Extremely rare (possibly the only) book-length account of a Soviet penal unit in World War II Gritty, intense style conveys the brutality of war on the Eastern Front Composed of convicts--soldiers who conducted "unauthorized retreats," former Soviet POWs deemed untrustworthy, and Gulag

prisoners--the Red Army's penal units received the most difficult, dangerous assignments, such as breaking through the enemy's defenses. So punishing was life in these units that officers in regular formations threatened to send recalcitrant troops to penal battalions. Alexander Pyl'cyn led his penal unit through the Soviets' massive offensive in the summer of 1944, the Vistula-Oder operation into eastern Germany, and the bitter assault on Berlin in 1945. He survived the war, but 80 percent of his men did not.

The story of the battle for independence from the British Empire in South Africa by "a vivid chronicler of military forces, generals, and wars" (Kirkus Reviews). The Great Boer War (1899-1902), more properly known as the Great Anglo-Boer War, was one of the last romantic wars, pitting a sturdy, stubborn pioneer people fighting to establish the independence of their tiny nation against the British Empire at its peak of power and self-confidence. It was fought in the barren vastness of the South African veldt, and it produced in almost equal measure extraordinary feats of personal heroism, unbelievable examples of folly and stupidity, and many incidents of

humor and tragedy. Byron Farwell traces the war's origins; the slow mounting of the British efforts to overthrow the Afrikaners; the bungling and bickering of the British command; the remarkable series of bloody battles that almost consistently ended in victory for the Boers over the much more numerous British forces; political developments in London and Pretoria; the sieges of Ladysmith, Mafeking and Kimberley; the concentration camps into which Boer families were herded; and the exhausting guerrilla warfare of the last few years when the Boer armies were finally driven from the field. The Great Boer War is a definitive history of a dramatic conflict by the author of Queen Victoria's Little Wars, "a leading popular military historian" (Publishers Weekly).

Throughout World War II, German snipers were obliged to carry a 'Scharfschützen Buch' which recorded every kill. Each success noted had to be verified by a witness and signed by a superior officer. The journal of Sutkus is one of only a few such books to have survived the war. It records more than 200 kills, placing him as one of the war's most successful snipers. A large part of his journal is reproduced for the first time here.

Condemned to death for the bloodbaths of World War II, they served their sentence—on the killing fields of Vietnam. The fascinating, true story of the French Foreign Legion's Nazi battalion WHAT THEY DID IN WORLD WAS II WAS HISTORY'S BLOODIEST NIGHTMARE. The ashes of World War II were still cooling when France went to war in the jungles of Southeast Asia. In that struggle, its frontline troops were the misfits, criminals, and mercenaries of the French Foreign Legion. And among that international army of the desperate and the damned, none were so bloodstained as the fugitive veterans of the German S.S. WHAT THEY DID IN VIETNAM WAS ITS UGLIEST SECRET—UNTIL NOW. Loathed by the French, feared and hated by the Vietnamese, the Germans fought not for patriotism of glory but because fighting for France was better than hanging from its gallows. Here now is the untold story of the killer elite whose discipline, ferocity, and suicidal courage made them the weapon of last resort.

**The Memoirs of a German Soldier on the Eastern Front** Prisoners of the Empire

Joseph Pilyushin, a top Red Army sniper in the ruthless fight against the Germans on the Eastern Front, was an exceptional soldier and has a remarkable story to tell. His firsthand account of his wartime service gives a graphic insight into his lethal skill with a rifle and into the desperate fight put up by Soviet forces to defend Leningrad. He also records how, during the three-year siege, close members of this family died, including his wife and two sons, as well as many of his comrades in arms. He describes these often-terrible events with such honesty and clarity that his memoir is remarkable. Pilyushin, who lived in Leningrad with his family, was already 35 years old when the war broke out and he was drafted. He started in the Red Army as a scout, but once he had demonstrated his marksmanship and steady nerve, he became a sniper. He served throughout the Leningrad siege, from the late 1941 when the Wehrmacht's advance was halted just short of the city to its liberation during the Soviet offensive of 1944. His descriptions of grueling front-line life, of his fellow soldiers and of his sniping missions are balanced by his vivid recollections of the protracted suffering of Leningrad's imprisoned population and of the grief that was visited upon him and his family. His gripping narrative will be fascinating reading for any one who is keen to learn about the role and technique of the sniper during the Second World War. It is also a memorable eyewitness account of one man's experience on the Eastern Front.

