Walter Murch and the Art of Editing Film McClelland & Stewart

This exciting collection of work from leading feminist scholars including Elspeth Probyn, Penelope Deutscher and Chantal Nadeau engages with and extends the growing feminist literature on lived and imagined embodiment and argues for consideration of the skin as a site where bodies take form - already written upon but open to endless re-inscription. Individual chapters consider such issues as the significance of piercing, tattooing and tanning, the assault of self harm upon the skin, the relation between body painting and the land among the indigenous people of Australia and the cultural economy of fur in Canada. Pierced, mutilated and marked, mortified and glorified, scarred by disease and stretched and enveloping the skin of another in pregnancy, skin is seen here as both a boundary and a point of connection - the place where one touches and is touched by others; both the most private of experiences and the most public marker of a raced, sexed and national history. On bookshelves around the world, surrounded by ordinary books bound in paper and leather, rest other volumes of a distinctly strange and grisly sort: those bound in human skin. Would you know one if you held it in your hand? In *Dark Archives*, Megan Rosenbloom seeks out the historic and scientific truths behind anthropodermic bibliopegy—the practice of binding books in this most intimate covering. Dozens of such books live on in the world's most famous libraries and museums. *Dark Archives* exhumes their origins and brings to life the doctors, murderers, and indigents whose lives are sewn together in this disquieting collection. Along the way, Rosenbloom tells the story of how her team of scientists, curators, and librarians test rumored anthropodermic books, untangling the myths around their creation and reckoning with the ethics of their custodianship. A librarian and journalist, Rosenbloom is a member of *The Order of the Good Death* and a cofounder of their *Death Salon*, a community that encourages conversations, scholarship, and art about mortality and mourning. In *Dark Archives*—captivating and macabre in all the right ways—she has crafted a narrative that is equal parts detective work, academic intrigue, history, and medical curiosity: a book as rare and thrilling as its subject.

Under My Skin Simon and Schuster

"The Skin of the Sky" details the efforts of a country to join the 21st century and paints the portrait of a lonely man who can find true contentment and satisfaction only in the stars.

The Skin I'm in Harlequin

A rich, unforgettable story of three unique women in post-Apartheid South Africa who are brought together in their darkest time and discover the ways that love can transcend the strictest of boundaries. In a squatter camp on the outskirts of Johannesburg, seventeen-year-old Zodwa lives in desperate poverty, under the shadowy threat of a civil war and a growing AIDS epidemic. Eight months pregnant, Zodwa carefully guards secrets that jeopardize her life. Across the country, wealthy socialite Ruth appears to have everything her heart desires, but it's what she can't have that leads to her breakdown. Meanwhile, in Zaire, a disgraced former nun, Delilah, grapples with a past that refuses to stay buried. When these personal crises send both middle-aged women back to their rural hometown to heal, the discovery of an abandoned newborn baby upends everything, challenging their lifelong beliefs about race, motherhood, and the power of the past. As the mystery surrounding the infant grows, the complicated lives of Zodwa, Ruth, and Delilah become inextricably linked. What follows is a mesmerizing look at family and identity that asks: How far will the human heart go to protect itself and the ones it loves?

In the Skin of a Lion New York Review of Books

'My Skin' is based on the feelings of the youth in the world today. There are many people who are

not comfortable in their own skin with much of it starting from a young age. The feeling of not being accepted for who you are is often noted online, in the television shows we watch, in commercials, and just being out there doing our day-to-day activities. Loving who you are as a person is very big because how you feel often is the outcome of how you deal with society. My book displays the love of oneself. It is an easy read for the youngsters, but anyone can read and enjoy the beautiful words, the positive message and the beautiful colors that go along with it. In reading this book, I hope that one will gain respect for themselves, as well as others, to be comfortable in the skin they're in and have the confidence to believe in themselves in order to do what they inspire themselves to do. I want my young readers to know that they hold the power to be great.

