FELIPE LEWIS

Bachelors, Manhood, and the Novel, 1850-1925 Springer Nature
 As seen in the hit documentary Three Identical Strangers • “[A] poignant memoir of twin sisters who were split up as infants, became part of a secret scientific study, then found each other as adults.”—Reader’s Digest (Editors’ Choice) WINNER OF A BOOKS FOR A BETTER LIFE AWARD Elyse Schein had always known she was adopted, but it wasn’t until her mid-thirties while living in Paris that she searched for her biological mother. What she found instead was shocking: She had an identical twin sister. What’s more, after being separated as infants, she and her sister had been, for a time, part of a secret study on separated twins. Paula Bernstein, a married writer and mother living in New York, also knew she was adopted, but had no inclination to find her birth mother. When she answered a call from her adoption agency one spring afternoon, Paula’s life suddenly divided into two starkly different periods: the time before and the time after she learned the truth. As they reunite, taking their tentative first steps from strangers to sisters, Paula and Elyse are left with haunting questions surrounding their origins and their separation. And when they investigate their birth mother’s past, the sisters move closer toward solving the puzzle of their lives. Praise for Identical Strangers “Remarkable . . . powerful . . . [an] extraordinary experience . . . The reader is left to marvel at the reworking of individual identities required by one discovery and then another.”—Boston Sunday Globe “Absorbing.”—Wired “[A] fascinating memoir . . . Weaving studies about twin science into their personal reflections . . . Schein and Bernstein provide an intelligent exploration of how identity intersects with bloodlines. A must-read for anyone interested in what it means to be a family.”—Bust “Identical Strangers has all the heart-stopping drama you’d expect. But it has so much more—the authors’ emotional honesty and clear-eyed insights turn this unique story into a universal one. As you accompany the twins on their search for the truth of their birth, you witness another kind of birth—the germination and flowering of sisterly love.”—Deborah Tannen, #1 New York Times bestselling author of You Just Don’t Understand “A transfixing memoir.”—Publishers Weekly
The Conservative Soul Routledge

An Amazon #1 Bestseller in African American Romance An Amazon #1 Bestseller in Multicultural Romance An Amazon #1 Bestseller in African American Literature Even good girls make mistakes. Kira Taylor was shocked to meet her boss's handsome, long-absent son and find him even more lethal in the flesh. He'd always been just a face in a photo - and nothing had prepared her for the way they clashed and burned when they finally met. Blake Carter returned to America for a reunion with a father he hadn't seen since he was ten. But Blake had never bargained for falling for his father's sexy secretary, the beautiful and impressionable Kira Taylor... Blake caught one glimpse of the gorgeous beauty from across the crowded room and felt the primal taste of desire like he'd never known. The sparks were more antagonism than attraction on her part as they collided over differences about the way he treated his father. But Blake had very strong persuasive skills when it came to bringing the vulnerable Kira to bend to his carnal passions... Excerpt: His eyes narrowed, smile disappearing once again. "You're going to come out of the tub right now; unless you want me to help you out myself?" Glaring at him hatefully, Kira muttered feelingly, "Damn you, Blake." But he merely smiled. She knew he realized she had no choice but to give in. And the water was starting to cool uncomfortably. He straightened, holding up the towel patiently. Taking a deep breath, Kira rose from the water, resisting the urge to place her arms across her nudity. Even though she knew he was looking at her unabashedly. He wrapped the towel securely around her streaming body and waited until she'd stepped out onto the bathmat before surprising her by swinging her easily off her feet and into his arms, carrying her back into the bedroom. "Really, Blake?" she muttered, instinctively wrapping her arms around his neck and fighting the pounding in her chest at how easily he'd lifted her, as if she weighed little more than a bag of feathers. In the bedroom, he placed her gently down to stand on the thick rug and Kira instantly curled her toes into the thickness underfoot. The room was deliciously warm by now, a beautiful June night in London. What wasn't great though was Blake doing the unexpected and whipping the towel off her slightly damp body. Kira gasped. She felt too paralyzed with shock to move. What on earth...? "Why would you wish to deny me the pleasure of seeing your gorgeous body, Kira?" he asked softly, head cocked to one side. He held her gaze with almost hypnotic intensity. "You're unbelievably beautiful and now you're mine." Kira didn't know what to say. She felt outraged, and...well, a bit gooey in places as she let his words wash over her. She'd sworn to herself he'd never again get a

glimpse of her without her clothes on but she couldn't have foreseen this scenario.

