The Divorce of Catherine of Aragon
Hardpress Publishing

J.A. Froude's *The Divorce of Catherine of Aragon* covers one of the seminal moments in English history: King Henry VIII's desire to divorce his wife, the popular Catherine of Aragon, so he could marry Anne Boleyn. Catherine was a popular Spanish princess and a Catholic, so the Catholic countries and the Vatican refused to annul their marriage, which eventually brought about England's split from the church and the introduction of the Church of England.

It's never too late to have a good divorce

Based on two decades of groundbreaking research, *The Good Divorce* presents the surprising finding that in more than fifty percent of divorces couples end their marriages, yet preserve their families. Dr. Ahrons shows couples how they can move beyond the confusing, even terrifying early stages of breakup and learn to deal with the transition from a nuclear to a "binuclear" family--one that spans two households and continues to meet the needs of children. *The Good Divorce* makes an important contribution to the ongoing "family values" debate by dispelling the myth that divorce inevitability leaves emotionally troubled children in its wake. It is a powerful tonic for the millions of divorcing and long-divorces parents who are tired of hearing only the damage reports. It will make us change the way we think about divorce and the way we divorce, reconfirming our commitment to children and families.

The Divorce of Catherine of Aragon, the Story as Told by the Imperial Ambassadors Resident at the Court of Henri VIII, "in Usum Laicorum", by J. A. Froude, Being a Supplementary Volume to the Author's History of England Harlequin

A "brilliantly written and meticulously researched" biography of royal family life during England's second Tudor monarch (San Francisco Chronicle). Either annulled, executed, died in childbirth, or widowed, these were the well-known fates of the six queens during the tempestuous, bloody, and splendid reign of Henry VIII of England from 1509 to 1547. But in this "exquisite treatment, sure to become a classic" (Booklist), they take on more fully realized flesh and blood than ever before. Katherine of Aragon emerges as

a staunch though misguided woman of principle; Anne Boleyn, an ambitious adventuress with a penchant for vengeance; Jane Seymour, a strong-minded matriarch in the making; Anne of Cleves, a good-natured woman who jumped at the chance of independence; Katherine Howard, an empty-headed wanton; and Katherine Parr, a warm-blooded bluestocking who survived King Henry to marry a fourth time.

"Combin[ing] the accessibility of a popular history with the highest standards of a scholarly thesis", Alison Weir draws on the entire labyrinth of Tudor history, employing every known archive—early biographies, letters, memoirs, account books, and diplomatic reports—to bring vividly to life the fates of the six queens, the machinations of the monarch they married and the myriad and ceaselessly plotting courtiers in their intimate circle (The Detroit News). In this extraordinary work of sound and brilliant scholarship, "at last we have the truth about Henry VIII's wives" (Evening Standard).

The Divorce of Catherine of Aragon, as Told by the Imperial Ambassadors at the Court of Henry VIII. St. Martin's Press
 In 1533 the English monarch Henry VIII decided to divorce his wife of twenty years Catherine of Aragon in pursuit of a male heir to ensure the Tudor line. He was also head over heels in love with his wife's lady in waiting Anne Boleyn, the future mother of Elizabeth I. But getting his freedom involved a terrific web of intrigue through the enshrined halls of the Vatican that resulted in a religious schism and the formation of the Church of England. Henry's man in Rome was a wily Italian diplomat named Gregorio Casali who drew no limits on skulduggery including kidnapping, bribery and theft to make his king a free man. In this absorbing narrative, winner of the Rome Fellowship prize and University of Durham historian Catherine Fletcher draws on hundreds of previously-unknown Italian archive documents to tell the colorful tale from the inside story inside the Vatican.

 The Story as Told by the Imperial Ambassadors Resident at the Court of Henry VIII
 The Divorce of Catherine of Aragon

If your school's homecoming king had a little too much in common with Henry VIII, would you survive with your head still attached? You'd think being the new girl in a tiny town would equal one very boring senior year. But if you're me—Annie Marck, alias Cleves—and you accidentally transform into teenage royalty by entering Lancaster High on

the arm of the king himself? Life becomes the exact opposite of boring. Henry has it all: he's the jock, the genius and the brooding bad boy all in one. Which sort of explains why he's on his sixth girlfriend in two years. What it doesn't explain is why two of them—two of us—are dead. My best friend thinks it's Henry's fault, which is obviously ridiculous. My nemesis says we shouldn't talk about it, which is straight-up sketchy. But as the resident nosy new girl, I'm determined to find out what really happened to Lancaster's dead queens...ideally before history repeats itself.

'Alison Weir transforms Henry VIII's much-maligned fourth wife into a woman of passion, courage and mystery' Tracy Borman
Alison Weir, historian and author of the Sunday Times bestsellers Katherine of Aragon: The True Queen, Anne Boleyn: A King's Obsession and Jane Seymour: The Haunted Queen, paints a spellbinding portrait of Anna of Kleve, Henry VIII's fourth queen. 'This six-book series looks likely to become a landmark in historical fiction' The Times
A GERMAN PRINCESS WITH A GUILTY SECRET. The King is in love with Anna's portrait, but she has none of the accomplishments he seeks in a new bride. She prays she will please Henry, for the balance of power in Europe rests on this marriage alliance. But Anna's past is never far from her thoughts, and the rumours rife at court could be her downfall. Everyone knows the King won't stand for a problem queen. ANNA OF KLEVE THE FOURTH OF HENRY'S QUEENS HER STORY Acclaimed, bestselling historian Alison Weir draws on new evidence to conjure a startling image of Anna as you've never seen her before. A charming, spirited woman, she was loved by all who knew her - and even, ultimately, by the King who rejected her. History tells us she was never crowned. But her story does not end there. SIX TUDOR QUEENS. SIX NOVELS. SIX YEARS. 'Alison Weir makes history come alive as no one else'
Barbara Erskine 'Weir is excellent on the little details that bring a world to life'
Guardian

The Divorce of Catherine of Aragon

Taking a new look at divorce in America, Catherine Reissman shows how divorce is socially shared, and how it takes crucially different forms for women and men. Drawing on interviews with adults who are divorcing, she treats their accounts as texts to be interpreted, as templates for understanding contemporary beliefs about personal relationships. Riessman looks at the ideology of the companionate marriage: husband and wife should be each other's closest companion, and in marriage one should achieve emotional intimacy and sexual fulfillment. These beliefs imply a level of equality that rarely exists. In reality, most wives are subordinate to their husbands, most husbands want neither "deep talk" nor small talk that women want, and many husbands resent their wife's ties to kin and friends. To explain divorce, women and men construct gendered visions of what marriage should provide, and at the same time they mourn gender divisions and blame their divorces on them. Riessman examines the stories people tell about their marriages--the

protagonists, inciting conditions, and culminating events--and how these narrative structures provide ways to persuade both teller and listener that divorce was justified. Although divorce is invariably stressful, many people believe that men suffer less than women. This is an artifact of what Riessman calls the "feminization of psychological distress"--traditional ways of measuring distress reflect women's idioms, not men's.

Departing from a literature that casts divorce in only negative terms, she finds paradoxically that women sense rewards, even as they report hardship. There is a shakeup in gender roles, and women more than men feel they gain a fuller idea of who they are. The author allows us to enter the points of view of her subjects, while her analytic approach makes links between the self and society.
