"Right now vast amounts of data are being produced and transferred around the world. Each year this equates to millions of times more than the information contained in every single book ever published. To succeed in this age of information overload, we need to have skills that enable us to take in and assimilate a lot of information fast." -- Back cover.

Have you ever wanted to READ FASTER? Reading is one of those activities in life that one does for leisure, to gain information, for catching up and to satisfy one's need to learn. Reading is an activity that has been dying a slow death because of information shrinking and technology making it easier for us to scan items for information instead of thoroughly reading. Reading has been pushed down on our priority lists. However, this book is not about how reading is an art that needs to be revived. This book is about how to read in a way that does not interfere with the time limits and energy that have been allowed to your life for this task. Written with the aim of walking you through the art of speed reading, this book contains tricks and tips that will help you grasp the concept of balancing reading and your personal time in order to improve your life and scholarly successes. We all need to give ourselves more credit when it comes to our lives. There are many things that no matter how much time, effort and practice we put in, we cannot succeed as much as we wish. But, speed reading, luckily for you, does not fall into that category. Learning the techniques it takes to speed read can be done at any point in your life, you just have to be willing to change something used to function in everyday society and in each day of your life. Why not make something you already do every day a bit more convenient and practical? Overall, this book is the perfect guide to help you hone your skill of balancing. Not only will you be taught how to

speed read, but you'll also be instructed in the skills required to adapt to the art as quickly as possible. The transition phase from being a devouring reader to being a speed reader can be painful for those attached to books and who believe that a book is not read, it's eaten, bit-by-bit. Let us then break the myths surrounding the ways to read books. Let us then pick up our reading glasses and learn the best way to read books without wasting time or energy flipping pages, sipping coffee, and wasting time in an armchair. Let us find the midway that helps you maintain a healthy and much-required balance between life problems and the need to read. Without further ado, let us step into the journey of learning better, faster and smarter methods of reading!
