Europeans and Americans tend to hold the opinion that democracy is a uniquely Western inheritance, but in *The Common Cause*, Leela Gandhi recovers stories of an alternate version, describing a transnational history of democracy in the first half of the twentieth century through the lens of ethics in the broad sense of disciplined self-fashioning. Gandhi identifies a shared culture of perfectionism across imperialism, fascism, and liberalism—an ethic that excluded the ordinary and unexceptional. But, she also illuminates an ethic of moral imperfectionism, a set of anticolonial, antifascist practices devoted to ordinariness and abnegation that ranged from doomed mutinies in the Indian military to Mahatma Gandhi’s spiritual discipline. Reframing the way we think about some of the most consequential political events of the era, Gandhi presents moral imperfectionism as the lost tradition of global democratic thought and offers it to us as a key

to democracy’s future. In doing so, she defends democracy as a shared art of living on the other side of perfection and mounts a postcolonial appeal for an ethics of becoming common.

A Hindu Astrological Pilgrimage into the Life and Moksha of Sri Ramana Maharshi Sri Ramana Maharshi's Moksha is a new interdisciplinary Hindu astrological work in the spiritual spheres of Dharma and Moksha - exemplified through the life and Moksha of Sri Ramana Maharshi. The book throws new light on the nature of Moksha, the necessary and sufficient conditions for its occurrence, and also on the very process of the Maharshi's Moksha itself. Astrologers and seekers alike travelling on diverse paths will find in this book astonishing new insights, which will enable them to see 'order', for the first time, in the field of their enigmatic spiritual lives; a field wherein they would have seen previously no definitive pattern of spiritual destiny at all - but only a seething confusion of disillusionment and belied hopes. The author's unwavering devotion to the teachings of his four Spiritual Masters: Sri Ramana Maharshi, Sri Sri Bhagavan, Sri J. Krishnamurti and Sri Nisargadatta Maharaj, has certainly imbued the work with a spiritual intensity that is

devoid of all narrowness.

Brilliant Illuminations for Awakening to the Absolute What if all that you believe yourself to be—your body, mind, emotions, and conditioning—is actually what you are not? What if this is

merely a self-portrait shaped by false identification, habit, and assumptions? In ever-growing gatherings across India and Portugal, the revered teacher Mooji has for decades opened the eyes of thousands through his rare ability to shine light on the ineffable with uncommon clarity, humor, and warmth. Now, with *Vaster Than Sky, Greater Than Space*, Mooji invites readers everywhere to discover the true essence from which we all arise. The Advaita Vedanta tradition teaches that through the simple act of questioning, we can awaken to something far greater than the ego self, a “non-dual” Oneness with the ground of all Being. In *Vaster Than Sky, Greater Than Space*, Mooji guides us into the adventure of deep inquiry, sparking direct realization through stories, wisdom teachings, and responses to the common questions of readers, such as: If I've always been one with the eternal Self, why do I feel so anxious, depressed, or angry? How do I attain a state of peace, joy, and timeless presence? As pure and infinite Being, of what importance are my personal relationships, aspirations, or efforts to help others in need? I've suffered so much trauma in my life—is psychotherapy helpful on this path? How do I forgive others who have hurt me? Are intimate relationships a help or a hindrance to awakening? I understand these words, but I continue to be filled with the chatter of the mind—what should I do? Through our own engagement and self-exploration, Mooji helps us to arrive at the answers, not from the limited perspective in which we've been conditioned, but from our deepest Knowing—and to experience “the timeless, boundless love and freedom that is the natural perfume of the Absolute.”

Srimad Bhagavad Gita is now widely recognised as a scriptural text of worldwide importance. Sri Ramanuja is one of the noted commentators on the Vedanta Sutras of Badarayana and the Bhagavad Gita. This has brought him recognition as one of the greatest exponents of Vedanta from the Vaishnava point of view. Swami Adidevananda, one of the distinguished scholarly monks of the Ramakrishna Order who retained his inherent Sri Vaishnava heritage, has translated the original verses and Sri Ramanuja's commentary into English. This book is of special importance because it is the only English translation now available with the original Sanskrit commentary as well. The book opens with meditation on the Gita followed by the Gitartha-sangraha of Sri Yamunacharya with English translation. Swami Tapasyananda, who was a scholarly monk with deep devotional temperament and one of the Vice-Presidents of the Ramakrishna Order, has written a scholarly introduction to this work.