 Chey Sinclair discovers that dating a real life Prince can be both heart warming-and heart wrenching. Sticking to her guns, she faces down the Queen and defies the Royal order to cease her relationship with Prince Sander. Piqued, the Queen strikes back, and Chey finds herself separated from Sander by no means of her own. Forced to return to Seattle, Chey waits, and hopes, to be reunited with her Prince. What happens next leaves her desolate and devastated. Just when she decides to move on, her wily Prince proves he has a few cunning plans of his own. Will Sander Ahtissari pull off the impossible, or will the King and Queen of Latvala get their way in the end?

Jung and the Postmodern Potter Craft
 This book provides a straightforward and easy-to-understand overview of beneficial plant-bacterial interactions. It features a wealth of unique illustrations to clarify the text, and each chapter includes study questions that highlight the important points, as well as references to key experiments. Since the publication of the first edition of Beneficial Plant-Bacterial Interactions, in 2015, there has been an abundance of new discoveries in this area, and in recent years, scientists around the globe have begun to develop a relatively detailed understanding of many of the mechanisms used by bacteria that facilitate plant growth and development. This knowledge is gradually becoming an integral component of modern agricultural practice, with more and more plant growth-promoting bacterial strains being commercialized and used successfully in countries throughout the world. In addition, as the world’s population continues to grow, the pressure for increased food production will intensify, while at the same time, environmental concerns, mean that environmentally friendly methods of food production will need to replace many traditional agricultural practices such as the use of potentially dangerous chemicals. The book, intended for students, explores the fundamentals of this new paradigm in agriculture, horticulture, and environmental cleanup.

What has Jung to do with the Postmodern? Chris Hauke's lively and provocative book, puts the case that Jung's psychology constitutes a critique of modernity that brings it in line with many aspects of the postmodern critique of contemporary culture. The metaphor he uses is one in which 'we are gazing through a Jungian transparency or filter being held up against the postmodern while, from the other side, we are also able to look through a transparency or filter of the postmodern to gaze at Jung. From either direction there will be a new and surprising vision.' Setting Jung against a range of postmodern thinkers, Hauke recontextualizes Jung's thought as a response to modernity, placing it - sometimes in parallel and sometimes in contrast to - various postmodern discourses. Including chapters on themes such as meaning, knowledge and power, the contribution of architectural criticism to the postmodern debate, Nietzsche's perspective theory of affect and Jung's complex theory, representation and symbolization, constructivism and pluralism, this is a book which will find a ready audience in academy and profession alike.

King and Kingdom Hungry Tomato @

"You damn bitch of an anarchist, I wish I could get at you. I would tear your heart out and feed it to my dog." This was one of the less obscene messages received by Emma Goldman (1869-1940), while in jail on suspicion of complicity in the assassination of McKinley. The most notorious woman of her day, she was bitterly hated by millions and equally revered by millions. The strong feelings she aroused are understandable. She was an alien, a practicing anarchist, a labor agitator, a pacifist in World War 1, an advocate of political violence, a feminist, a proponent of free love and birth control, a communist, a street-fighter for justice - all of which she did with strong intellect and boundless passion. Today, of course, many of the issues that she fought over are just as vital as they were then. Her autobiography, written with vigor, ranks among the finest in the English language.

A sweeping and original work of economic history by Michael Lind, one of America's leading intellectuals, Land of Promise recounts the epic story of America's rise to become the world's dominant economy. As ideological free marketers continue to square off against Keynesians in Congress and the press, economic policy remains at the center of political debate. Land of Promise: An Economic History of the United States offers a much-needed historical framework that sheds new light on our past--wisdom that offers lessons essential to our future. Building upon the strength and lucidity of his New York Times Notable Books The Next American Nation and Hamilton's Republic, Lind delivers a necessary and revelatory examination of the roots of American prosperity--insight that will prove invaluable to anyone interested in exploring how we can move forward.

