### RAYMOND HARDY

*Millionaire Teacher* FriesenPress

"Don't vote if you're stupid." Thus begins the many helpful insights from liberal political humorist Jason Johnson, whose hilarious new essay collection also includes, "Jesus Vs. Superman," "Life Post-Kerry," "Let's Go on Down to the Gun Sale at the Church," and the best idea yet how George W. Bush can reach the stars: "One of These Days, George--POW! To the Moon!" Johnson's book features the only practical way for liberals to deal with the impending Armageddon that the Bush House will bring: to laugh and laugh hard.

*Work Made Fun Gets Done!* University of Alabama Press

Amy is uprooted from the city she loves to the Midwest. The 16-year-old blasts her parents for destroying her happiness. But when her verbal attacks turn physical, she is sent away to a boot camp for troubled teens. Expecting Bonehead Bootcamp to be a laid-back country retreat, Amy instead enters a frightening fantasy world where a mutant farm animal manipulates time and space. Together with three other unruly teenagers, she must summon all her courage and ingenuity to get back home.

*Hearings* St. Martin's Press

With facts and figures on geography, history, economy, cultures, and peoples of the Last Frontier, the 29th edition is packed with all-about-Alaska information for people who dream of visiting Alaska, as well as long-lasting sourdoughs.

*Meteorite!* AuthorHouse

After surviving the attacks on September 11, 2001, Dan Lenson finds himself quickly drawn into a covert SEAL team in search of the terrorists responsible. Their mission: kill Osama Bin Laden. On the morning of September 11, 2001, Commander Dan Lenson is visiting the Pentagon, and his wife is at a job interview at the World Trade Center. In the action-packed scenes that follow, Dan fights his way through flames and destruction to safety, and tries to reach his wife on her cell phone, but the terrifying few seconds before they're cut off do nothing to calm his fears. Dan immediately becomes involved in the military reaction to the attack. His SEAL team is assigned to Task Force Rhino, a mission that takes him to Afghanistan and the borders of Pakistan in order to hunt down, capture, or kill Osama bin Laden and other senior members of the Taliban government and al Qaeda leadership. The 13th Dan Lenson novel, *The Towers* is a fascinating, accurate depiction of the events of September 11 and the military response, informed by sources in the Navy, the SEALs, the NCIS, and the author's own military experience. Full of fast-paced sequences and heart-pumping drama, David Poyer takes the reader into the center of the action and face-to-face with the terrorist enemy.

*The Dream Job* Carina Press

Few activities can match the complexity of human communication. Given its intricacy, it is understandable that the process will not always work properly. When it doesn't, the effects can be devastating, given how much of everyday life depends on communicating with one another. Despite its importance, however, much is still unclear about how we turn thoughts into language and then speech. Debates rage over various components of the communication system. Myths abound, most based on nothing more than speculation and misinformation. It all makes for a fascinating area of study and practice, particularly when considering the importance of the topic. This book provides readers with the basics of human communication without shying away from the controversies. Dale F. Williams, Ph.D. utilizes a panel of internationally recognized experts in all areas of the field to clearly explain normal communication as well as disorders of speech, language, hearing, and swallowing. Topics that overlap all disorders—diagnosis, treatment, research, ethics, work settings, and multicultural issues—are also covered in a reader-friendly style. In addition to the relevant information on human communication, the book also includes first-hand accounts of both people

with disorders and those who work with them. Discussion questions are posed to help readers explore the gray areas and additional readings are described for those wishing to research specific topics. In these ways, readers are provided with information that truly helps them to understand communication sciences and disorders from a variety of perspectives. *Communication Sciences and Disorders: An Introduction to the Professions* is essential reading for anyone contemplating a career in speech-language pathology or audiology. In addition, the clear and entertaining writing style makes the field, in all its complexity, accessible to anyone with even a passing interest in the process of human communication.

*Let'S Get to Know Him* Perigee Trade

Most Christians want to know God better but sometimes just don't know how to get started. As a result they are likely to flounder for a few years while going through their own struggles with life and after a while, might even feel beaten up and quit. Join the true journey of a mother-daughter team who searched God's Word daily and then applied those teachings to everyday life, sharing the words of a righteous and holy God. Their experiences and journey took them all the way from the jungles of the dangerous Rio Negro to the city of Lages, Brazil, and back up to the horse farms of Central Florida. Each story is filled with adventure and a challenge to get to know our wonderful God!

