Interested in digital moviemaking and want to focus on the directorial and storytelling functions of the media? DIGITAL MOVIEMAKING underscores the creative process--the kinds of decisions that are made and the strategies that are developed. Further, Gross and Ward stress the forethought and care that must go into all aspects of production, including the technical information that anyone engaged in production in this area should know.

While concentrating on the narrative moving picture, many of the principles discussed are useful for other forms, such as documentaries, commercials, and music videos.

Moviegoers know her as the housekeeper in *White Christmas*, the nurse in *Now, Voyager*, and the crotchety choir director in *Sister Act*. This book, filled with never-published behind-the-scenes stories from Broadway and Hollywood, chronicles the life of a complicated woman who brought an

assortment of unforgettable nurses, nuns, and housekeepers to life on screen and stage. Wickes (1910–1995) was part of some of the most significant moments in film, television, theatre, and radio history. On that frightening night in 1938 when Orson Welles recorded his earth-shattering “War of the Worlds” radio broadcast, Wickes was waiting on another soundstage for him for a rehearsal of *Danton’s Death*, oblivious to the havoc taking place outside. When silent film star Gloria Swanson decided to host a live talk show on this new thing called television, Wickes was one of her first guests. When Lucille Ball made one of her first TV appearances, Wickes appeared with her—and became Lucy’s closest friend for more than thirty years. Wickes was the original *Mary Poppins*, long before an umbrella carried Julie Andrews across the rooftops of London. And when Disney began creating *101 Dalmatians*, Wickes was asked to pose for animators trying to capture the evil of Cruella De Vil. The pinched-face actress who cracked wise by day became a confidante to some of the day’s biggest stars by night, including Bette Davis and Doris Day. Bolstered by interviews with almost three hundred people, and by private correspondence from Ball, Davis, Day, and others, *Mary Wickes: I Know I’ve Seen That Face Before* includes scores of never-before-shared anecdotes about Hollywood and Broadway. In the process, it introduces readers to a complex woman who sustained a remarkable career for sixty years.

First time in print, this historic production is derived from a magazine story with 54 weekly issues telling a hilarious and gripping adventure shows behind the scenes in Washington, DC when a conservative matriarch with unimaginable influence over one Congressman discovers her son is gay. The only problem is that he is working for the Congressman. This story was considered the favorite gay soap in America for many years. It was made

into this screen play and the pilot was shot. But when, in 2001, the twin towers fell, so did all scripts with references to terrorist plots. Oh, yes, there is a terrorist plot in this story, originally written in 1993. Now, the screen play for this 19-episode epic television series is available.

Univ. Press of Mississippi

Like a lovingly guided midnight tour, this book covers the seductive shadows of the most fascinating horror films and melodramas from the 1930s and 1940s. From the bloody censorship battles behind 1935's *Bride of Frankenstein*, to the sexual controversies of 1941's *Dr. Jekyll and Mr. Hyde* and the gruesome Nazi atrocities of 1943's *Women in Bondage*, this book delves into newly excavated research to tell the behind-the-scenes sagas of some of Hollywood's most frightening films. Peek behind the scenes, revel in on-the-set anecdotes and get a look at the script notes illuminating characters like *WereWolf of London*, *Richard III*, *Panther Woman* and *Rasputin*. Included are profiles of the performers and filmmakers who made the nightmares feel all too real in the darkened theaters of yesteryear, and an examination of the factors that have kept these films popular so many decades later.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

**The Thirteen Days of Christmas** All India Radio (AIR), New Delhi

This is a comprehensive career study and filmography of Mack Sennett, cofounder of Keystone Studios, home of the Keystone Kops and other vehicles that showcased his innovative slapstick comedy. The filmography covers the more than 1,000 films Sennett produced, directed, wrote or appeared in between 1908 and 1955, including casts, credits, synopses, production and release dates, locations, cross-references of remade stories and gags, footage excerpted in compilations, identification of prints existing in archives, and other information. The book, featuring 280 photographs, also contains biographies of several hundred performers and technical personnel connected with Sennett.

This work examines a film distribution system paralleling the rise of early features and persisting until 1972, when *Man of La Mancha* was the final roadshow to require reserved seating. Synonymous with Hollywood's star-studded premieres, roadshows were longer and cost more than regular features, making the experience similar to attending the legitimate theater. Roadshows, often epic in subject matter, played selected (usually only one) theaters in major urban centers until demand decreased. De rigueur by the 1960s were musical overtures, intermissions, entre'acte and exit music and souvenir programs for sale in the lobby. Throughout the text are recollections by people who attended roadshows, including actor John Kerr and actresses Barbara Eden and Ingrid Pitt. The focus is on roadshows released in the United States but an appendix identifies international roadshows and films forecast but not released as roadshows. Included are plots, contemporary critical reaction, premiere dates, production background, and methods of promotion--i.e., the ballyhoo.

"Working Families is a pioneering study by scholars of great capability and insight. This book is a gold mine of observations and information about new approaches to the study of work and family."—Arlene Daniels, co-editor of *The Most Difficult Revolution* "Hertz and Marshall have pulled together an impressive collection. Working Families provides cutting edge and original contributions that go well beyond previous research on work and families."—Naomi Gerstel, author of *Families and Work* "The information age is transforming family life and the relationships between families, the workplace, and larger society. This important volume sheds lights on the issues faced by working families at home, at work, and in their community."—Kathleen Christensen, Director, Program on Working Families, Alfred P.
