"A compelling  
manifesto by the  
bestselling author of"  
Heaven "Why Pro-  
Life?" offers factual  
answers to the central  
issues of the abortion  
debate in a concise,  
non-abrasive way.  
Infused with grace and  
compassion, and

grounded in medical science and psychological studies, Randy Alcorn presents a solid case for defending both unborn children and their mothers. Chapters such as, "What Makes a Human Life 'Meaningful,'" "Is Abortion Really a Women's Rights Issue," and "How Can I Help Unborn Babies and Their Mothers" help readers to look at the many sides of this polarizing issue. For those on the fence in the midst of the abortion debate, this book will be a great resource as it clearly and thoroughly examines the pro-life position. For those who are pro-life already, this book is an encouragement to be intelligently and graciously informed.

Based on the real history of Carnton, an antebellum home that served as a Confederate hospital, *Colors of Truth* follows the journey of an Irish immigrant arriving in a country where her kind isn't wanted, and of a former Federal soldier returning to the scene of a battle that almost destroyed him. In 1866 Catriona O'Toole arrives in the town of Franklin, Tennessee, searching for her younger brother, Ryan, who, according to his last letter, was headed for Franklin only days before the catastrophic Battle of Franklin. Ryan's last note contained a stack of cash—enough money to bring his entire family across the

ocean from Ireland. But after disease and illness tear through County Antrim and the O'Toole family, only Catriona and her seven-year old sister Nora are left to make the journey. Wade Cunningham, one of ten operatives in the newly formed United States Secret Service Agency, is on the hunt for counterfeiters. A tip leads him to Franklin and to Carnton, the home of wealthy Tennessean John McGavock. The recent murder of a fellow agent mandates that Wade keep his true identity hidden, as well as his past service in the Federal Army. But when he receives a note bearing only the name of the deceased agent, he realizes someone in town already knows who he

really is. As evidence in the case mounts, it eventually points to Catriona, but Wade is slow to want to believe it. Because his heart is swiftly becoming hers. However, Catriona's sole focus is to find her brother and to provide a home and safety for her sister. In doing that, she somehow finds herself part of a burial committee for the over two thousand Confederate soldiers who were hastily buried in a field following the Battle of Franklin—and her deepest fear is that Ryan's body is among those shallow graves. From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of

Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the

battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers

who never went to war." Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

 Yuval Noah Harari,  
 author of the critically-  
 acclaimed New York  
 Times bestseller and  
 international  
 phenomenon *Sapiens*,  
 returns with an equally  
 original, compelling,  
 and provocative book,  
 turning his focus  
 toward humanity's  
 future, and our quest  
 to upgrade humans  
 into gods. Over the  
 past century

humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from binging at McDonalds

than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? Homo Deus explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is Homo Deus. With the same insight and clarity that made Sapiens an international hit and a

New York Times bestseller, Harari maps out our future.

As mass

communication is a major topic of interest in American colleges, there is also a growing interest in comparative mass media in other countries. This book is designed to put current practices in the United States in comparative perspective and thus shed new light on American media practices. It is designed as a resource for the growing number of courses dealing with international media, and a recommended

supplement for basic mass communications courses that provide a global perspective.

Shortlisted for the Independent Foreign Fiction Prize 2013. In September 1943, Nazi troops advance on the ancient gates of Gjirokastr, Albania. The very next day, the Germans vanish without a trace. As the townsfolk wonder if they might have dreamt the events of the previous night, rumours circulate of a childhood friendship between a local dignitary and the invading Nazi Colonel,

a reunion in the town square and a fateful dinner party that would transform twentieth-century Europe. A captivating novel of resistance in a dictatorship, and steeped in Albanian folklore, *The Fall of the Stone City* shows Kadare at the height of his powers.

This package includes the Enhanced Pearson eText with MyEducationLab and the loose-leaf version The Fourth Edition of Marilyn Friend's *Special Education: Contemporary Perspectives for School Professionals* gives the most authentic, current, research-based introductory account on the field of special education to date. Advocating real teachers, real families and students, real classrooms, and real research, this comprehensive resource emphasizes contemporary concepts

and evidence-based practices that prepare teachers and other education professionals for their evolving roles in education and the well-being of students with disabilities. Combining current research with practical information, the text offers structure and predictability for novices to the field of special education and for educators working in this challenging age of high standards and accountability. Thoroughly revised and updated and throughout to provide a multi-dimensional view of the field, with a mix of key concepts and immediately applicable information, the new edition emphasizes: the specific disability areas, the historical background and

characteristics of special education students, prevalence data, assessment, service delivery, research-based instructional practices, parent perspectives, issues related to the disability area, curriculum access, inclusive practices, professional collaboration, student diversity, RTI, technological advancements, and now the text is written to reach a broader range of professionals working in the field. Because special education is made up of real children and real professionals, the author helps to put a “face” on the field to enliven and authenticate the information for novices. Each chapter features stories of

individuals with disabilities, from the parents of children with disabilities, and from professionals who work in the field. Readers of this truly exceptional resource will come away with the best understanding of the expectations for educators and students, and learn how critical concepts translate into educational practices. A Comparative View

Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the

mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but

the original version full of harrowing adventures faced by Pinnocchio. It includes 40 illustrations.
