An extraordinary story of love and vengeance in the international art world... A fast-paced and gripping tale...

Jonathan and Anna are in the final stages of planning their Bostonian high-society wedding, when Peter, an auctioneer for Christie's and Jonathan's best friend, calls with news that will change all of their lives. He has just been informed that a small London art gallery has come in to possession of five canvases by the 19th century artist, Vladimir Radskin. Jonathan, the world's foremost expert on Radskin, immediately understands the significance of the information. If the gallery indeed has five paintings, then the collection could very well include Radskin's final canvas - a painting that has become legendary ever since it went

missing in mysterious circumstances before its public unveiling in 1868. For Jonathan, who has spent the last twenty years of his career searching for this painting, its discovery and authentication would finally establish the under-appreciated Radskin as a true master. For Peter, whose recent auctions have come under fire from the critics, an ensuing high-profile sale would represent an opportunity to salvage his career. When Jonathan meets Clara, the owner of the London gallery, he is overwhelmed by a dizzying sense of déjà-vu. But in the desperate rush to authenticate the fifth painting, he simply puts this strange feeling down to their shared passion for the late Russian painter. He and Clara are both convinced that this breath-taking painting is Radskin's mythical last work, but they need proof: for The Young Girl in the Red Dress is unsigned. Their quest takes them from a gallery in Piccadilly to a paint workshop in Florence, from a laboratory in the Louvre to a mysterious manor in the English countryside. The more Jonathan and Clara uncover about Radskin's last painting, the more they discover about themselves: three very different lives, three inextricably intertwined destinies, caught in a race against time. "His writing flows, it is elegant and fast paced... In Another Life is Romeo and Juliet, set in today's modern world . It's dense, beautiful, and just as tragic." - Paris Match "His stories make us dream, his writing fills us with emotion." - Elle

Based on hundreds of hours of research, interviews, and access to exclusive sources and materials, *Sandy Hook* is Elizabeth Williamson's landmark investigation of the aftermath of a school shooting, the work of Sandy Hook parents who fought to defend themselves, and the truth of their children's fate against the frenzied distortions of online deniers and conspiracy theorists. On December 14, 2012, a gunman killed twenty first-graders and six educators at Sandy Hook Elementary School in Newtown, Connecticut. Ten years later, Sandy Hook has become a foundational story of how false conspiracy narratives and malicious misinformation have gained traction in society. One of the nation's most devastating mass shootings, Sandy Hook was used to create destructive and painful myths. Driven by ideology or profit, or for no sound reason at all, some people insisted it never occurred, or was staged by the federal government as a pretext for seizing Americans' firearms. They tormented the victims' relatives online, accosted them on the street and at memorial events,

accusing them of faking their loved ones' murders. Some family members have been stalked and forced into hiding. A gun was fired into the home of one parent. Present at the creation of this terrible crusade was Alex Jones's Infowars, a far-right outlet that aired noxious Sandy Hook theories to millions and raised money for the conspiracy theorists' quest to "prove" the shooting didn't happen. Enabled by Facebook, YouTube, and other social media companies' failure to curb harmful content, the conspiracists' questions grew into suspicion, suspicion grew into demands for more proof, and unanswered demands turned into rage. This pattern of denial and attack would come to characterize some Americans' response to almost every major event, from mass shootings to the coronavirus pandemic to the 2020 presidential election, in which President Trump's false claims of a rigged result prompted the January 6, 2021, assault on a bastion of democracy, the U.S. Capitol. The Sandy Hook families, led by the father of the youngest victim, refused to accept this. Sandy Hook is the story of their battle to preserve their loved ones' legacies even in the face of threats to their own lives. Through exhaustive reporting, narrative storytelling, and intimate portraits, Sandy Hook is the definitive book on one of the most shocking cultural ruptures of the internet era.

A young woman from Montreal follows the geese to the Inuit North in this deeply felt witnessing of contemporary Aboriginal life, as shaped by decades of colonial rule and government neglect. Having worked in the North for years, Juliana Løveill-Trudel's account of the Indigenous experience offers a portrait of a valiant people undaunted by institutionalized racism, but in many cases broken by domestic violence, and corrupted by corporate mining and the presence of temporary workers up for

the summer from the South in search of big paycheques. Delivered across two searing monologues, *Nirliit* is a testament to a people's perseverance as much as it is an apology by those who inflicted those circumstances upon them. Løveill-Trudel courageously transcends the borders between historical divisions to make a meaningful individual connection.
