Sacha Winters can't die. Until his eighteenth birthday he is invincible. On that day it all ends for Sacha - the result of a curse that has plagued his family for centuries. His death will fulfil the curse - and unleash a wave of destruction. He has no idea how to stop it, only the cryptic notes left behind by his father, and a strange connection with a girl he has only just met to guide him. Taylor Montclair is a quiet, studious girl focused on her dream of getting into Oxford University. She's also the only one who can save Sacha. Only neither of them knows that yet. And Sacha lives hundreds of miles away, in Paris. Taylor and Sacha have eight weeks to find each other. To unravel the secrets buried in their families' past. And to discover the power that lies within them. Sacha's life, and the fate of the world depends on it. The clock starts NOW. What readers are saying about *The Secret Fire*... 'Pure awesome... There were moments when I laughed, moments where I gasped in surprise, and moments where I knew I could not read fast enough because I had to know what was going to happen next... My only complaint? That it ended and now I need to wait. I must know what happens next. I must!!!!' Series Tracker 'Are you ready for a grip the edge of your seat-repeating mantra of OMG as you turn the pages eagerly? Looking for something with intensity but also something that leaves you begging for more??? Looking for a new fav??? YES. This book is all of what you need and so much more! Go Into This One Knowing. Best. Book. Ever.' Crossroad Reviews 'This was incredible!... such a slow burn romance but the build-up had

my heart beating out of my chest, the angst and suspense was killing me...

This book was perfectly paced and the lack of info-dumping, love triangles and insta-love made for a perfect start to a new series. Switching from POV's from England and Paris and following the characters as they go from across countries was a great concept. With the addition of magic, action and adventure this book could really do no wrong in my eyes. There isn't a cliffhanger ending just the promise of lots more to come in the next installment which I'm now anxiously awaiting. I highly recommend this to fellow fantasy lovers who are looking for a brand new world to immerse themselves in, with great characters, a promising romance and a thrilling journey ahead.' Literary-ly Obsessed 'I love this book! It was really great! I've always loved books that include Alchemy as its major fantasy core, I just think that it's such a fascinating 'science'! ... I read the first chapter, and I was completely swept into this amazing world! ... can't wait until the second book comes out, and to continue exploring this amazing story! Just Another Bookish Blog 'thrilling and exciting all at the same time... an excellent paranormal fantasy... such amazing story telling' Books at Dawn *Cuando el amor duele* Greenwood Publishing Group

I Don't Want to Kill You is the third darkly comic novel in the John Wayne Carver series by Dan Wells, the first of which - *I Am Not a Serial Killer* - is now a major motion picture. Sixteen-year-old John Wayne Cleaver has always known he's different, but not because he only has one friend (and doesn't much like him) and not because he regularly helps out in his mother's mortuary. He's different because he recognizes the classic signs of an incipient serial killer in his own

personality, and he's created a rigid set of rules to follow to keep his darker nature, the one he calls Mr Monster in check. But John discovers it's the personality traits he so fears that put him in the best position to save the people of his town from a series of horrific and disturbing killers...

After he escapes from the dungeon, Thor is horrified to learn of another assassination attempt on King MacGil. When MacGil dies, the kingdom is set into turmoil. As everyone vies for the throne, King's Court is more rife than ever with its family dramas, power struggles, ambitions, jealousy, violence and betrayal. An heir must be chosen from among the children, and the ancient Dynasty Sword, the source of all their power, will have a chance to be wielded by someone new. But all this might be upended: the murder weapon is recovered, and the noose tightens on finding the assassin. Simultaneously, the MacGils face a new threat by the McClouds, who are set to attack again from within the Ring. Thor fights to win back Gwendolyn's love, but there may not be time: he is told to pack up, to prepare with his brothers in arms for The Hundred, a hundred grueling days of hell that all Legion members must survive. The Legion will have to cross the Canyon, beyond the protection of the Ring, into the Wilds, and set sail across the Tartuvian Sea for the Isle of Mist, said to be patrolled by a dragon, for their initiation into manhood. Will they make it back? Will the Ring survive in their absence? And will Thor finally learn the secret of his destiny? With its sophisticated world-building and characterization, *A MARCH OF KINGS* is an epic tale of friends and lovers, of

rivals and suitors, of knights and dragons, of intrigues and political machinations, of coming of age, of broken hearts, of deception, ambition and betrayal. It is a tale of honor and courage, of fate and destiny, of sorcery. It is a fantasy that brings us into a world we will never forget, and which will appeal to all ages and genders. It is 60,000 words. Book #3 in the series will be published soon.

 Appearing here in English translation for the first time, General Escobar's War won Spain's prestigious Planeta Prize for fiction. The historical novel takes the form of an imagined diary by General Antonio Escobar, the highest-ranking officer of the Republican Army remaining in Spain at the end of the Spanish Civil War, while he awaited trial and execution. Besides being a vivid reminder of how destructive political passions can be, General Escobar's War is also a profoundly intimate portrait of an inspiring man. By his decisive action on July 19, 1936, Escobar, then a Civil Guard colonel and a man of profound religious conviction, succeeded in thwarting the military uprising in Barcelona. Although his father was a hero of the Spanish-American War in Cuba, his daughter was a nun, and one of his sons was a Falangist fighter, Escobar freely chose to defend the Republic in accordance with his oath to support the legally constituted government. The author gives a rare perspective of the Spanish Civil War, free of partisanship and ideology, through a soldier who, in Spain's great historic schism, chose to take a deeply uncomfortable stance because he believed his duty called him to do so.