*You Make A Good Point...Bonehead!* University Press of Kansas

More than any other sport, baseball has developed its own niche in America's culture and psyche. Some researchers spend years on detailed statistical analyses of minute parts of the game, while others wax poetic about its players and plays. Many trace the beginnings of the civil rights movement in part to the Major Leagues' decision to integrate, and the words and phrases of the game (for example, pinch-hitter and out in left field) have become common in our everyday language. From AARON, HENRY onward, this book covers all of what might be called the cultural aspects of baseball (as opposed to the number-rich statistical information so widely available elsewhere). Biographical sketches of all Hall of Fame players, owners, executives and umpires, as well as many of the sportswriters and broadcasters who have won the Spink and Frick awards, join entries for teams, owners, commissioners and league presidents. Advertising, agents, drafts, illegal substances, minor leagues, oldest players, perfect games, retired uniform numbers, superstitions, tripleheaders, and youngest players are among the thousands of entries herein. Most entries open with a topical quote and conclude with a brief bibliography of sources for further research. The whole work is exhaustively indexed and includes 119 photographs.

*Mangled Doves* New Society Publishers

Nearly every year since 1939, baseball's most outstanding players, umpires, pioneers and executives have been enshrined at Cooperstown in a public ceremony attracting thousands of fans from across (and sometimes beyond) the United States. Whether conferred by the Baseball Writers Association of America, the Veterans Committee, or in the case of 17 Negro League greats in 2006, an ad hoc committee of historians, Hall of Fame membership is the game's highest honor. This book covers the origins and history of the Hall of Fame museum and its election process, provides general information on each year's class and induction ceremony, and includes concise biographical and career discussion for every Hall of Famer, as well as commentary on his (Effa Manley is the lone female) path to election, and highlights of his speech.

*In the Fire* Keeping the Faith

*The International Who's Who in Popular Music 2002* offers comprehensive biographical information covering the leading names on all aspects of popular music. It brings together the prominent names in pop music as well as the many emerging personalities in the industry, providing full biographical details on pop, rock, folk, jazz, dance, world and country artists. Over 5,000 biographical entries include major career details, concerts, recordings and compositions, honors and contact addresses. Wherever possible, information is obtained directly from the entrants to ensure accuracy and reliability. Appendices include details of record companies, management companies, agents and

promoters. The reference also details publishers, festivals and events and other organizations involved with music.

**Patrick White's The Eye of the Storm, Voss, and Other Novels** Dean Street Press

Description Between 1994 and 1996, music writer Paolo Hewitt spent the greater part of his life on the road with Oasis, in the U.K., Europe and America. He came back with tales that would cement the legend of the brawling, effing, hedonistic, charismatic, confessional and extraordinarily talented Gallagher brothers, Noel and Liam, and their group. Hewitt is a rare and perceptive fly-on-the-wall during the band's hectic rise to the height of their powers, as their first two albums are released to the kind of excitement scarcely seen in British rock music since the sixties. Hewitt takes the Gallaghers' story right back to their parents' roots in Ireland, and the descriptions of Noel and Liam's childhoods in working-class Manchester reveal the seeds of their determination to make Oasis the force it became. Getting High is an illuminating, funny, sometimes shocking reminder of how big a band can get, and how quickly the insanity sets in. Oasis have today sold in excess of 70 million records worldwide. Hewitt's intimate account of this explosive and beloved band, in their prime, is a rock classic and a riveting narrative. Praise for Getting High: 'Paolo is the only person to speak about what it was like on the road with us because he's been there. He's been there, he's seen it, he's done it.' Noel Gallagher 'Top read.' Melody Maker 'Unlimited access to all areas of the Oasis bandwagon is the ace up this biography's sleeve.' Q '10/10 - sometimes you get what you pay for.' Esquire 'By adopting a fly-on-the-wall approach and writing Oasis's story as though it were a novel rather than a straight biography, he succeeds in entertaining, informing and occasionally putting you inside the head of the Gallagher brothers.' Hot Press 'In Getting High we get closer to the real Oasis, not the tabloid fancies, the music press stereotypes of Noel the genius, Liam the wanker and three other blokes who don't count. Hewitt paints an engrossing and uplifting portrait of one of the most important bands of the decade.' The Word and Issue 'Getting High is refreshingly well written' Total Guitar 'Compelling drama' Manchester Evening News 'If you only buy one book about Oasis, then make sure it's this one.' FHM 'This well-researched tome chronicles many a pivotal moment in Oasis's history and is filled with plenty of ribald anecdotes.' NME 'Head and shoulders above every other Oasis book. I hated finishing it so much I read it again.' Irvine Welsh