Woman's Institute Library of Cookery: Milk, butter, and cheese, eggs, vegetables Archipelago

In 1900, Sheffield was the tenth largest city in the world. Cutlery "made in Sheffield" was used across the globe, and the city built armored plate for the navy in the run-up to the First World War. Today, however, Sheffield's derelict Victorian shop floors and industrial buildings are hidden behind new leisure developments and shopping centers. Based on an extended period of research in two local steel factories, this book combines a lively, descriptive account with a wide-ranging critique of post-industrial capitalism. Its central argument is that recent government attempts to engineer Britain's transition to a post-industrial and classless society have instead created volatile post-industrial spaces marked by informal labor, industrial sweatshops and levels of risk and deprivation that divide citizens along lines of gender, age, and class. The author discovers a link between production and reproduction, and demonstrates the centrality of kinship relations, child and female labor, and intra-household exchanges to the economic process of de-industrialization. Paradoxically, government policies have reinvigorated working-class militancy, spawned local industrial clusters and re-embedded the economy in the spatial and social structure of the neighborhood.

Katherine Snyder's study explores the significance of the bachelor narrator, a prevalent but little-recognized figure in premodernist and modernist fiction by male authors, including Hawthorne, James, Conrad, Ford and Fitzgerald. Snyder demonstrates that bachelors functioned in cultural and literary discourse as threshold figures who, by crossing the shifting, permeable boundaries of bourgeois domesticity, highlighted the limits of conventional masculinity. The very marginality of the figure, Snyder argues, effects a critique of gendered norms of manhood, while the symbolic function of marriage as a means of plot resolution is also made more complex by the presence of the single man. Bachelor figures made, moreover, an ideal narrative device for male authors who themselves occupied vexed cultural positions. By attending to the gendered identities and relations at issue in these narratives, Snyder's study discloses the aesthetic and political underpinnings of the traditional canon of English and American male modernism.

[Jesus Talks to Oscar Wilde on the Pursuit of Pleasure](#) Penguin Nursed back to health by Arctic aborigines, a Canadian sailor finds his loyalties torn between his new people and the life he left behind—a novel full of “passion, strength, and beauty of a world we . . . have never understood” (Farley Mowat) John MacLennan, a Canadian sailor is left behind by his ship, stranded on the northeastern tip of Siberia. Having had his hands amputated, crippled with little hope of returning home, the Chukchi community decides to adopt this wounded stranger and teaches him to live as a true human being. From thinking of Chukchi as savages, John comes to know his new companions as real people who share the best and worst of human traits with his own kind. He begins to understand ehri community, respects them, and makes an effort to be accepted as one of them. Though crippled, John rises to the Chukchi view of a person. But how much longer will John commit to this newfound perspective when presented with the opportunity to return to his own past and family? Rytkeu's empathy, humor, and provocative voice guide us across the magnificent landscape of the North and reveal all the complexity and beauty of a vanishing world. A Dream in Polar Fog is at once a cross-cultural journey, an ethnographic chronicle of the people of Chukotka, and a politically and emotionally charged adventure story.

[Guide to Supply Chain Management](#) Independently Published Today's conservatives support the idea of limited government, but they have increased government's size and power to new heights. They believe in balanced budgets, but they have boosted government spending, debt, and pork to record levels. They believe in national security but launched a reckless, ideological occupation in Iraq that has made us tangibly less safe. They have substituted religion for politics and damaged both. In *The Conservative Soul*, one of the nation's leading political commentators makes an impassioned call to rescue conservatism from the excesses of the Republican far right, which has tried to make the GOP the first fundamentally religious party in American history. In this bold and powerful book, Andrew Sullivan makes a provocative, prescient, and heartfelt case for a revived

conservatism at peace with the modern world, and dedicated to restraining government and empowering individuals to live rich and fulfilling lives.

