It is 1600 and Dutch merchants are welcomed to the Banda islands. But, in the space of three years, Bandanese society changes as its people succumb to the temptations of Western materialism--a process that leads inevitably to social dissension and, finally, to rebellion. Written during the dying days of the Netherlands East Indies, Tambera is Utuy Tatang Sontani's most seminal work. In looking back to the beginnings of colonialism in the Indies, Sontani anticipates many of the philosophical and moral challenges that still confronted the nascent republic of Indonesia, three hundred and fifty years later.

The Dutch people are some of the happiest in the world. Their secret? They are masters of *niksen*, or the art of doing nothing. *Niksen* is not a form of meditation, nor is it a state of laziness or boredom. It's not scrolling through social media, or wondering what you're going to cook for dinner. Rather, to *niks* is to make a conscious choice to sit back, let go, and do nothing at all. With this book, learn how to do nothing in the most important areas of your life, such as: **AT HOME:** Find a comfy nook and sit. No technology or other distractions. **AT WORK:** Stare at your computer. Take in the view from your office. Close your eyes. **IN PUBLIC:** Forget waiting for the bus, enjoy some relaxing *niksen* time. Backed with advice from the world's leading experts on happiness and productivity, this book examines the underlying science behind *niksen* and how doing less can often yield so much more. Perfect for anyone who feels overwhelmed, burnt out, or exhausted, *NIKSEN* does not tell you to work harder. Instead, it shows you how to take a

break from all the busyness while giving you sincere, heartfelt permission to do nothing.

The extraordinary life of the man who founded Islam, and the world he inhabited—and remade. Lesley Hazleton's new book, *Agnostic: A Spirited Manifesto*, is out now from Riverhead Books. Muhammad's was a life of almost unparalleled historical importance; yet for all the iconic power of his name, the intensely dramatic story of the prophet of Islam is not well known. In *The First Muslim*, Lesley Hazleton brings him vibrantly to life. Drawing on early eyewitness sources and on history, politics, religion, and psychology, she renders him as a man in full, in all his complexity and vitality. Hazleton's account follows the arc of Muhammad's rise from powerlessness to power, from anonymity to renown, from insignificance to lasting significance. How did a child shunted to the margins end up revolutionizing his world? How did a merchant come to challenge the established order with a new vision of social justice? How did the pariah hounded out of Mecca turn exile into a new and victorious beginning? How did the outsider become the ultimate insider? Impeccably researched and thrillingly readable, Hazleton's narrative creates vivid insight into a man navigating between idealism and pragmatism, faith and politics, nonviolence and violence, rejection and acclaim. *The First Muslim* illuminates not only an immensely significant figure but his lastingly relevant legacy.

Tuhanku Kususun 99-ku agar sampai pada 0 dan kulahirkan kembali 1-ku sampai 99-ku yang baru. Tuhanku Kususun 99 napasku untuk meniru-Mu mendekati watak-Mu dan menjadi hati-Mu. Ini "hanya" suatu sembahyang, tak lebih dan tak kurang. Sepenuh-penuhnya kutumpahkan kepada Allah Swt., langsung kepada-Nya maupun melewati engkau dan semua saudara kiita. Suatu sembahyang sederhana; usaha untuk merebut diriku sendiri dari tengah cengkeraman kehidupan, kebudayaan, peradaban, politik, ekonomi, persaingan kalah-menang serta berbagai macam kecenderungan yang kulihat makin

kurang memberikan dan mengarahkan dirinya kepada Allah. [Mizan, Bentang Pustaka, Emha, Cak Nun, Islam, Indonesia] Spesial Bentang Emha *Contrasting Images and Interpretations* Simon and Schuster

While Muslims in Indonesia have begun to turn towards a strict adherence to Islam, the reality of the socio-religious environment is much more complicated than a simple shift towards fundamentalism. In this volume, contributors explore the multifaceted role of Islam in Indonesia from a variety of different perspectives, drawing on carefully compiled case studies. Topics covered include religious education, the increasing number of Muslim feminists in Indonesia, the role of Indonesia in the greater Muslim world, social activism and the middle class, and the interaction between Muslim radio and religious identity.

"[Czerski's] quest to enhance humanity's everyday scientific literacy is timely and imperative."—*Science Storm* in a Teacup

is Helen Czerski's lively, entertaining, and richly informed introduction to the world of physics. Czerski provides the tools to alter the way we see everything around us by linking ordinary objects and occurrences, like popcorn popping, coffee stains, and fridge magnets, to big ideas like climate change, the energy crisis, or innovative medical testing. She provides answers to vexing questions: How do ducks keep their feet warm when walking on ice? Why does it take so long for ketchup to come out of a bottle? Why does milk, when added to tea, look like billowing storm clouds? In an engaging voice at once warm and witty, Czerski shares her stunning breadth of knowledge to lift the veil of familiarity from the ordinary.