The remarkable story of the Finnish marksman nicknamed "White Death" by the Red Army for his record number of confirmed kills. Simo Häyhä is the most famous sniper in the world. During the Winter War fought between Russia and Finland from 1939 to 1940, he had 542 confirmed kills with iron sights, a record that still stands today. A man of action who spoke very little, Simo Häyhä was hugely respected by his men and his superiors and given many difficult missions, including taking out specific targets. Able to move silently and swiftly through the landscape, melting into the snowbound surroundings in his white camouflage fatigues, his aim was deadly and his quarry rarely escaped. The Russians learned of his reputation as a marksman and tried several times to kill him by indirect fire. He was promoted from corporal to second lieutenant, and he was awarded the Cross of Kollaa. For sniping, Simo Häyhä only ever used his own M/28-30 rifle. Eventually, his luck ran out, and Simo received a serious head wound on March 6, 1940, though he subsequently recovered. The White Sniper fully explores Simo Häyhä's life, his exploits in the Winter War, the secrets behind his success, including character and technique, and also includes a detailed look at his rifle itself. There are appendices on the basics of shooting, the impact of fire on the battlefield,

battles on the Kollaa Front during the Winter War, and a list of ranked snipers of the world. "No matter how many books on sniping you have read, this must be added to your list if you are serious about shooting." —GunMart

Mansur Abdulin fought in the front ranks of the Soviet infantry against the German invaders at Stalingrad, Kursk and on the banks of the Dnieper. This is his extraordinary story. His vivid inside view of a ruthless war on the Eastern Front gives a rare insight into the reality of the fighting and into the tactics and mentality of the Soviet army. In his own words, and with a remarkable clarity of recall, he describes what combat was like on the ground, face to face with a skilled, deadly and increasingly desperate enemy.

Litvin's stark, candid memoir focuses on his more than two years of service in the Red Army during its war with Germany. Originally written in 1962 and recently revised through extended interviews between author and translator, the result is a gripping account—in a straightforward, matter-of-fact tone—of the trials and tribulations of being a common Soviet soldier on the Eastern Front during World War II.

The personal memoir of a Nazi soldier, from joining the German Army in 1941 through his time as a Panzer on the Eastern Front. Originally written only for his daughter, Armin Schedierbauer's *Adventures in My Youth* chronicles his time as a soldier during World War II. As an infantry officer with the 252nd Infantry Division, German Army, Schedierbauer saw four years of combat on the Eastern Front. After joining his unit during the winter of 1942, he was wounded six times and had firsthand experience of the Soviet offensives in the summer of 1944 and January 1945. While fighting in East Prussia, he was captured by the Soviets and not released until 1947. Schedierbauer was only twenty-one years old when the war ended, and his memoir recollects the experiences he went through as a young man on the front.

*The Chilling True Story of the S-Bahn Murderer* Pen and Sword

The memoir of Shen, age 12 at the start of the Cultural Revolution in 1966, recounts being complicit in arduous Red Guard activities that directly or indirectly led to several gruesome deaths of political "enemies"—and later falling in love with and marrying the daughter of a man brutally tortured and killed by one of his fellow Red Guards.

*The Great Boer War* Farrar, Straus and Giroux

Dawn on Sunday 22 June 1941 saw the opening onslaughts of Operation Barbarossa as German forces stormed forward into the Soviet Union. Few of them were to survive the five long years of bitter struggle. A posting to the Eastern Front during the Second World War was rightly regarded with dread by the German soldiers. They were faced by the unremitting hostility of the climate, the people and even, at times, their own leadership. They saw epic battles such as Stalingrad and Kursk, and yet it was a daily war of attrition which ultimately proved fatal for Hitler's ambition and the German military machine. In this classic account leading military historian James Lucas examines different aspects of the fighting, from war in the trenches to a bicycle-mounted antitank unit fighting against the oncoming Russian hordes. Told through the experiences of the German soldiers who endured these nightmarish years of warfare, *War on the Eastern Front* is a unique record of this cataclysmic campaign.

