*Fundamentals of Organizational Behaviour* Pearson Higher Ed  
A personal guide for becoming an authentic leader Whether you are just starting your leadership journey or leading a large organization, The Discover Your True North Fieldbook will help you find your leadership purpose, that internal Compass that provides direction and keeps you oriented—your True North. Through a series of reflective exercises, this Fieldbook helps you become a better leader by learning to be a more authentic one. This Fieldbook both personalizes and unlocks the central lessons of its companion book, Discover Your True North by Bill George. It shares the most powerful insights that coauthors Nick Craig, Bill George, and Scott Snook have learned from helping more than 10,000 leaders discover and live up to their fullest potential. Each chapter contains potent exercises that help you mine your life story for deep insights and important patterns. As you work your way through these reflections, you will gain a clearer sense of who you are and why you lead—the essence of an authentic leader. We offer an identity-based approach to leader development. Rather than telling you how to lead, the Fieldbook guides you through an intimate process of personal discovery. By understanding your life story and sharpening your personal narrative, you will discover the unique leader you were meant to be. On the way, you will work through the same lessons taught to MBA students at Harvard Business School, as well as senior executives in many Fortune 100 companies. The Discover Your True North Fieldbook will help you: Become more self-aware and self-accepting Locate that sweet spot at the intersection of your passions and strengths Identify and lead from your core values when it matters most Build a robust support team to guide you through difficult times Discover your leadership purpose, the essence of who you are, your True North Stay grounded by integrating all aspects of your life Grow as a global leader Help others become authentic leaders To help you actually live your

True North, this Fieldbook concludes by offering a rigorous, step-by-step process that generates a customized, behaviorally anchored Personal Leadership Development Plan. This plan not only summarizes and integrates everything you've learned completing this Fieldbook, but does so in a way that supports immediate action and impact. Welcome to your journey toward authentic leadership. Welcome to your True North. Visit [www.DiscoverYourTrueNorth.org](http://www.DiscoverYourTrueNorth.org) to learn more.  
Organizational Behavior Organizational Behavior  
Make better decisions - every day, everywhere! Decide and Conquer, Second Edition brings together all the practical skills you need to do just that. This quick, concise book identifies every key obstacle to quality decision-making and shows exactly how to overcome them. You'll discover how your personality impacts your decision-making, why instincts and experience can lead you astray, how to simplify complex decisions without oversimplifying them and much more. Renowned management author Dr. Stephen P. Robbins translates cutting-edge research findings about human behavior and decision-making into language anyone can understand - and act upon. In this Second Edition, he provides many new and updated examples, updated research, and new coverage, including these crucial new topics: Are you a Maximizer or a Satisficer - and what it means for your decision-making Overcoming the familiarity bias, adaptation bias, and fear-of-loss bias How to stop throwing good money after bad Knowing when doing nothing is your best option Accounting for gendered decision-making styles Decide and Conquer, Second Edition covers everything from goal-setting and risk-taking to overconfidence to procrastination, and offers indispensable insights for overcoming the multiple biases that are built into all human decision-makers. You'll use Robbins' powerful techniques to improve every decision you make - about your relationships, career, finances, everything!

Kogan Page Publishers

For courses in organizational behavior. A streamlined presentation of key organizational behavior concepts Currently in use at more than 500 colleges and universities worldwide,

Essentials of Organizational Behavior, 15th Edition teaches students how to communicate and interact within organizations. The text uses real-world scenarios and offers comprehensive coverage of key organizational behavior concepts that resonate with students — making each lesson engaging, relevant, and easy to absorb. With updated research and examples, and the integration of contemporary global issues, readers can apply what they've learned to their own education, future career plans, and other organizational endeavors.

*Organizational Behaviour*, 2 Kogan Page Publishers

Taken from: Organizational Behavior, Seventeenth Edition by Stephen P. Robbins and Timothy A. Judge.

*Professionalism in Early Childhood Education and Care* Wiley Global Education

The professionalism of the early childhood sector has gained prominence on the policy agendas of many countries. National pedagogical frameworks or curricula and an upsurge of pathways to gaining or upgrading qualifications has led to a pervasive terminology of professionalism. Yet, despite the pervasiveness of this terminology, the question of what professionalism means in early years contexts remains open to debate. This book draws together the work of an international group of scholars who have engaged with this question. They ask: How can professionalism be conceptualised in early childhood settings? How might one act professionally in increasingly diverse and changing social and cultural contexts? Do we have a common ground of understanding about these terms? Are there key concepts that can be agreed upon? Drawing on research and experience across a wide range of national contexts, this book seeks an understanding of early childhood professionalism in local contexts that might throw light on the global implications of this term. This book was published as a special issue in the European Early Childhood Education Research Journal.

