 Seit acht langen Jahren jagt Detective Inspector Lorne Simpkins dem als Einhorn bekannten skrupellosen Verbrecher hinterher, doch der Killer führt den MI6 immer wieder an der Nase herum und versteht es meisterhaft zu verhindern, dass der Gerechtigkeit Genüge getan werden kann. Als Lorne von ihm in eine Falle gelockt wird, die den Tod ihres Partners zur Folge hat, erschüttert diese Tragödie ihr Selbstvertrauen zutiefst. Bevor sie jedoch Zeit hat, sich davon zu erholen, wird ihre Tochter entführt. Jetzt steht mehr auf dem Spiel als nur Lornes berufliches Ansehen: Sie muss das Einhorn zur Rechenschaft ziehen - koste es, was es wolle.

Marketing is a universal activity that is widely applicable, regardless of the political, social or economic systems of a particular country. However, this doesn't mean that consumers in different parts of the world should be satisfied in the same way. The 4th edition of International Marketing has been written to enable managers and scholars to meet the international challenges they face everyday. It provides the solid foundation required to understand the complexities of marketing on a global scale. The book has been fully updated with topical case studies, examples of contemporary marketing campaigns, the most relevant discussion topics as well as the most up-to-date theories, references and research findings. It is this combination

of theory and practice that makes this textbook truly unique, presenting a fully rounded view of the topic rather than an anecdotal or descriptive one alone. The book includes chapters on: * Trade distortions and marketing barriers * Political and legal environments * Culture * Consumer behaviour * Marketing research * Promotion and pricing strategies * Currencies and foreign exchange Accessibly written and designed, this book is the most international book on marketing available that can be used by undergraduates and postgraduates the world over. A companion website provides additional material for lecturers and students alike.
