*Sermon Outlines on the Holy Spirit* Kregel Ministry  
In the history of the Western World, the Bible has been a perpetual source of inspiration and guidance for countless Christians. However, this Bible has also left a trail of pain. It is undeniable that the Bible is not always used for good. Sometimes the Bible can seem overtly evil. Sometimes its texts are terrible. Bishop John Shelby Spong boldly approaches those texts that have been used through history to justify the denigration or persecution of others while carrying with them the implied and imposed authority of the claim that they were the "Word of God." As he exposes and challenges what he calls the "terrible texts of the Bible", laying bare the evil done by these texts in the name of God, he also seeks to redeem these texts, hoping to recover their ultimate depth and purpose. Spong looks specifically at texts used to justify homophobia, anti-Semitism, treating women as second-class humans, corporal punishment, and environmental degradation, but he also delivers a new picture of how Christians can use the Bible today. As Spong battles against the way the Bible has been used throughout history, he provides a new framework, introducing people to a proper way to engage this holy book of the Judeo-Christian tradition.

[Exposing the Bible's Texts of Hate to Reveal the God of Love](#) Kregel Academic & Professional  
The Latter Prophets--Isaiah, Jeremiah, Ezekiel, and the Book of the Twelve--comprise a fascinating collection of prophetic oracles, narratives, and vision reports from ancient Israel and Judah. Spanning centuries and showing evidence of compositional growth and editorial elaboration over time, these prophetic books offer an unparalleled view into the cultural norms, theological convictions, and political disputes of Israelite communities caught in the maelstrom of militarized conflicts with the empires of ancient Egypt, Babylonia, and Persia. Instructive for scholar and student alike, *The Oxford Handbook of the Prophets* features wide-ranging discussion of ancient Near Eastern social and cultic contexts; exploration of focused topics such as the persona of the

prophet and the problem of violence in prophetic rhetoric; sophisticated historical and literary analysis of key prophetic texts; issues in reception history, from these texts' earliest reinterpretations at Qumran to Christian appropriations in contemporary homiletics; feminist, materialist, and postcolonial readings engaging the insights of influential contemporary theorists; and more. The diversity of interpretive approaches, clarity of presentation, and breadth of expertise represented here will make this Handbook indispensable for research and teaching on the Latter Prophets.

*Prophetic Preaching* Kregel Ministry  
The first book in Hendrickson's new Preachers Toolbox series brings together a who's who group of today's most influential pastors, who share their understanding of prophetic preaching as well as their skills. The book is divided into two sections, *The Calling of Prophetic Preaching* and *The Craft of Prophetic Preaching*, which deliver clear themes and practical takeaways on the art of preaching prophetically. Speaking with grace and authority, preachers such as Francis Chan, Mark Buchanan, John Ortberg, Mark Driscoll, Timothy Keller, and Anne Graham Lotz offer Biblical and personal messages on prophetic preaching.
