The Therapy is an absolutely fantastic piquant plot, delightfully crafted where romance accentuate a high degree of sensuality in an inter-racial marriage between Vije and Dr.Sarani. Vije met with a nasty car accident and his right

leg was severely fractured. Sarani with her potentially effective treatment cured him in a short span of time. They opened up a Holiday Resort and an Orthopedic Clinic in the Maldives. She discovered a therapy for painless child birth and HIV virus which brought her laurels. She migrated to Canada where circumstances force her to involve in an undue affair with Vije's brother who was afflicted with Aids. He was gunned down and Vije was taken as prime suspect. He was imposed with death sentence to execute on electric chair according to the new enactment of the Penal code which was introduced to curb the ever escalating homicides in

Canada. Vije got a dramatic release from the jail and story moves in suspense. The Therapy provides a clear answer to the existing dissensions and holocausts in every parts of the globe where less knowledgeable people with blind faith and racial misconceptions commit heinous crimes.

Colonial Servitude and Resistance in Sri Lanka
Columbia University Press

In these stories, the narrators are individuals hapless in the face of some kind of trouble. An over-worked doctor, a returning soldier, a worried husband, or an ambushed lawyer; in each case, the supernatural is an unwanted guest that comes a-knocking.

Whether it is for better or worse, however, is only revealed at the end, keeping the reader in suspense as the plot unfolds. Even in this modern age of science, there are many episodes that are simply beyond our ken. The Dalvey Estate Midnight Visitor, for instance, recounts the strange events in a ward that lead a medical man to wonder if there may be something else at work to aid him in his noble calling. Similarly, the husband in The Eerie Guardian prides himself on his non-nonsense attitude, easily dismissing his colleagues' warnings as flights of fancy. Yet, it is only when he becomes trapped in a living nightmare that he begins to seek the truth behind his

misfortunes. At the same time, these are more than dime-store pulp horror. Though the stories tell of grisly figures and tragic pasts, at their very heart, they are about fundamentally human emotions. The lingering memory of safety that a parental figure evokes in *The Robin Road Peanut Seller*. The violent anger at familial betrayal and stolen love in *The Ghostly Bride*. Look beyond the tattered rags and chilling voices that these spectres wear like armour, and you may find something that is not so different from you and I after all.

The Sri Lanka Reader Brepols Pub
This is the most controversial Book, containing complex shocking revelations, in

the series of Books by the Author, wherein most difficult topics are excellently and diligently dealt with, exposing realities in politics, and non-dispensation of justice, with judiciary acting sans jurisdiction, ultra-vires the Constitution, denying natural justice, making a mockery of the `rule of law', paying scant regard to United Nations Conventions on Human Rights. The range of cases and topics dealt with is indeed amazing making exhorbing reading. Commencing with his own exposure to politics, paying high tribute to minority Tamils in Sri Lanka, the Author brings out stunning prevalent reality. Makes startling disclosures on Sri Lanka's most controversial

Presidential Election of 2010, and incarceration, as a villain, a Presidential Candidate, a trusted Army General, once hailed, as the 'best Army General in Asia', having led the country's armed forces to crush one of the most feared terrorists organizations, internationally banned, Liberation Tigers of Tamil Elam. The most difficult and delicate subject of 'judicial bias and disqualification' at highest levels of the judiciary is dealt with, including the controversy which reverberated on the endeavour by the Legislature to impeach a Chief Justice, whose husband, having held high profile political office, was implicated in a dubious share scandal, involving the

country's leading Savings Bank. Author incisively delves into an important case of abduction of a Tamil businessman, and the horrendous anonymous allegations of trading in human body parts, during the war against the terrorists, allegedly with Indian and Israeli connections. Author analyses real case studies, involving foreign investments, demonstrating classic instances of dubious judicial processes, including subversion of action, vis-à-vis, fabricated forged documents of public officers tendered to Court, involving questionable professional conduct, and indifference by law enforcement authorities, including Attorney General, Chief Law Officer of the

State.

