Look Into My Eyes is an autobiography of one man's life through the lens of Asperger's syndrome - a high-functioning form of autism spectrum disorder. This second edition includes a chapter written by the authors wife about what it is like to be in a relationship with an someone with Asperger's Syndrome,

she shares both the positive aspects, and the challenges. As a small child Dan Jones knew he was different to other children, they would want to play football and interact with each other, he would want to crawl around searching for snails keeping himself to himself. Dan found his own coping strategies to manage his anxieties, discovering meditation as an eight year old, and hypnosis as a teenager. This book offers a rare insight into what it is like to live with Asperger's. Dan has a unique perspective; not only does he have Asperger's, but a large part of his professional life has been spent working with people with autism spectrum disorder and their

carers.

John Wiley & Sons Economics of Money, Banking, and Financial Markets heralded a dramatic shift in the teaching of the money and banking course in its first edition, and today it is still setting the standard. By applying an analytical framework to the patient, stepped-out development of models, Frederic Mishkin draws students into a deeper understanding of modern monetary theory, banking, and policy. His landmark combination of common sense

applications with current, real-world events provides authoritative, comprehensive coverage in an informal tone students appreciate.

 This revision of Bloom's taxonomy is designed to help teachers understand and implement standards-based curriculums.  
 Cognitive psychologists, curriculum specialists,

teacher educators, and researchers have developed a two-dimensional framework, focusing on knowledge and cognitive processes. In combination, these two define what students are expected to learn in school. It explores curriculums from three unique perspectives- cognitive psychologists (learning emphasis), curriculum specialists and teacher educators (C & I emphasis), and measurement and assessment experts (assessment emphasis). This revisited framework allows you to connect learning in all areas of curriculum. Educators, or others interested in educational psychology or educational methods for grades K-12.
