Each Ultimate Advanced course contains a 400+-page book with eight 60-minute recordings. All 20 lessons begin with a lively, up-to-date dialogue. Additional sections explain grammar and usage, offer related vocabulary, quiz students on their progress, and provide interesting cultural information, especially useful to those planning to live or conduct business abroad. The eight hours of recordings are separated into two sets. The first four (Learn at Home) are in the target language only and are meant to be used with the manual. The second set (Learn on the Go) -- perfect for use in the car, at the gym, or anywhere -- contains both English and the target language, so no book is needed to follow along. This two-tiered approach has been hailed as "ingenious" by Professor Kuhn-Osius of the City University of New York. A step-by-step guide to the basics of conversation and grammar, the revised and updated course uses a highly effective speed-learning method developed by U.S. government experts during World War II and adapted for home study in 1946. The 40 lessons on two 90-minute cassettes (or three 60-minute compact discs) start with words, then progress to phrases and full dialogues. This building-block approach makes it easy to learn. Only the new language is heard on the recordings, with translations and explanations provided in the accompanying manual. In addition, the manual includes a brief but comprehensive grammar summary, verb charts, and a section
