share. The four of them are devoted to Mother Roberta and to their quiet, purposeful life. But when the parish goes broke, the sisters are forced to move. They land in Woonsocket, a former mill town now dotted with wind turbines. They take over the care of a halfway house, where they live alongside their charges, such as the jawless Tim Gary and the headstrong Lawnmower Jill. Agatha is forced to venture out into the world alone to teach math at a local all-girls high school, where for the first time in years she has to reckon all on her own with what she sees and feels. Who will she be if she isn't with her sisters? These women, the church, have been her home. Or has she just been hiding? Disarming, delightfully deadpan, and full of searching, Claire Luchette's *Agatha of Little Neon* offers a view into the lives of women and the choices they make.

[CMJ New Music Report](#) University of Wisconsin Pres

"Brecht at the Opera is a remarkably compelling and exciting book. It not only explains why Brecht's relationship to opera is so vexed, it complicates the formulaic terms by which we have

come to understand that vexation—extending, deepening, and refining our sense of the place of music in Brecht's projects as well as Brecht's place in the history of opera. It is amazingly thorough, very well written, and exceedingly provocative."—David J. Levin, author of *Unsettling Opera* "Calico strikes a subtle balance between attentive elucidation of Brecht's theories and a less obedient exploration of the ways his achievements were grounded in an operatic tradition that he (and most later commentators) have preferred to dismiss as antiquated and irrelevant. The author offers the clearest account I have read of the concept of Gestus and—in a move that might have pleased Brecht himself quite a bit—takes on the promiscuous use of the label 'Brechtian' in recent criticism. The book's final chapter, a lively and personal meditation on what kinds of staging might really produce an effect of estrangement, is likely to become an energizing point of reference for those of us who write about opera in performance."—Mary Ann Smart, author of *Mimomania: Music and Gesture in Nineteenth-Century Opera* "In this first systematic, English-language study on Brecht and the opera, Joy Calico provides a carefully documented reconstruction of his lifelong engagement with the genre. The book provides a compelling argument that Brecht's modernist theater practices can be traced back to his early resistance to the emotionalized experience engendered by musical theater."—Marc Silberman, University of Wisconsin, Madison

A Guide to Helping Young People Make Plays That Change the World ABC-CLIO

Wisconsin's thousands of effigy mounds and other ancient earthworks are a treasure of world civilization. This popular

introduction for general readers, updated throughout with new archaeological findings and satellite imagery, answers the questions, Who built the mounds? When and why were they built? Where can they be viewed?

Alabama-Iowa John Wiley & Sons

In this hugely appealing book, a finalist for the Pulitzer Prize, acclaimed author and journalist Daniel Okrent weaves together themes of money, politics, art, architecture, business, and society to tell the story of the majestic suite of buildings that came to dominate the heart of midtown Manhattan and with it, for a time, the heart of the world. At the center of Okrent's riveting story are four remarkable individuals: tycoon John D. Rockefeller, his ambitious son Nelson Rockefeller, real estate genius John R. Todd, and visionary skyscraper architect Raymond Hood. In the tradition of David McCullough's *The Great Bridge*, Ron Chernow's *Titan*, and Robert Caro's *The Power Broker*, *Great Fortune* is a stunning tribute to an American landmark that captures the heart and spirit of New York at its apotheosis.

By the Grace of the Game Univ of Wisconsin Press

Evaluation is essential to library management: it provides the data that underlies informed and effective decision-making. This book is a one-volume, how-to guide to library evaluation techniques, planning, and reporting. • Provides specific directions for writing surveys, conducting interviews, and performing a wide range of evaluation techniques, accompanied by examples to follow • Covers the evaluation of library's electronic and physical collections, face-to-face and virtual service, and facilities • Supplies a framework and specific tools for proving your library's value and improving how it operates • Lays out a clear

methodology for quantifying and demonstrating progress towards an objective: measure, analyze, and report

Game Wizards A&C Black

The story of the arcane table-top game that became a pop culture phenomenon and the long-running legal battle waged by its cocreators. When *Dungeons & Dragons* was first released to a small hobby community, it hardly seemed destined for mainstream success--and yet this arcane tabletop role-playing game became an unlikely pop culture phenomenon. In *Game Wizards*, Jon Peterson chronicles the rise of *Dungeons & Dragons* from hobbyist pastime to mass market sensation, from the initial collaboration to the later feud of its creators, Gary Gygax and Dave Arneson. As the game's fiftieth anniversary approaches, Peterson--a noted authority on role-playing games--explains how *D&D* and its creators navigated their successes, setbacks, and controversies. Peterson describes Gygax and Arneson's first meeting and their work toward the 1974 release of the game; the founding of TSR and its growth as a company; and Arneson's acrimonious departure and subsequent challenges to TSR. He recounts the "Satanic Panic" accusations that *D&D* was sacrilegious and dangerous, and how they made the game famous. And he chronicles TSR's reckless expansion and near-fatal corporate infighting, which culminated with the company in debt and overextended and the end of Gygax's losing battle to retain control over TSR and *D&D*. With *Game Wizards*, Peterson restores historical particulars long obscured by competing narratives spun by the one-time partners. That record amply demonstrates how the turbulent experience of creating something as momentous as *Dungeons & Dragons* can make

people remember things a bit differently from the way they actually happened.

