Be Opened! The Catholic Church and Deaf Culture offers readers a people's history of deafness and sign language in the Catholic Church. Paying ample attention to the vocation stories of deaf priests and pastoral workers, Portolano traces the transformation of the Deaf Catholic community from passive recipients of mercy to an active language minority making contributions in today's globally diverse church. Background chapters familiarize readers with early misunderstandings about deaf people in the church and in broader society, along with social and religious issues facing deaf people throughout history. A series of connected narratives demonstrate the strong Catholic foundations of deaf education in sign language, including sixteenth-century monastic schools for deaf children and nineteenth-century French education in sign language as a missionary endeavor. The author explains how nineteenth-century schools for deaf children, especially those founded by orders of religious sisters, established small communities of Deaf Catholics around the globe. A series of portraits illustrates the work of pioneering missionaries in several different countries—"apostles to the Deaf"—who helped to establish and develop deaf culture in these communities through adult religious education and the sacraments in sign language. In several chapters focused on the twentieth century, the author

describes key events that sparked a modern transformation in Deaf Catholic culture. As linguists began to recognize sign languages as true human languages, deaf people borrowed the practices of Civil Rights activists to gain equality both as citizens and as members of the church. At the same time, deaf people drew inspiration and cultural validation from key documents of Vatican II, and leadership of the Deaf Catholic community began to come from the deaf community rather than to it through missionaries. Many challenges remain, but this book clearly presents Deaf Catholic culture as an important and highly visible embodiment of Catholic heritage.

Eleventh Census of the United States, 1890 Discover Your Heritage

An interesting history of the Canadian Frontier along the Detroit River, including the territory which now embrace the present City of Windsor, The Towns of Sandwich and Walkerville and the Sandwich Townships, and also a brief account of the present County of Essex.

Sadlier's Catholic Almanac and Ordo for the Year of Our Lord ... Wayne State University Press

Since 1956 when Ontario's historical plaquing program was begun, more than 1,000 markers have been erected throughout the province. The range of subjects commemorated is astonishing – from mining rushes in northern Ontario to the invention of the socket-head screw ... from Harold Innis to Stephen Leacock ... from the typhus epidemic of 1847 to the discovery of insulin. Popular culture is also well represented: "Beautiful Joe" commemorates an

internationally successful novel about a dog; "When You and I Were Young, Maggie" celebrates a famous romantic ballad; "Jumbo" marks the spot where a beloved circus elephant died. The history of Ontario, like its geography and its people, is vast and varied. Whenever you drive the highways, hike the countryside, or stroll through your own neighbourhood, this book can be a guide. There is much to discover.

A multid denominational guide to 350,000 churches in the US, this is the fourth of a four-volume set - divided into regions - west, midwest, south and northeast. Within each volume, the entries are arranged alphabetically by state, Under each state, the entries are alphabetized by city, then by denomination.

Murder Mysteries: 350+ Detective Novels & True Crime Stories

Seasons of Grace is a history of the Catholic Church and community in southern lower Michigan from the 1830s through the 1950s. More than a chronicle of clerical successions and institutional expansion, the book also examines those social and cultural influences that affected the development of the Catholic community. To document the course of institutional growth in the diocese, Tentler devotes a portion of the book to tracing the evolution of administrative structures at the

Chancery and the founding of parishes, parochial schools, and social welfare organizations. Substantial attention is also given to the social history of the Catholic community, reflected in changes in religious practice, parish life and governance, and the role of women in church organizations and in devotional activities. Tentler also discusses the issue of Catholics in state and local politics and Catholic practice with regard to abortion, contraception, and intermarriage.