**The Hollywood Reporter** Berrett-Koehler Publishers

Essential steps for leaders working to build an antiracist organization Providing a roadmap to workplace and organizational change, Inside Out is packed with practical tools for working collectively towards racial justice and dismantling institutional racism. This essential guide includes: An adaptive approach to moving race conversations forward with authenticity and genuine curiosity Concrete strategies to help unpack the painful legacies of power, privilege, and oppression A framework including awareness, knowledge, skills, and action/advocacy Key components for engaging effectively, calling people in, bridging the divide, identifying and addressing microaggressions, and guiding difficult interactions Critical cross-cultural skills for facilitators and leaders faced with fears, worries, conflicts, and concerns that surface in PoC and White participants Helpful suggestions for equity leaders trying to find their why and identify their foundational beliefs, as well as tips for practicing self-care to lessen burnout and fatigue How to establish an equity team and bring decision makers on board Checklists, discussion questions, recommended readings, best practices, and many other valuable resources. Inside Out is written specifically for prospective leaders championing diversity, equity, and inclusion in their workplace. It is a must-read for anyone guiding the challenging work of becoming an anti-racist organization where no one's identity is a barrier to access or opportunity and everyone belongs.

**FAA General Aviation News** Bookhouse Fulfillment

In 1945 the most famous curse in sports was placed on the Chicago Cubs when Bill Sianis and his goat were ejected from Wrigley Field. Though Sianis purchased two tickets for the fourth game of the World Series against Detroit, the goat's stench led to the pair's ouster. The indignant Sianis allegedly cursed the Cubs, promising that they'd never again play in the World Series at Wrigley Field. More than six decades later, the team has yet to win a pennant. There were years when fortune seemed to pluck defeat from the wings of sure victory. The book focuses on the attitudes of players and fans, as well as attempts to exorcise the curse. It features photographs and interviews of former Cub players, as well as a foreword by Hall of Fame shortstop Ernie Banks.

*The Cultural Encyclopedia of Baseball*, 2d ed. Psychology Press

From *The Big Sleep* to *Babette's Feast*, from *Lawrence of Arabia* to *Drugstore Cowboy*, *The Movie Guide* offers the inside word on 3,500 of the best motion pictures ever made. James Monaco is the president and founder of BASELINE, the world's leading supplier of information to the film and television industries. Among his previous books are *The Encyclopedia of Film*, *American Film Now*, and *How to Read a Film*.

John Wiley & Sons

*Glow Pucks and 10-Cent Beer: The 101 Worst Ideas in Sports History* chronicles the sports world's most infamous events, ill-fated ideas and unfortunate trends. It offers thorough research on each of its subjects, not just a simple retelling of well-known stories. *Glow Pucks and 10-Cent Beer* is a collection of original essays that use humor combined with a slightly cynical view to challenge silly sports phenomena and then to tackle some of the sports world's most revered traditions.