Settlement to Reconstruction UM Libraries

From 17th-century French coureurs de bois to lumberjacks of the 19th century, Wisconsin's frontier era saw thousands arriving from Europe and other areas seeking wealth and opportunity. Indians mixed with these newcomers, sometimes helping and sometimes challenging them, often benefiting from their guns and other trade items. This captivating history reveals the conflicts, the defeats, the victories, and the way the future looked to Wisconsin's peoples at the beginning of the 20th century.

The Bicentennial of the United States of America Houghton Mifflin Harcourt

We are just beginning to understand the power of local history to enhance our understanding of ourselves, our cities, and our culture. It is, after all, that stratum of history that touches our lives most closely. Madison answers the basic questions of when, where, why, how, and by whom Madison, Wisconsin was developed. The book is richly detailed, fully documented, inclusive in coverage, and delightfully readable. More than 300 illustrations provide a vivid feeling for what life was like in Madison during the formative years. David Mollenhoff's unique interpretive framework emphasizing public policies and community values, gives the book a consistent interpretive quality and reveals major themes that flow through time. This combination will allow you to see the city's growth and development with unusual clarity and coherence—almost as if you were watching time-lapse photography. When Mollenhoff began to study Madison's history, he was delighted by his early

discoveries but frustrated because no one had written a book-length history of Madison since 1876. Finally, in 1972 he decided to write that book. His research required him to read five miles of microfilm, piles of theses and dissertations, shelves of reports, boxes of manuscripts and letters, and to study thousands of photographs. Soon after the first edition was published in 1982, readers declared it to be a classic. For this second edition Madison has been extensively revised and updated with new maps and photos. If you want to know the fascinating story of how Madison got to be the way it is, this book belongs on your bookshelf. It will change the way you see the city and your role in it.

The Dramatic, Behind-the-scenes Saga of the Reagan Era and the Men and Women who Won the Cold War Hachette UK

A comprehensive study of the importance of oral tradition of various ancient societies to the work and research of students and scholars of history, anthropology, folklore, and ethno-history.

Pakistan, the United States, and an Epic History of Misunderstanding HarperCollins

History is a love story: a tale of desire and jealousy, abandonment and fidelity, abduction and theft, rupture and reconciliation. This contention is central to Grafting Helen, Matthew Gumpert's original and dazzling meditation on Helen of Troy as a crucial anchor for much of Western thought and literature. Grafting Helen looks at "classicism"—the privileged rhetorical language for describing cultural origins in the West—as a protracted form of cultural embezzlement. No coin in the realm has been more valuable, more circulated, more coveted, or more counterfeited than the one that bears the face of Helen of Troy.

Gumpert uncovers Helen as the emblem for the past as something to be stolen, appropriated, imitated, extorted, and coveted once again. Tracing the figure of Helen from its classical origins through the Middle Ages, the French Renaissance, and the modern era, Gumpert suggests that the relation of current Western culture to the past is not like the act of coveting; it is the act of coveting, he argues, for it relies on the same strategies, the same defenses, the same denials, and the same delusions. *Madison, a History of the Formative Years* Wisconsin Studies in Classics

The relationship between America and Pakistan is based on mutual incomprehension and always has been. Pakistan—to American eyes—has gone from being a quirky irrelevance, to a stabilizing friend, to an essential military ally, to a seedbed of terror. America—to Pakistani eyes—has been a guarantee of security, a coldly distant scold, an enthusiastic military enabler, and is now a threat to national security and a source of humiliation. The countries are not merely at odds. Each believes it can play the other—with sometimes absurd, sometimes tragic, results. The conventional narrative about the war in Afghanistan, for instance, has revolved around the Soviet invasion in 1979. But President Jimmy Carter signed the first authorization to help the Pakistani-backed mujahedeen covertly on July 3—almost six months before the Soviets invaded. Americans were told, and like to believe, that what followed was Charlie Wilson's war of Afghani liberation, with which they remain embroiled to this day. It was not. It was General Zia-ul-Haq's vicious regional power play. Husain Haqqani has a unique insight into Pakistan, his homeland, and America, where he was ambassador and is now a professor

at Boston University. His life has mapped the relationship of the two countries and he has found himself often close to the heart of it, sometimes in very confrontational circumstances, and this has allowed him to write the story of a misbegotten diplomatic love affair, here memorably laid bare.

The Covered Wagon Mainline Via Fort Kearny to Fort Laramie MIT Press

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States (1789-1824)*, the *Register of Debates in Congress (1824-1837)*, and the *Congressional Globe (1833-1873)*

[Orozco's American Epic](#) What Kind of Nation Thomas Jefferson, John Marshall, and the Epic Struggle to Create a United States A re-creation of the battle between a President and a Chief Justice reveals how John Marshall's view that a strong federal government and an independent judiciary provide the best protection for the Constitution and the people still exists today. *The Epic of America* An Introduction to Rafael Landívar and the *Rusticatio Mexicana* A lively introduction to the rich and complex tradition of Latin literature from colonial Spanish America, and to its best known author, the poet Rafael Landivar. Rafael Landivar is the best known of all the poets from the Americas to write in Latin. In the 15 books of his *Rusticatio Mexicana (1782)*, he described - in vivid epic verse - the lakes, volcanoes, and wildlife of Mexico and his native Guatemala, as well as the livelihoods and recreations of the people of the

region. This panorama of nature, culture and production in colonial New Spain took classical didactic poetry into a new world of political conflict. But Landivar also writes with a strongly personal voice: elegiac and pastoral modes convey the pathos of displacement and the poet's overwhelming nostalgia for his American homeland.
