The New York Public Library staff answers questions remarkable and preposterous, with illustrations by Barry Blitt. Have you've ever wondered if you can keep an octopus in a private home? Do you spend your time thinking about how much Napoleon's brain weighed? If so, *Peculiar Questions and Practical Answers* is the book for you. The New York Public Library has been fielding questions like these ever since it was founded in 1895. Of course, some of the questions have left the librarians scratching their

heads... “In what occupations may one be barefooted?” “What time does a bluebird sing?” “What does it mean when you’re being chased by an elephant?” “What kind of apple did Eve eat?” “How many neurotic people are there in the U.S.?” In *Peculiar Questions and Practical Answers*, the staff of the NYPL has dug through the archives to find thoughtful and often witty answers to over one hundred of the oddest, funniest, and most whimsical questions the library has received since it began record-keeping over seventy-five years ago. One of *The New Yorker’s* best-known and beloved illustrators, Barry Blitt, has created watercolors that bring many of the questions hilariously to life in a book that answers, among others, the question “Does anyone have a copyright on the Bible?”

“A classic. Read it. Use it. It can help guide you step by step into the bright light of the world of recovery.” —from the Foreword by Harry Haroutunian, M.D., Physician Director, Betty Ford Center  
 “The Recovery Book is the Bible of recovery. Everything you need to know you will find in here.” —Neil Scott, host, Recovery Coast to Coast radio Hope, support, and a clear road map for people with drug or alcohol addiction. Announcing a completely revised and updated second edition of *The Recovery Book*, the Bible of addiction recovery. *The Recovery Book* provides a direct and easy-to-follow road map to every step in the recovery process, from the momentous decision to quit to the emotional, physical, and spiritual issues that arise along the way. Its comprehensive and effective advice speaks to people with addiction, their loved ones, and addiction professionals who need a proven, trusted

resource and a supportive voice. The new edition of *The Recovery Book* features the revolutionary Recovery Zone System, which divides a life in recovery into three chronological zones and provides guidance on exactly what to do in each zone. First is the Red Zone, where the reader is encouraged to stop everything, activate their recovery and save their life. Next is the Yellow Zone, where the reader can begin to rebuild a life that was torn apart by addiction. Finally, the reader reaches the Green Zone, where he can enjoy a life a recovery and help others. Readers also learn how to use the Recovery Zone ReCheck, a simple, yet very effective relapse prevention tool. The Recovery Zone System works hand-in-hand with the 12-step philosophy and all other recovery methods. In addition, *The Recovery Book* covers new knowledge about addiction mechanisms and neuroplasticity, explaining how alcohol and drugs alter the brain. The authors outline a simple daily practice, called TAMERS, that helps people to use those same processes to “remold their brains” around recovery, eventually making sobriety a routine way of life. Written by Al J. Mooney, M.D., a recovery activist who speaks internationally on recovery, and health journalists Catherine Dold and Howard Eisenberg, *The Recovery Book* covers all the latest in addiction science and recovery methods. In 26 chapters and over 600 pages, *The Recovery Book* tackles issues such as:  
 Committing to Recovery: Identifying and accepting the problem; deciding to get sober. Treatment Options: Extensive information on all current options, and how to choose a program. AA and other 12-Step Fellowships: How to get involved in a mutual-support group and what it can do for you. Addiction Science and Neuroplasticity: How alcohol and drugs alter pathways in the

brain, and how to use the same processes to remold the brain around recovery. Relapse Prevention: The Recovery Zone ReCheck, a simple new technique to anticipate and avoid relapses. Rebuilding Your Life: How to handle relationships, socializing, work, education, and finances. Physical and Mental Health: Tips for getting healthy; how to handle common ailments. Pain Control: How to deal with pain in recovery; how to avoid a relapse if you need pain control for surgery or emergency care. Family and Friends: How you can help a loved one with addiction, and how you can help yourself. Raising Substance-Free Kids: How to “addiction-proof” your child. The Epidemic of Prescription Drugs: Now a bigger problem than illegal drugs. Dr. Al J. Mooney has been helping alcoholics and addicts get their lives back for more than thirty years, using both his professional and personal experiences at his family’s treatment center, Willingway, and most recently through his work as medical director for The Healing Place of Wake County (NC), a homeless shelter. The Recovery Book will help millions gain control of their mind, their body, their life, and their happiness. [www.TheRecoveryBook.com](http://www.TheRecoveryBook.com)

*108 Keys to Unlock Your Mind, Body & Soul* St. Martin’s Essentials  
2018 Nautilus Book Awards Silver Winner What if you could unlock a better answer to your most vexing problem—in your workplace, community, or home life—just by changing the

question? Talk to creative problem-solvers and they will often tell you, the key to their success is asking a different question. Take Debbie Sterling, the social entrepreneur who created GoldieBlox. The idea came when a friend complained about too few women in engineering and Sterling wondered aloud: "why are all the great building toys made for boys?" Or consider Nobel laureate Richard Thaler, who asked: "would it change economic theory if we stopped pretending people were rational?" Or listen to Jeff Bezos whose relentless approach to problem solving has fueled Amazon's exponential growth: "Getting the right question is key to getting the right answer." Great questions like these have a catalytic quality—that is, they dissolve barriers to creative thinking and channel the pursuit of solutions into new, accelerated pathways. Often, the moment they are voiced, they have the paradoxical effect of being utterly surprising yet instantly obvious. For innovation and leadership guru Hal Gregersen, the power of questions has always been clear—but it took some years for the follow-on question to hit him: If so much depends on fresh questions, shouldn't we know more about how to arrive at them? That sent him on a research quest ultimately including over two hundred interviews with creative thinkers. Questions Are the Answer delivers the insights Gregersen gained about the conditions that give rise to catalytic questions—and breakthrough insights—and how anyone can create them.

[Answers to Your Biggest Questions About Teaching Secondary Math](#) Faber & Faber

Many Christians' faith exists as a loose collection of unexamined clichés and slogans borrowed from songs, devotional books, sermon illustrations, and even the internet. Too often this belief system (if it can be called a "system") lacks coherence and intelligibility; it can hardly be expressed, let alone defended, to others. The problem with folk religion is that it too easily withers under the onslaughts of secularism or seemingly reasonable answers provided by cults and new religions. Christianity has a

long tradition of intellectual examination of other faiths and its own beliefs. Socrates said that the unexamined life is not worth living; great Christian minds of all the ages have believed the unexamined faith is not worth believing. Reflective Christianity is Christian faith that has subjected itself to the rigorous questioning of Scripture, tradition, reason, and experience. It is mature Christian faith that goes on believing even as it questions what it believes. The goal of this book is not to destroy anyone's faith but to build it up by placing it on a firmer foundation of critical examination. Ten popular Christian clichés are subjected to critical inquiry and interrogated to discover whether they contain truth or are in error. In most cases the conclusion is—both. The aim is not to tear down straw men but to demonstrate a path toward stronger, more mature Christian belief.