*Never These Men* William Russo

Bob Nelson, author of the multimillion-copy bestseller *1001 Ways to Reward Employees*, and human performance expert Mario Tamayo offer hundreds of practical, creative tips for helping employees—and their managers—make work more fun. According to the employees that work for firms listed in Fortune's "100 Best Companies to Work for in America," the most defining characteristic of these organizations is they are all "fun" places to work. Fun is the secret sauce every business needs to better engage and motivate its employees today. *Work Made Fun Gets Done!* gives readers simple, practical ideas for instantly bringing fun into their work and workplace. Based on examples from scores of companies like Zoom, Pinterest, Bank of America, Zappos, Honda, Microsoft, and many more, this book provides clear examples of exactly what managers and employees alike can do to lighten the tone in the work environment and allow employees to have more fun at work. From AAA's "Dump a Dog" program where workers can pass their least-wanted project on to their manager and Houzz's complimentary office slippers to CARFAX's themed-wardrobe Zoom meetings and Google's company-approved Nerf-gun battles and paper airplane contests, you'll find dozens of ideas you can immediately adapt and implement in your own workplace. Work and fun have typically been considered polar opposites, but this book proves they can be integrated in ways that produce more motivated workers—and exceptional results.

*Attitude* Graphic Arts Center Publishing Co.

This inspired collection of political cartoons laughs in the face of the mainstream political cartoons featured in daily newspapers that make lame jokes about the news while sucking up to the corporations that own them. This collection features the next generation of artists out to save the world: artists whose cartoons run in the hottest and most subversive alternative papers around the US. This collection includes hundreds of cartoons and interviews with over 20 of the best in young, alternative, really political comic art. In b/w throughout.

*State of the Game* St. Martin's Griffin

Journalist and ETHS alumnus, Tuttle, is a baseball fan whose love for the Minnesota Twins is evident in this book.

*Induction Day at Cooperstown* Simon and Schuster

Compilation of short stories, poems, drafts, sketches and notes dating from 1981 to 2001.

*Sex, Drugs, Sports & Whimsy* Psychology Press

Certain individuals find a singular moment in life used to portray them and/or define them, if not basically brand them. In the world of sports, particularly baseball, this practice is raised to a level that is questionable at best, laughable in most instances and blatantly unfair as a rule. The sports media, along with a growing portion of the general public that refuses to form their own opinions, goes to extremes to constantly relive an individual's weak moments. Curiously, they often then close their ridiculing diatribes by mentioning that labeling a particular person is really unfair. In *Never These Men*, Thomas Porky McDonald, whose previous works stressed the notion that a game like baseball is there for the joy it gives to those who truly love it and understand it, takes a peek at a small collection of the most famous (or is it infamous?) of these media-fueled characters. The idea that someone who cannot possibly do something (play professional sports) might then play judge and jury on those that can (athletes) seems absurd to McDonald, who clearly feels that the ever-growing rash of media outlets, in concert with an unthinking generation of spectators, has only bloated the array of unfounded criticisms and hypocritical rhetoric within our midst. From Fred Merkle, an early media creation, through to Bill Buckner, a truly fine and underrated ballplayer, *Never These Men* fundamentally asks the reader to imagine how it feels to be branded for a singular moment in one's life. McDonald, foremost a poet, liberally spreads a few relevant original verses throughout this volume, which is fundamentally a call for fair play. The idea of balanced and proper reporting is considered as well, as in the cases of Ralph Branca, Mitch Williams and Ralph Terry. Though all three were solid Major Leaguers who gave up famous home runs, only the former two are constantly cited, a point of contention here. In the area of authority figures, why Charles Comiskey and Judge Landis are barely scrutinized for their truly abhorrent behavior, while a lifetime baseball man like Gene Mauch is merely brushed aside by far too many is a question that clearly haunts this writer. *Never These Men* asserts that working in a world with little or no accountability, while demanding total accountability from those whose skill and expertise literally creates your professional existence, is an absurdity that needs to be addressed.

**The American Printer** Lulu.com

Rapid changes in the radio industry in recent years have brought new challenges to radio program directors. This book addresses these changes, and provides case studies from some of the most respected broadcasters in the industry. *Process and Practice of Radio Programming* examines all aspects of a radio programmer's job. Among the topics discussed are: creating a program clock, developing an ear for selecting tomorrow's hits, hiring, managing, and working (airchecking) with talent, image creation, marketing a station, ratings and research, working with sales, promotions, news, new technologies—including Virtual Radio Programming, surviving within a multipoly situation, how to compete competitively with other stations in the market, understanding obligations to the FCC, developing relationships with record companies, clients, marketing and research firms, and others as well as learning how to program to a target audience.
