A host of political factors—both internal and external—influence the Court's decisions and shape the development of constitutional law. Among the more significant forces at work are the ways lawyers and interest groups frame legal disputes, the ideological and behavioral propensities of the justices, the politics of judicial selection, public opinion, and the positions that elected officials take, to name just a few. Combining lessons of the legal model with the influences of the political process, *Constitutional Law for a Changing America* shows how these dynamics shape the development of constitutional doctrine. The Tenth Edition offers rigorous, comprehensive content in a student-friendly manner. With meticulous revising and updating throughout, best-selling authors Lee Epstein and Thomas G. Walker streamline material while accounting for new scholarship and recent landmark cases—including key opinions handed down through the 2018 judicial session. Well-loved features keep students engaged by offering a clear delineation between commentary and opinion excerpts, a "Facts" and "Arguments" section before every case, a superb photo program, "Aftermath" and "Global Perspective" boxes, and a wealth of tables, figures, and maps. Students will walk away with an understanding that Supreme Court cases involve real people engaged in real disputes and are not merely legal names and citations. Bundle with the Resource Center for FREE! Take your constitutional law class beyond the book with Epstein and Walker's newly redesigned Resource Center, featuring more than 500 excerpted, supplemental cases referenced in the commentary of the *Constitutional Law for a Changing America* volumes. Instructors can find teaching materials, including hypothetical cases paired with discussion questions and writing assignments, moot-court simulations, test banks, and more.
