For today's busy student, we've created a new line of highly portable books at affordable prices. Each title in the Books a la Carte Plus program features the exact same content from our traditional textbook in a convenient notebook-ready, loose-leaf version - allowing students to

take only what they need to class. As an added bonus, each Books a la Carte Plus edition is accompanied by an access code to all of the resources found in one of our best-selling multimedia products. Best of all? Our Books a la Carte Plus titles cost less than a used textbook! "The World" gives students the whole story. It is a new kind of history text - not just a collection of facts and figures. World renowned historian, world respected scholar, successful author of more than 25 books translated into 22 languages, and exceptional writer, author Felipe Fernandez-Armesto offers a truly holistic narrative of the world, from human beginnings to the present. All aspects of the text - from the exceptionally clear narrative that always places the story in time, to the unparalleled map program, to the focused pedagogical features - support the story. Because of the author's breadth of vision, students will come away with a deep understanding of the fundamental interrelationships - among peoples and their environments - that make up the world's story. Developing a project like "The World" required the input of and counsel of hundreds of individuals. David

Ringrose, respected World Historian from the University of California-San Diego, served as "The World"'s editorial consultant, and provided extensive teaching tips in the "Instructor's Guide to Teaching the World." Nearly 100 reviewers critiqued the manuscript, from the first edition to the final draft. Instructor focus groups were held throughout the country during the publication process. And finally, we are proud that over 1,000 students from across the country class-tested "The World," providing invaluable feedback and advice.