*Every Man's Battle* Pearson

Ideal for anyone studying an introductory module in organisational behaviour, Introduction to Organisational Behaviour is a rigorous critique of all essential organisational behaviour topics. A comprehensive book with extensive

accompanying online resources makes this a must-have package for anyone wanting to understand the theory and practice of organisational behaviour. Practitioner case studies, supporting video interviews where solutions and approaches are discussed, review questions at the end of every chapter make this an essential resource. Covering organisational behaviour in the context of individuals, groups and teams and managing organisations as well as the importance of organisational structures and emerging issues, Introduction to Organisational Behaviour gives understanding and guidance on the full spectrum of organisational behaviour issues. Supported by extensive online resources including video interviews, clips of key skills lecture slides, additional tutorial activities and a test bank of multiple choice questions make this a truly integrated print and electronic learning package.

**Global and Southern African Perspectives** Routledge  
This books gives insights into your personality, motivation, emotional intelligence, leadership and team skills etc.  
Organizational Behavior, eBook, Updated 18e, Global Edition  
Prentice Hall

In the Third Edition of the bestselling book, *The Truth About Managing People*, bestselling author Stephen Robbins shares even more proven principles for handling virtually every management challenge. Robbins delivers 61 real solutions for the make-or-break problems faced by every manager. Readers will learn how to overcome the true obstacles to teamwork; why too much communication can be as dangerous as too little; how to improve your hiring and employee evaluations; how to heal "layoff survivor sickness"; how to manage a diverse culture; and ways to lead effectively in a digital world. New truths include: how to nurture friendly employees, forget about age stereotypes, first impressions count, be a good citizen, techniques for managing a diverse age group, and ethical leadership among others.

*Decide and Conquer* Pearson South Africa

Published in book form, this is a scholarly periodical of academic research in public relations, containing refereed reviews and reports of original studies. It follows the current trend toward more solidly grounded, theoretical research in a field that has only begun to mature. The studies and reviews presented represent the most contemporary thought and investigation brought to bear on this subject. Many relevant topics are

discussed, including communication roles, women's issues in the feminization of the field, the concepts of symmetry and game theory, and finally, publics -- dealing with roles, risk takers, and how audiences receive, process, and retain messages on public policy issues.

**The Discover Your True North Fieldbook** FT Press  
Compiled by three of the most influential authors in the field, CLASSICS OF ORGANIZATION THEORY, Eighth Edition is a collection of the most enduring works in organization theory. To help students grasp important themes, perspectives, and theories, the authors describe what organization theory is, how it has developed, and how its development has coincided with events and changes in other fields. This highly acclaimed reader is not simply a retelling of the history of organization theory; its evolution is told through the words of the distinguished theorists themselves. The readings in this edition have been thoroughly reviewed and updated. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Winning the War on Sexual Temptation One Victory at a Time** Pearson Higher Ed

For undergraduate and graduate courses in Organizational Behavior. Help Students Better Understand Their Behavioral and Interpersonal Skills Long considered the standard for all organizational behavior textbooks, Organizational Behavior provides the research you want, in the language you can understand. This text continues its tradition of making current, relevant research come alive for readers. The Seventeenth Edition has been thoroughly updated to reflect the most recent research and business events within the field of organizational behavior worldwide, while maintaining its hallmark features-clear writing style, cutting-edge content, and intuitive pedagogy. There's a reason why Robbins's textbooks have educated millions of individuals and have been translated into twenty languages-and it's because of a commitment that provides the kind of engaging, cutting-edge material that helps readers understand and connect with organizational behavior. Also Available with MyManagementLab™ MyManagementLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. #### *How to Change* Pearson South Africa

There is a large body of shared knowledge between the study of Organizational Behaviour and Human Resource Management but despite the crossover, they are often treated as very distinct disciplines. Written by a team of experts across both fields, Organizational Behaviour bridges the gap between OB and HRM, with an emphasis on inter-cultural and cross-cultural perspectives of organizational development, talent management, and leadership. Through a critical analysis of existing literature and case studies, the contributors cover topics such as corporate governance, ethical business practices, employee morale and motivation, performance management, corporate politics and conflict resolution, workplace diversity, creativity, and change management - all within the framework of current global

employment standards and best practices.