Las drogas están por todos lados. Cada vez hay más variedad y presentaciones; también los vendedores son más creativos para enganchar a los jóvenes. Este libro es una fuente de información indispensable. El lector se "beberá" sus páginas con avidez. De principio a fin quedará atrapado con la historia de los personajes e impactado por los efectos que causan drogas actuales como GHB, rohipnol, éxtasis, PCP, efedrina, ketamina, crack, LSD, cannabis y muchas otras, incluyendo el alcohol. LA DROGA es el principal enemigo social, pero lo es más la ignorancia y la creencia de que lo sabemos todo al respecto. Ha llegado el momento de informarnos, de entender que estamos en guerra y no podemos darnos el lujo

de descuidarnos. Seguramente nunca antes has tenido en las manos un libro sobre las drogas tan interesante y útil como éste. Aprovéchalo y compártelo. *Cuando El Amor Duele/ When Love Hurts* Revell

-Aaron Starmer skillfully welds sharp humor, deep loss, and roaring escapades. Truly the smartest and funniest book about spontaneous combustion you will ever read.---John Green, #1 bestselling author of *The Fault In Our Stars* With all the perfectly lovely young adult novels out there, you decided to check this one out? It's got spontaneously combusting teenagers in it, dude. Not the slow burning type either. We're talking the randomly exploding variety. Seniors in high school just walking along, heading to class, whistling Beyonce, when--WA-BAM -- they're suddenly dripping off the lockers. Is that really something you're into? Confession: I'm actually kinda into that too. So, now that we've established we're both thoroughly weird and, I assume, thoroughly open-minded, we can give it shot, right? Let's at least read the opening chapters of this bad-boy and see if it features some of the more intriguing elements such as . . . - Exploding teenagers (obviously). - Hallucinogenic mushrooms. - Pyromaniacal boyfriends. - Triplet toddlers in powder blue suits. - Amur leopards and doomsday preppers. - A foul-mouthed female POTUS. - Ashtanga yoga. - -Youtube sensations. - Self-driving Priuses. - Rogue FBI agents. - Mad scientists. - Homecoming. - Spring break. - Prom. - And . . . Jennifer Lawrence. Notice how I put Jennifer Lawrence last. She's in the book, so it's not cheating. And hey, if it takes America's most beloved movie star to sell this thing, then that's what it takes.

So, in closing: Jennifer Lawrence. -Wildly inventive.---Entertainment Weekly -Must List- -A comically surreal novel that will blow your mind.---People Magazine

A funny and wise guide and workbook for conquering fears, from the existential to the everyday, and defeating the monster those fears can become: anxiety This is a book about fear. About how it works, how it takes hold over us, and how it dogs us from childhood (the monsters under the bed) to adulthood (careers, relationships, accidentally sending that risky text to the wrong person--all the things that make us want to bite our nails). But this is also a book about that monster our fear can warp into when it grows too powerful, a phenomenon we are all too familiar with and that more and more of us are struggling against: anxiety. Author and illustrator Amalia Andrade had her own battle with anxiety, and not only did she make it out the other side, she learned sometimes it's the very thing that almost sinks you that can save you. Through the lessons, exercises, and often hilarious personal stories Amalia shares in these pages, together you will learn how to make those feelings your friends and turn your fears into superpowers. Offers the first comprehensive survey of Mexican existentialism to appear in English. This book examines the emergence of existentialism in Mexico in the 1940s and the quest for a genuine Mexican philosophy that followed it. It focuses on the pivotal moments and key figures of the Hyperion group, including Emilio Uranga, Luis Villoro, Leopoldo Zea, and Jorge Portilla, who explored questions of interpretation, marginality, identity, and the role of philosophy. Carlos Alberto Sánchez was the first to introduce and emphasize the philosophical significance of the Hyperion group to readers of English in *The Suspension of Seriousness*, and in the present volume he examines its legacy and relevancy for the twenty-first century. Sánchez argues that there are lessons to be learned from Hyperion's project not only for Latino/a life in the United States but also for the lives of those on the fringes of contemporary, postmodern or postcolonial, economic, political, and cultural power.

Ojos de Mi Princesa 3, Los. Sheccid, Cuando El Amor Duele Hay House, Inc For Macallan and Levi, it was friends at first sight. Everyone says guys and girls can't be just friends, but these two are. They hang out after school, share tons of inside jokes, their families are super close, and Levi even starts dating one of Macallan's friends. They are platonic and happy that way. Eventually they realize they're best friends -- which wouldn't be so bad if they didn't keep getting in each other's way. Guys won't ask Macallan out because they think she's with Levi, and Levi spends too much time joking around with Macallan, and maybe not enough time with his date. They can't help but wonder . . . are they more than friends or are they better off without making it even more complicated? From romantic comedy superstar Elizabeth Eulberg comes a fresh, fun examination of a question for the ages: Can guys and girls ever really be just friends? Or are they always one fight away from not speaking again -- and one kiss away from true love?
