English Grammar Chanda Books
 English enjoys the status of the World Language. No other language has ever scaled this height. It is the language that encompasses everything in the world. It is used and cherished by millions whose mother tongue is not English. Spoken English, as a natural corollary to that, has become an important tool in our hands today. Without mastery over it, the gateway to success will remain a distant dream in today's globalised market. Command on any language depends primarily on command on its grammar. Grammar is a repository of rules, governing how words are put together into sentences. These rules govern most constructions in a given language. Grammar is the science of correct use of language. It is concerned only with correct speaking and writing. Fundamentals of Grammar need to be fully comprehended to acquire skills of quality English. Aim of this book is a practical one: an aid to good English, to take you places on the wings of English. The book is designed to meet the requirements of students completing their schooling and entering colleges or job market, or preparing for various competitions.

Best English Speaking Course in Hindi Arihant Publications India limited

A three-level English Course book for teenage and young adult learners. 'English for Everyone' covers all the things taught at A1 to C1 (CEF) level. This book is designed to enable its readers to become skilled at Spoken English. Whenever we talk about learning English, we start talking about tenses, grammar and vocabulary. Memorize tenses, master grammar and mug up some commonly used words and you will master English. But despite learning tenses, grammar and vocabulary, people are unable to converse in English effectively. Why? Because this is not the right method to learn English. Let me ask you something. If you are an Indian, you can probably speak Hindi well. Have you ever learnt Hindi tenses? Have you ever learnt Hindi grammar rules or Hindi word meanings? I believe that your answer is 'No' with a capital 'N'. Then how do you speak Hindi or your mother tongue fluently? Think hard. Nobody talks about learning tenses or grammar when it comes to speaking Hindi proficiently. But everyone talks about learning tenses, understanding grammar and strengthening vocabulary when it comes to speaking English fluently. English or any language, for that matter, is learnt by using it in practice. Let me ask you how any child learns his mother tongue. How an Englishman's baby learns English and an Indian's child learns Hindi. When a child is born, the environment around him teaches the language. He hears the language in the background and that serves as a kind of practice for him. Listening to the language repeatedly enables the child to start understanding it. He tries speaking and becomes fluent in the language in a few months. We will apply a similar method to learn English in this course. The lessons in this book will help you to practice the English language in everyday situations. We will not focus on theory. We will focus on practice. We understand that there are many people out there who know the theories of grammar but are very poor at spoken English. This is because knowing concepts is not equal to applying concepts. In this course, every lesson will help you to apply and not simply know concepts. This is how language is learnt. This is how you will learn English too. All the best!

English Lessons Now! Complete English For Beginners Lesson 21 - 30 Hindi Edition Teacher King's Books

The book that inspired the major new motion picture *Mandela: Long Walk to Freedom*. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's anti-apartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. *LONG WALK TO FREEDOM* is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

Mieko and the Fifth Treasure McGraw-Hill

This is a comprehensive grammar of Modern Standard Hindi, the primary language spoken by more than 420 million people in India. Because each grammatical topic is thoroughly illustrated with basic examples and more complex ones from modern Hindi short stories, it can be used as a reference and supplementary grammar to any textbook from beginning to advanced levels. Its approach is efficient and effective and will be appreciated by

students learning written and spoken Hindi in the classroom or independently, as well as by those wanting to read literary Hindi or teach it as a second language at the college level. Its appealing examples will enhance even heritage learners' cultural knowledge of Hindi literature. Essential Hindi Grammar will draw in students who are new to language learning. Grammatical concepts are introduced and fully explained; basic grammatical terminology is presented in plain language but without over-simplifying material for more advanced learners. Numerous user-friendly tables accompany grammatical explanations. One of the benefits of the volume is its extensive coverage of abstract structures of the modern standard language. Drawing examples from Hindi literature, it combines the study of language with that of literature and literary culture—a rare approach to language acquisition. Scientific transliteration is provided consistently throughout the book, wherever Hindi in Devanagari is given. Essential Hindi Grammar is a solid addition to existing Hindi pedagogical materials and will assist those engaged in the acquisition of the language throughout the Anglophone world.

Cromosys Publication's English Speaking and Grammar book is an optimal quality guide to the beginners as well as advanced learners to gain the knowledge of English language. It is an unmatched unique book of its kind that guarantees your improvement. The lessons and study materials uniquely designed are based on my fifteen years of research in linguistic field. The text, audio and video are magnificently powerful to bring you into linguistic light. Since English is accepted as a global language, the people around the world have been sharpening their knowledge to be good in it. Sometimes, only working knowledge of it doesn't work, and you feel that there is a lot more to explore. The accurate and profound knowledge of this language, which was considered to be existing only in England and America in past, has influenced zillions of mind today, therefore I conceived the idea of making this book a guideline for those who want to be perfect in it. The significance of this book is that it is dynamic, systemic and blissful with abundance of pure and perfect set of rules that took a decade of time in preparation. One alone, being immaturely suggested, spend ages in reading literature, watching movies and listening to the audio which help them to imitate a little but not learn what in actual sense it is, and their never-ending process of Picasso Adventure collects some scattered information which is unworthy to knowledge enhancement, so the aspirants get lost in wilderness. Whether your intention is to travel abroad or plunge deep into your research, you have to be good in English to survive in today's world. Around eight years ago I went to the USA where I got a chance to get an exclusive training of English. I have been communicating with English-speaking people around the world while managing a team in several call centers, and in part time, I have been teaching this language globally with high exposure. So being able to understand linguistic science, I would like to assure you that the knowledge that you are going to get from this book will definitely sharpen your ability so that you can make your way of success without any hindrance.
