Primarily intended for the first course in financial accounting for the postgraduate students of management, this systematically organized text discusses the essential concepts, principles and methods of financial accounting. It covers all important financial concepts and corporate financial reporting

practices. The book, in its Fourth Edition, includes Revised Schedule VI on Balance Sheet and Profit & Loss Account Format. The Schedule VI has also been explained at the appropriate places. While the emphasis throughout is on the fundamentals, the book also skilfully analyzes advanced topics such as financial instruments, earnings management, internal control and internal audit, business combination and the logit model. **KEY FEATURES 1.** Important concepts are summarized in boxes to facilitate revision and to break

the monotony. 2. Assignments are given in almost all the chapters to provide suitable exercises for better comprehension of the basic concepts. 3. Answers to quizzes are given at the end of the book. 4. Includes Case Studies in many chapters. 5. Contains a comprehensive Glossary at the end of the book. 6. Discusses financial analysis in detail. 7. Explains deviations of Indian GAAP from the IAS at appropriate places. 8. Provides a large number of practical examples to explain concepts and issues. 9. Incorporates most recent revisions in IAS and AS. Besides students, practising managers will also find this text to be of immense value.

Essential procedures for the

measurement and reporting of fair value in Financial statements Trusted specialists Michael Mard, James Hitchner, and Steven Hyden present reliable and thorough guidelines, case studies, implementation aids, and sample reports for managers, auditors, and valuers who must comply with the Financial Accounting Standards Board Statement of Financial Accounting Standards Nos. 141, Business Combinations; 142, Goodwill and Other Intangible Assets; 144, Accounting for the Impairment or Disposal of Long-Lived Assets; and the new 157, Fair Value Measurements. This important guide: * Explains the new valuation aspects now required by SFAS No. 157 * Presents the new definition of fair value and certain empirical research * Distinguishes fair value from fair

market value * Provides a case study that measures the fair values of intangible assets and goodwill under SFAS Nos. 141 and 157 * Includes a detailed case study that tests the impairment of goodwill and long-lived assets and measures the financial impact of such impairment under SFAS Nos. 142 and 144 * Cross-references and reconciles the valuation industry's reporting standards among all of the valuation organizations * Includes two sample valuation reports, one of which is a new USPAP- compliant PowerPoint presentation format * Includes implementation aids for controlling the gathering of data necessary for analyses and for guiding the valuation work program

FINANCIAL ACCOUNTING FOR BUSINESS

MANAGERS, Fifth Edition John Wiley & Sons

For the first time, Revsine's Financial Reporting & Analysis will feature Connect, the premier digital teaching and learning tool that allows instructors to assign and assess course material. Financial Reporting & Analysis (FR&A) by Revsine/Collins/Johnson/Mittelstaedt emphasizes both the process of financial reporting and the analysis of financial statements. This book employs a true "user" perspective by discussing the contracting and decision implications of accounting, helping readers understand why accounting choices are so important and to whom they matter. Revsine, Collins, Johnson, and Mittelstaedt train their readers to be good financial detectives by enabling them to read,

use, and interpret the statements. Most importantly, FR&A helps students understand how and why managers can utilize the flexibility in GAAP to adapt the numbers for their own purposes. *International Financial Statement Analysis* McGraw-Hill Education Financial Statement Analysis, 9e, emphasizes effective business analysis and decision making by analysts, investors, managers, and other stakeholders of the company. It continues to set the standard (over 8 prior editions and hundreds of thousands in unit book sales) in showing students the keys to effective financial statement analysis. It begins with an overview (chapters 1-2), followed by accounting analysis (chapters 3-6) and then financial analysis (chapters 7-11). The

book presents a balanced view of analysis, including both equity and credit analysis, and both cash-based and earnings-based valuation models. The book is aimed at accounting and finance classes, and the professional audience as it shows the relevance of financial statement analysis to all business decision makers. The authors: 1. Use numerous and timely "real world" examples and cases 2. Draw heavily on actual excerpts from financial reports and footnotes 3. Focus on analysis and interpretation of financial reports and their footnotes 4. Illustrate debt and equity valuation that uses results of financial statement analysis 5. Have a concise writing style to make the material accessible

This textbook provides a comprehensive overview of international corporate reporting which enhances students' understanding of diversity and convergence in the field. The authors discuss the institutional and cultural context in which international corporate reporting has developed over the years as well as the global reach of IFRS Standards from the IASB throughout and beyond the European Union, into interest groups and emerging economies. Other key elements explored throughout the book include assurance through auditing and corporate governance, narrative reporting, strategic and corporate social responsibility, group accounting, current accounting issues and taxation in corporate reports. Indicative research

examples show how the methods used in research papers may be understood and applied. Case studies outline short projects based on corporate cases, with related links to material on corporate websites. Helpful and reliable sources of information and data are identified through hyperlinks to accessible websites. End-of-chapter questions encourage discussion of the main issues. Throughout there is a focus on accountability and the information needs of stakeholders. This new edition of a classic text is fully revised and updated in order to remain essential reading for students of international accounting and corporate reporting globally. The book will be an invaluable resource for postgraduate taught programmes and final-year undergraduate courses in

accounting, finance and business studies.

Techniques to uncover and avoid accounting frauds and scams Inflated profits . . . Suspicious write-offs . . . Shifted expenses . . . These and other dubious financial maneuvers have taken on a contemporary twist as companies pull out the stops in seeking to satisfy Wall Street. *Financial Shenanigans* pulls back the curtain on the current climate of accounting fraud. It presents tools that anyone who is potentially affected by misleading business valuations from investors and lenders to managers and auditors can use to research and read financial reports, and to identify early warning signs of a company's problems.

A bestseller in its first edition, *Financial Shenanigans* has been thoroughly updated for today's marketplace. New chapters, data, and research reveal contemporary "shenanigans" that have been known to fool even veteran researchers.

Financial Accounting, Reporting, and Analysis John Wiley & Sons

Business Analysis and Valuation has been developed specifically for students undertaking accounting Valuation subjects. With a significant number of case studies exploring various issues in this field, including a running chapter example, it offers a practical and in-depth approach. This second edition of the Palepu text has been revitalised with all new Australian content in parts 1-3, making this edition predominantly local,

while still retaining a selection of the much admired and rigorous Harvard case studies in part 4. Retaining the same author team, this new edition presents the field of valuation accounting in the Australian context in a clear, logical and thorough manner.