Like many Germans, Berlin schoolboy Erwin Bartmann fell under the spell of the Zeitgeist cultivated by the Nazis. Convinced he was growing up in the best country in the world, he dreamt of joining the Leibstandarte, Hitler's elite Waffen SS unit. Tall, blond, blue-eyed, and just seventeen-years-old, Erwin fulfilled his dream on Mayday 1941, when he gave up his apprenticeship at the Glaser bakery in Memeler Strasse and walked into the Lichtenfelde barracks in Berlin as a raw, volunteer recruit. On arrival at the Eastern Front in late summer 1941, Erwin was assigned to a frontline communications squad attached to 4. Kompanie and soon discovered that survival was a matter of luck - or the protection of a guardian angel. Good fortune finally deserted Erwin on 11 July 1943 when shrapnel sizzled through his lung during the epic Battle of Kursk-Prokhorovka. Following a period of recovery, and promotion to Unterscharführer, Erwin took up a post as machine-gun instructor with the Ausbildung und Ersatz Bataillon, a training unit based close to the eastern section of the Berliner Ring Autobahn. When the Red Army launched its massive assault on the Seelow Heights, Erwin's unit, now incorporated into Regiment Falke, was deployed to the southern flank of the Berlin-Frankfurt Autobahn, close to the River Oder. The

German defenses soon crumbled and with the end of the Reich inevitable, Erwin was forced to choose between a struggle for personal survival and the fulfillment of his SS oath of 'loyalty unto death'. From the war on the southern sector of the Eastern Front to a bomb-shattered Berlin populated largely by old men and demoralized lonely women, this candid eyewitness account offers a unique and sometimes surprising perspective on the life of a young Leibstandarte SS Adolf Hitler volunteer.

It takes a tough mindset to be a successful sniper, to be able to dig in for days on your own as you wait for your target, to stay calm on a battlefield when you yourself have become the target the enemy most want to take out. Craig Harrison has what it takes and in November 2009 in Afghanistan, under intense pressure, he saved the lives of his comrades with the longest confirmed sniper kill - 2,475 meters. In this unflinching autobiography, Craig catapults us into the heat of the action as he describes his active service in the Balkans, Iraq and Afghanistan, and gives heart-stopping accounts of his sniper ops as he fought for his life on the rooftops of Basra and the barren hills of Helmand province. Craig was blown up by an IED in Afghanistan and left battling severe PTSD. After his identity was revealed in the press he also had to cope with al Qaeda threats against him and his family. For Craig, the price of heroism has been devastatingly high. Powerful and compelling, *The Longest Kill* is a must-read for fans of military memoirs.

Following the conquest of his native Latvia by the Nazis, the author was given the stark choice:

service in the SS or forced labor in a slave camp. So he 'volunteered' to fight for the Nazis. He describes his training and how he became an instructor before being sent into Russia. He nearly perished during the terrible winter of 1943-44 being wounded and finding himself with his friend lying dead on top of him. As the tide turned and the Russians advanced remorselessly through. He was wounded twice more and awarded the Iron Cross for bravery. With German resistance collapsing, the author had to flee for his life - capture by the Russians meant almost certain death. He surrendered to the Americans but describes the neglect he suffered at their hands. Unable to return to Latvia now occupied by the Russians, he became a Displaced Person eventually settling in the UK.

For the German soldier fighting under Hitler, keeping a diary was strictly forbidden. So Gunter Koschorrek, a fresh young recruit, wrote his notes on whatever scraps of paper he could find and sewed the pages into the lining of his winter coat. Left with his mother on his rare trips home, this illicit diary eventually was lost—and did not come to light until some 40 years later when Koschorrek was reunited with his daughter in America. It is this remarkable document, a unique day-to-day account of the common German soldier's experience, that makes up the memoir that is *Blood Red Snow*.

**The Memoirs of a German Soldier on the Eastern Front** Independently Published

On April 9, 1942, thousands of U.S. soldiers surrendered as the Philippines island of Luzon fell to the Japanese. But a few hundred Americans placed their faith in their own hands and headed for the jungles. One of them was twenty-three-year-old Clay Conner Jr., who had never even camped before. . . . The obstacles to Conner's survival were as numerous as the enemy soldiers who ultimately put a price on his head: among them malaria, heat, jungle rot, snakes, and mosquitoes. Beyond that, the human threats of betrayal, capture, torture, and death. And, finally, he had to overcome self-doubt, struggle with the despair of burying comrades, deal with friction among his fellow American soldiers, and find a way to survive. But if conflict reveals character, Conner showed himself to be a man apart. Inspired by an unlikely alliance with a tribe of arrow-shooting pygmies, by the words in a dog-eared New Testament, and by a tattered American flag that he vowed to someday triumphantly fly at battalion headquarters, Conner emerged victorious from the jungle—after almost three years. *Resolve* is the story of an unlikely hero who never surrendered to the enemy—and of a soldier who never gave up hope.