Easy-to-implement classroom lessons from the world's premier educational system. Finland shocked the world when its fifteen-year-olds scored highest on the first Programme for International Student Assessment (PISA), a set of tests touted for evaluating critical-thinking skills in math, science, and reading. That was in 2001; but even today, this tiny Nordic nation continues to amaze. How does Finnish education—with short school days, light homework loads, and little standardized testing—produce students who match the PISA scores of high-powered, stressed-out kids in Asia? When Timothy D. Walker started teaching fifth graders at a Helsinki public school, he began a search for the secrets behind the successes of Finland's schools. Walker wrote about several of those discoveries, and his Atlantic articles on this subject became hot topics of conversation. Here, he gathers all he learned and reveals how any teacher can implement many of

Finland's best practices. Remarkably, Finland is prioritizing the joy of learning in its newest core curricula and Walker carefully highlights specific strategies that support joyful K-12 classrooms and integrate seamlessly with educational standards in the United States. From incorporating brain breaks to offering a peaceful learning environment, this book pulls back the curtain on the joyful teaching practices of the world's most lauded school system. His message is simple but profound: these Finland-inspired strategies can be used in the U.S. and other countries. No educator—or parent of a school-aged child—will want to miss out on the message of joy and change conveyed in this book.

Osama bin Laden's former sister-in-law provides a penetrating, unusually intimate look into Saudi society and the bin Laden family's role within it, as well as the treatment of Saudi women. On September 11th, 2001, Carmen bin Ladin heard the news that the Twin Towers had been struck. She instinctively knew that her ex-brother-in-law was involved in these horrifying acts of terrorism, and her heart went out to America. She also knew that her life and the lives of her family would never be the same again. Carmen bin Ladin, half Swiss and half Persian, married into and later divorced from the bin Laden family and found herself inside a complex and vast clan, part of a society that she neither knew nor understood. Her story takes us inside the bin Laden family and one of the most powerful, secretive, and repressed kingdoms in the world.

In the 7 Habits series, international bestselling author Stephen R. Covey showed us how to become as effective as it is possible to be. In his long-awaited new book, *THE 8th HABIT*, he opens up an entirely new dimension of human potential, and shows us how to achieve greatness in any position and any venue. All of us, Covey says, have within us the means for greatness. To tap into it is a matter of finding the right balance of four human attributes: talent, need, conscience and passion. At the nexus of these four attributes is what Covey calls voice - the unique, personal significance

we each possess. Covey exhorts us all to move beyond effectiveness into the realm of greatness - and he shows us how to do so, by engaging our strengths and locating our powerful, individual voices. Why do we need this new habit? Because we have entered a new era in human history. The world is a profoundly different place than when *THE 7 HABITS OF HIGHLY EFFECTIVE PEOPLE* was originally published in 1989. The challenges and complexity we face today are of a different order of magnitude. We enjoy far greater autonomy in all areas of our lives, and along with this freedom comes the expectation that we will manage ourselves, instead of being managed by others. At the same time, we struggle to feel engaged, fulfilled and passionate. Tapping into the higher reaches of human genius and motivation to find our voice requires a new mindset, a new skill-set, a new tool-set - in short, a whole new habit.

Jin adalah makhluk yang bersama-sama dengan kita menghuni planet bumi ini, Bahkan kehadiran bangsa jin jauh lebih dulu daripada manusia. Jin juga adalah makhluk mukallaf yang dikenai hukum dan kewajiban seperti manusia, karena mereka juga memiliki akal, nafsu dan kehendak bebas. Allah SWT berfirman: Tidakkah Aku ciptakan jin dan manusia kecuali untuk beribadah kepada-Ku. Namun, karena sifatnya secara umum yang tidak terlihat oleh mata manusia, maka kita kadang-kadang memperoleh gambaran-gambaran yang keliru tentang bentuk, sifat dan kehidupan jin. Buku ini berusaha merekam dialog antara penulisnya. Muhammad 'Isa Dawud, dengan salah satu Jin-Muslim. Dialog tersebut begitu lugas, sehingga

menjadikan buku ini benar-benar asyik dibaca. Dari dialog-dialog ini, pembaca akan memperoleh berbagai informasi baru yang menakjubkan tentang dunia jin yang sebenarnya. Buku ini sedikit-banyak akan meluruskan persepsi-persepsi kita yang salah tentang bentuk, watak dan kehidupan jin: sejak asal-mula jin hingga berbagai kejadian yang berkaitan dengan jin, seperti gangguan setan dan sihir, lengkap dengan cara pengobatannya. Untuk setiap topik dialog, penulisnya menambahkan catatan yang merujuk kepada Alquran, hadis Nabi saw., serta temuan-temuan ilmiah demi mengukuhkan kebenaran pernyataan jin tersebut.