#### *Self-Assessment Library* WaterBrook

This book is the first Southern African edition of Stephen P.

Robbins's *Organizational Behaviour*, the best-selling organisational behaviour textbook worldwide.

#### Insights Into Your Skills, Interests and Abilities Pearson Higher Ed

For undergraduate Principles of Management courses REAL Managers, REAL Experiences With a renewed focus on skills and careers, the new edition of this bestselling text can help better prepare your students to enter the job market. Management, Thirteenth Edition vividly illustrates effective management theories by incorporating the perspectives of real-life managers. #### **Classics of Organization Theory** Pearson Higher Ed

The Seventh Edition of Canadian Organizational Behaviour is truly a "new and improved" McShane: new trim size, fresh new design, new co-author, reorganized table of contents, improved examples, and even enhanced readability. The McShane brand is known for its cutting edge research and scholarship, recognized for its "for Canadians, by Canadians" approach to content, and respected for its firm anchoring of Canadian material within a global context. No other OB book offers the kind of comprehensive coverage in such an accessible, readable format. Canadian Organizational Behaviour continues to lead the way as the most innovative OB text on the market. McShane was the first OB textbook to include topics such as workplace emotions, appreciative inquiry, social identity theory, future search events, virtual teams, workaholism, and emotional intelligence. The innovation continues in the seventh edition with new and expanded coverage of topics such as employee engagement, resilience, four-drive theory, blogs and wikis, psychological harassment, learning orientation, Schwartz's values model, and separating socioemotional from constructive conflict. The pedagogical features have been completely overhauled to speak to new and emerging topics in OB worldwide, including the opening vignettes, the photo essays in each chapter, and many of the end-of-chapter exercises and end-of-part cases.

#### A Personal Guide to Finding Your Authentic Leadership McGraw-Hill/Irwin

This book presents an interdisciplinary approach to definition of torture by bringing together behavioral science and international law perspectives on torture. It is a collaborative effort by a group of prominent scholars of behavioral sciences, international law, human rights, and public health with internationally recognized expertise and authority in their field. It represents a first ever

attempt to explore the scientific basis of legal understanding of torture and inform international law on various definitional issues by proposing a sound theory- and empirical-evidence-based psychological formulation of torture. Drawing on scientific evidence from the editor's 30 years of systematic research on torture, it proposes a learning theory formulation of torture based on the concept of helplessness under the control of others and offers an assessment methodology that can reduce the element of subjectivity in legal judgments in individual cases. It also demonstrates how this formulation can help understand the nature and severity of ill-treatments in different contexts, such as domestic violence and adverse conditions of penal confinement. Through a learning theory analysis of "enhanced interrogation techniques," it demonstrates not only why these techniques constitute torture but also how they help us understand the contextual defining characteristic of torture in general. The proposed formulation implies a broader concept of torture than previously understood, provides scientific and moral justification for the evolving trends in international law towards a broader

coverage of ill-treatments in contexts beyond official custody and points to new directions of expansion of the concept. With a focus on the concepts of shame and humiliation and their evolutionary origin, the book explains why inhuman or degrading treatments can cause as much pain or suffering as physical torture. Although treatment issues are not covered, the book sheds light on potentially effective treatment approaches by offering important insights into psychology of torture.

*Management* Pearson Education

Wall Street Journal bestseller "A welcome revelation." --The Financial Times Award-winning Wharton Professor and Choiceology podcast host Katy Milkman has devoted her career to the study of behavior change. In this ground-breaking book, Milkman reveals a proven path that can take you from where you are to where you want to be, with a foreword from psychologist Angela Duckworth, the best-selling author of *Grit*. Change comes most readily when you understand what's standing between you and success and tailor your solution to that roadblock. If you want

to work out more but find exercise difficult and boring, downloading a goal-setting app probably won't help. But what if, instead, you transformed your workouts so they became a source of pleasure instead of a chore? Turning an uphill battle into a downhill one is the key to success. Drawing on Milkman's original research and the work of her world-renowned scientific collaborators, *How to Change* shares strategic methods for identifying and overcoming common barriers to change, such as impulsivity, procrastination, and forgetfulness. Through case studies and engaging stories, you'll learn: • Why timing can be everything when it comes to making a change • How to turn temptation and inertia into assets • That giving advice, even if it's about something you're struggling with, can help you achieve more Whether you're a manager, coach, or teacher aiming to help others change for the better or are struggling to kick-start change yourself, *How to Change* offers an invaluable, science-based blueprint for achieving your goals, once and for all.