"Tumultuous, vibrant, tragic and over too soon." --Newsday Handwriting is Michael Ondaatje's first new book of poetry since *The Cinnamon Peeler*. The exquisite poems collected here draw on history, mythology, landscape, and personal memories to weave a rich tapestry of images that reveal the longing for--and expose the anguish over--lost loves, homes, and language, as the poet contemplates scents and gestures and evokes a time when "handwriting occurred on waves, / on leaves, the scripts of smoke" and remembers a woman's "laughter with its / intake of breath. Uhh huh." Crafted with lyrical delicacy and seductive power, Handwriting reminds us of Michael Ondaatje's stature as one of the finest poets writing today.

Michael Ondaatje is the first comprehensive and fully up-to-date study of Ondaatje's entire oeuvre. Starting from Ondaatje's beginnings as a poet, this volume offers an intensive account of each of his major publications, including *The Collected Works of Billy the Kid*, *Coming Through Slaughter*, *In The Skin of a Lion* and *The English Patient*, drawing attention to the various contexts and intertexts that have informed his work. The book contains a broad overview of Ondaatje's career for students and readers coming to his work for the first time. It also offers an original reading of his writing which significantly revises conventional accounts of Ondaatje as a postmodern or postcolonial writer. As the fullest account of Ondaatje's work to date, Spinks's approach draws on a range of postcolonial theory and, as well as being a landmark in Ondaatje scholarship, makes a distinctive contribution to debates about postcolonial literature and the poetics of postmodernism.

In the Skin of a Lion is a love story and an irresistible mystery set in the turbulent, muscular new world of Toronto in the 20s and 30s. Michael Ondaatje entwines adventure, romance and history, real and invented, enmeshing us in the lives of the immigrants who built the city and those who dreamed it into being: the politically powerful, the anarchists, bridge builders and tunnellers, a vanished millionaire and his mistress, a rescued nun and a thief who leads a charmed life. This is a haunting tale of passion, privilege and biting physical labour, of men and women moved by compassion and driven by the power of dreams -- sometimes even to murder.

This is the first unexpurgated English edition of Curzio Malaparte's legendary work *The Skin*. The book begins in 1943, with Allied forces cementing their grip on the devastated city of Naples. The sometime Fascist and ever-resourceful Curzio Malaparte is working with the Americans as a liaison officer. He looks after Colonel Jack Hamilton, "a Christian gentleman . . . an American in the noblest sense of the word," who speaks French and cites the classics and holds his nose as the two men tour the squalid streets of a city in ruins where liberation is only another word for desperation. Veterans of the disbanded Italian army beg for work. A rare specimen from the city's famous aquarium is served up at a ceremonial dinner for high Allied officers. Prostitution is rampant. The smell of death is everywhere. Subtle, cynical, evasive, manipulative, unnerving, always astonishing, Malaparte is a supreme artist of the unreliable, both the product and the prophet of a world gone rotten to the

core.

During the filming of his celebrated novel *THE ENGLISH PATIENT*, Michael Ondaatje became increasingly fascinated as he watched the veteran editor Walter Murch at work. *THE CONVERSATIONS*, which grew out of discussions between the two men, is about the craft of filmmaking and deals with every aspect of film, from the first stage of script writing to the final stage of the sound mix. Walter Murch emerged during the 1960s at the centre of a renaissance of American filmmakers which included the directors Francis Coppola, George Lucas and Fred Zinneman. He worked on a whole raft of great films including the three *GODFATHER* films, *JULIA*, *AMERICAN GRAFFITI*, *APOCALYPSE NOW*, *THE UNBEARABLE LIGHTNESS OF BEING* and many others. Articulate, intellectual, humorous and passionate about his craft and its devices, Murch brings his vast experience and penetrating insights to bear as he explains how films are made, how they work, how they go wrong and how they can be saved. His experience on *APOCALYPSE NOW* - both originally and more recently when the film was completely re-cut - and his work with Anthony Minghella on *THE ENGLISH PATIENT* provide illuminating highlights.
