The Dodecanese and the East Aegean Islands SIP Scootershop Welcome to ICSOC-ServiceWave 2009. This volume contains the research and demopapers selected for presentation at the Seventh International Conference on Service-Oriented Computing, which was held in Stockholm, Sweden, November 24-27, 2009. Continuing the tradition set in the previous six years, we are pleased to present a high-quality technical program. This year ICSOC ServiceWave worked together to convey a world-leading and unique opportunity for academic - searchers and industry practitioners to report their state-of-the-art research findings in service-oriented computing. The joint conference aims to foster cross-community scientific excellence by gathering experts from various disciplines such as distributed systems, software engineering, computer networks, business intelligence, service science, grid and cloud computing, and security. Consistent with the high quality of the conference, we received 228 paper submissions from a number of different disciplines. Thirty-seven papers were accepted as regular contributions, for a very competitive acceptance rate of 16%; eight further submissions were accepted as short papers. The program also comprised nine demonstrations of innovative tools and prototypes. All these elements contributed to a program that covered the many different areas of the discipline and provided an up-to-date

synthesis of the research on service-oriented systems and applications.