Essence of Inquiry: Vicharasangraham, A Commentary by Nome Sri Ramana Leela(a Biography of Bhagavan Sri Ramana Maharshi)Farthest Field: An Indian Story of the Second World War

“I have not lately read a finer book than this—on any subject at all. . . . A masterpiece.” —Simon Winchester, *New Statesman* The photographs of three young men had stood in his grandmother's house for as long as he could remember, beheld but never fully noticed. They had all fought in the Second World War, a fact that surprised him. Indians had never figured in his idea of the war, nor the war in his idea of India. One of them, Bobby, even looked a bit like him, but Raghu Karnad had not noticed until he was the same age as they were in their photo frames. Then he learned about the Parsi boy from the sleepy south Indian coast, so eager to follow his brothers-in-law into the colonial forces and onto the front line. Manek, dashing and confident, was a pilot with India's fledgling air force; gentle Ganny became an army doctor in the arid North-West Frontier. Bobby's pursuit would carry him as far as the deserts of Iraq and the green hell of the Burma battlefield. The years 1939-45 might be the most revered, deplored, and replayed in modern history. Yet India's extraordinary role has been concealed, from itself and from the world. In riveting prose, Karnad retrieves the story of a single family—a story of love, rebellion, loyalty, and uncertainty—and with it, the greater revelation that is India's Second World War. Farthest Field narrates the lost epic of India's war, in which the largest volunteer army in history fought for the British Empire, even as its countrymen fought to be free of it. It carries us from Madras to Peshawar, Egypt to Burma—unfolding the saga of a young family amazed by their swiftly changing world and swept up in its violence.

“Essence of Inquiry” contains Sri Ramana Maharshi's earliest recorded teaching, Self-Inquiry, and a commentary on this sacred scripture for the spiritual benefit of the seekers. The text, Self-Inquiry, chronicles the profound dialogues from 1900 to 1902 between Sri Ramana Maharshi and an ardent seeker of truth, Gambhiram Seshiar. This text is a sacred scripture, for a scripture represents a direct revelation of the Truth free of mental conceptions. Bhagavan's teaching, when placed in printed words, is certainly scripture, for its significance is Truth transcending the words or thoughts utilized for its expression. The commentary helps in understanding the true import of Sri Ramana's words and is singularly focused on Self-Knowledge and Self-Inquiry. From the Introduction: “One who approaches this sacred scripture with deep devotion and a sincere desire to realize the Self, and who, blessed by His Grace, practices in accordance with the wisdom herein elucidated, will doubtlessly realize the sole-existent Self, the nondual Brahman, and abide as That, of the nature of undifferentiated Being-Consciousness-Bliss.” From the foreword by late Sri A.R. Natarajan, President of Ramana Maharshi Center for Learning:“To write a commentary on the sacred words of Ramana, one has to be constantly perceptive of this ever-flowing grace. It is evident that Master Nome has this perception. The humility with which he has approached this holy work is found in his beginning each commentary with the all powerful twelve word mantra on Ramana “Om Namo Bhagavate Sri Ramanaya”. He closes each commentary with “Ramanarpanamastu - may this be an offering to Ramana”. And what worthy offering it is. With his own experience of the natural state, Nome is able to explain the true import of Ramana's word with utmost clarity and depth. .. Nome writes not from book knowledge but from experience. This is so from question one to question forty. There is no false note, no wavering of understanding.”

Who am I? is the title given to a set of questions and answers bearing on Self-enquiry. The

questions were put to Bhagavan Sri Ramana Maharshi by Sri M. Sivaprakasam Pillai, about the year 1902. Sri Pillai, a graduate in philosophy, was at the time employed in the Revenue Department of the South Arcot Collectorate. During his visit to Tiruvannamalai in 1902 on official work, he went to Virupaksha Cave on Arunachala Hill and met the Maharshi there. He sought from him spiritual guidance and solicited answers to questions relating to Self-enquiry. As Bhagavan was not talking then, not because of any vow he had taken but because he did not have the inclination to talk, he answered questions put to him by writing. As recollected and recorded by Sri Sivaprakasam Pillai, there were thirteen questions and answers to them given by Bhagavan. This record was first published by Sri Pillai in 1923 (in the original Tamil), along with a couple of poems composed by himself relating how Bhagavan's grace operated in his case by dispelling his doubts and by saving him from a crisis in life.
