The theory, methods and politics of cultural studies are examined in this book

which is concerned with the ways in which public culture reflects the relations between identities, race, gender and class. Adapting a range of theories and approaches, the author demonstrates how a cultural form effectively disseminates meanings - a political act - by marginalizing certain identities, norms, modes of thinking and knowledges while valuing others. The book covers topics as

diverse as comic book superheroes, patriotic songs in Hindi films, the projection of 'authenticity' in tourist brochures and the poetics of display in museums.

The Paradox of Independence SAGE
This book engages with critical issues which create a proper understanding of how identities and belonging are imagined and constructed in postcolonial India. The

contributors have examined various texts and movies to discuss the implicit communal nature of postcolonial India. The book attempts to discuss the different ways in which India is badly plagued by communal politics and terrorism, and to offer a cogent alternative for creating a strong solidarity among different communities in India.

Sanjay Tivari is just a little boy when he feels affection toward his aunt, BB Mausi. A classic Indian beauty, BB whispers sweet nothings in his ears to assuage his tantrums. Sanjay, who is an impressionable five-year-old, takes every opportunity to gain her attention, but what Sanjay does not know is that his feelings toward his aunt will slowly transform the way he looks at women for the rest of his life. As he matures, Sanjay craves Pratima, a girl four years older than him; the newlywed Meena; and finally Anju, a woman from another caste whose family is not averse to honor killing to restore the family's name. As he reveals his life story to each woman and she to him Sanjay

learns much from their circumstances that highlight the draconian beliefs, dogmas, and stereotypical mindsets that haunt their society. Interwoven within their heartrending stories reveal prejudice and heartbreak that fill Sanjay with a longing to right their wrongs. As Sanjay travels through a myriad of emotions, he has no choice but to continue his complex quest for true love and fulfillment. In this poignant story, a young Indian man embarks on a coming-of-age journey of longing and ecstasy where he hopes to find love and, more importantly, himself. This Indian film music book is a collection of eighty essays about the people who made remarkable music in Bollywood cinema, especially during the great era, and the ideas such people brought to the recording studios. When songs had to go without rhythms or when melodies had plenty of Q n A in them. In this music book, we flirt with Rock n Roll and scan songs that speed up at the end, we peep behind the screen to see what the idea was behind chorus songs in our films – even if there was no one to sing that

chorus on the screen; it's a huge list. These pages are a reflection of the time when everyone was fired up in their art, and when no one wanted to finish last in the race. It is about artists who every now and then dreamt ideas, and only after crystallizing things perfectly in their mind's eye, went out to translate and transform their dreams into unforgettable melodies in Indian movies. Jukebox will interest the layman as well as the academician.

Told Untold Story of Pakistan's Creation

Disha Publications

Partition occurring simultaneously with British decolonization of the Indian subcontinent led to the formation of independent India and Pakistan. While the political and communal aspects of the Partition have received some attention, its enormous personal and psychological costs have been mostly glossed over, particularly when it comes to the splitting of Bengal. The memory of this historical ordeal has been preserved in literary archives, and these archives are still being excavated. This book examines neglected narratives of the Partition of India in 1947 to study the traces left by this foundational trauma on the national- and regional-cultural imaginaries in India, Pakistan, and Bangladesh. To arrive at a more complex understanding of how Partition experiences of violence, migration, and displacement shaped postcolonial societies and subjectivities in South Asia, the author analyses, through novels and short stories, multiple cartographies of disorientation and anxiety in the post-Partition period. The book illuminates how contingencies of political geography cut across personal and

collective histories, and how these intersections are variously marked and mediated by literature. Examining works composed in Bengali and other South Asian languages, this book seeks to broaden and complicate existing conceptions of what constitutes the Partition literary archive. A valuable addition to the growing field of Partition studies, this book will be of interest to scholars of South Asian history, gender studies, and literature.
