Collection of the
monthly climatological
reports of the United
States by state or
region, with monthly
and annual national
summaries.

**A New and Complete
Statistical Gazetteer
of the United States
of America** Routledge

When walking the
French Quarter and
watching a Lucky Dog
salesman set up that
colorful cart and call
out to entice
customers, don't you
wonder how such a
business works? As a
knowing review in
Rolling Stone stated,
"People have always
loved the cart and
harbored a mysterious

need to ride it.
Revelers have been
known to climb on top
of the rolling wienies,
screaming 'Yippee
kaya!' as vendors
stoically push them
back to the barn at 4
a.m." Since 1947 the
red and yellow carts
have trumpeted good
fortune and
sustenance. Jerry E.
Strahan recounts the
wild adventures of the
Bourbon Street wienie
salesmen but also
takes readers well
beyond New Orleans.
In fact, he takes them
halfway around the
world, where this
unique pushcart
business maneuvered
its way through the
bureaucratic red tape
of a communist
country to become a
licensed corporation in
the People's Republic
of China. In China, two
points quickly became

apparent to Strahan. First, 99 percent of the Chinese population had no idea what a Lucky Dog cart represented. One elderly passerby declared it to be a missile. Second, the success or failure of any joint venture in the Asian nation is directly proportional to the political clout of that company's local partner. Lucky Dogs also recounts how the business and its vendors survived Hurricane Katrina. Miraculously, it reopened only six months after the storm in a city where more than 80 percent of the landmass had been flooded and where less than 40 percent of the population had returned. To reestablish itself in what many described as Third World

conditions, the company had to transform its operation. This work mixes business history, autobiography, survival story, and an insider's look at the bizarre lives of some of Bourbon Street's most quirky characters--the dauntless Lucky Dog vendors. Both humorous and tragic, though it may read like fiction, it is, for better or worse, all fact.