[A Dream in Polar Fog](#) Creative Publishing international Heartstoppingly romantic, dangerously sensual, and filled with the vivid details that bring an era to life, Suzanne Robinson's captivating novels have made her one of the reigning stars of historical romance. In this spellbinding love story Suzanne Robinson offers one of her most unforgettable heroes ever . . . The ladies of the palace called Nora Becket “mouse.” But beneath her shy, artless ways hid the heart of a lioness. A daring spy in Queen Mary's court, she risked her life to rescue the innocent from a terrible fate. Yet it was Nora who needed rescuing when cutthroats attacked her—and when Christian de Rivers, a lusty, sword-wielding rogue, swept her out of harm's way . . . and into his arms. As magnificent and mesmerizing as a hawk, Christian both frightened and excited Nora, even as he pursued her with a single-minded passion that left her longing to be caught. Yet soon she would discover that she had reason to be frightened. For the dashing nobleman had his own secrets to keep, his own enemies to rout—and his own brand of vengeance for a wide-eyed beauty whom he loved only too well. . . .

Alternators and Starter Motors Bloomsbury Publishing

This popular textbook offers a broad and accessible introduction to the building blocks of modern finance: financial markets, institutions and instruments. Focussing on the core elements of the subject, the author blends theory with real-life data, cases and numerical worked examples, linking the material to practice at just the right level of technical complexity. This new edition has updated data and cases throughout, ensuring that it is as up-to-date as possible in this fast-moving area. More assessment and self-test resources have been added to the book to help support students and lecturers. It is ideally suited to students at all levels who take economics, business and finance courses, as well as for those who want to understand the workings of the modern financial world. New to this Edition: - New case studies, including coverage of the Libor and foreign exchange rigging scandals, Bitcoin, the FinTech revolution and issues raised by Brexit - Fully updated data and relevant numerical examples - Coverage of derivatives such as futures, options and swaps - Extensive discussion of regulatory developments since the financial crisis - A companion website featuring teaching resources is available [Beneficial Plant-Bacterial Interactions](#) CreateSpace

The hilarious adventures of an elderly pony named Mr. Mendelson and his 2 piano-playing field mice friends In a wild, remote place called Midnight Park, there lives an elderly Orkney pony named Mr. Mendelson. He is only 3 feet tall, is black all over, and has a big, handsome head. For years, Mendelson has been ridden by Sam, who is now old enough to go away to boarding school. But before he leaves, Sam asks his grandfather to buy Mendelson a piano. Not for Mendelson, because everyone knows horses can't play the piano, but for Mendelson's friends Gertrude and Bertha—2 talented field mice who were taught to play by a musician who lives in the park. Delighted when the piano is placed under a large oak tree, the mice promise Mendelson a concert at 6 p.m. every night. With 7 enchanting tales, Mice & Mendelson takes readers into the rich world of these farmyard friends. In 1 story, the old pony gets a bad case of the hiccups. In another, he learns to tell time with the help of Gertrude and Bertha, who wind his watch every day. In further adventures, Mendelson saves the moon from drowning in the pond and the village Christmas trees from being stolen. But what Mendelson really wants is to learn how to fly, and surprisingly his wish almost comes true—no thanks to the wicked ways of the scheming gypsy Dan Sligo! This ebook features illustrations by Babette Cole and a personal history of Joan Aiken including rare images from the author's estate.

[Made in Sheffield](#) The Economist

People come into our lives. Some stay, and many go. Some build us up, while most tear us down. They become our friends, our enemies, our lovers, our tormentors. Christian Davison came into mine, and I knew I'd never be the same. To Elizabeth Ayers, New York City had always been a dream. She's worked her entire young life to make it here. Groomed to one day take over his father's law firm, attending Columbia University was Christian Davison's only option. Neither wanted anything more until they sat across from each other at a caf table after being paired as study partners. Christian wants her, but Elizabeth knows better than to give into their intense attraction. Yet there is little she can do to stay away . . .