Aspects of Caste in

additional information

was gathered on caste hierarchies in South Asia, and two major attempts were made to identify the underlying unity of this material - a structuralist one by Louis Dumont and an ethnosociological one by McKim Marriott et al. This quest for unity seemed attractive, yet at the same time, as the contributions to the present volume indicate, premature. The four papers collected here and published in 1982 are all concerned with caste ideology and caste interaction in different locales of South Asia.

The author brings together the references to Sri Lanka (the island of

Taprobane in Greek and Latin texts) for the purpose of examining their value as sources for the study of ancient Sri Lanka. One of the main reasons for Sri Lanka to maintain political, religious and commercial relationships with the external world was its role as a great emporium in the long distance maritime trade, a result of its central position in the Indian Ocean, its numerous bays and harbours facilitating both sea-borne and inland trade and its holdings of high export value goods such as precious stones, textiles and spices. Any study of this commerce has to be based on literary and epigraphical sources on the one hand and archaeological

evidence on the other. The range of the volume is vast and includes not only a critical assessment of all the notices by classical writers on Taprobane (the author provides an up to date analysis), but also a chapter on Roman coins found in Sri Lanka and a chapter on alleged classical references in the interlinear inscriptions from Sri Lanka, which questions their genuineness. Through this book we have a recourse to a work of reference for any study on ancient Sri Lanka and its important position in the world of the Indian Ocean. Martyn's Notes on Jaffna Routledge Have we reached an end to the era of peaceful third party intervention in conflict

management and resolution? In the 1990s, with the ending of the Cold War, the intervention of third parties as a non-violent means of negotiating settlements of intra-state conflicts gained prominence but the emphasis in the twenty-first century has been increasingly on military responses. Peaceful Intervention in Intra-State Conflicts: Norwegian Involvement in the Sri Lankan Peace Process is an in-depth, impartial discussion on the background, decision making processes and procedures and related actions in the Norwegian facilitated peace process in Sri Lanka that gradually shifted towards a military solution. It provides the reader

with evidence based comprehensive analysis on the attempts of peaceful third party intervention in a complex ethno-separatist intra-state conflict.

This very interesting compilation, written by the son of the first photographer and journalist of Ceylon, is of the various important dates in the history starting with the advent of the Portuguese in 1505. It goes on to cover the Dutch period in a short chapter to reach the copious section of the British period that commenced in 1795 and continues till the author's time of compiling in the 1920s. Although the eras of the Portuguese and Dutch are over in a few

pages. The record of the events of the British stretch over 125 pages. Another wonderful part of this book is 442 short notes on the places, people, history, scandals, poetry, celebrations, arrival of ships that make the book interesting to those who know Jaffna only by name.

Portuguese Encounters with Sri Lanka and the Maldives: Translated Texts from the Age of the Discoveries is designed to provide access to translations of 16th- and 17th-century documents which illustrate various aspects of this encounter, combining texts from indigenous

sources with those from the Portuguese histories and archives. These documents contribute to the growing understanding that different groups of European colonizers - missionaries, traders and soldiers - had conflicting motivations and objectives. Scholars have also begun to emphasize that the colonized were not mere victims but had their own agendas and that they occasionally successfully manipulated colonial powers. The texts in this volume help to substantiate these assertions while also illustrating the changing nature of the interactions. The present volume contains chapters covering the Portuguese arrival in

Sri Lanka and their first encounters with the island and its peoples, their subsequent relations with Kandy and Jaffna, and a final chapter on Portuguese relations with the Maldivian Islands. A historical introduction provides the context in which the documents can be read and a select bibliography indicates the most recent and authoritative secondary works on the subject

Caste Ideology and Interaction Cambridge University Press

For hundreds of years, the island of Sri Lanka was a crucial stopover for people and goods in the Indian Ocean. For the Dutch East India Company, it was also a crossroads in the Indian Ocean slave trade. Slavery was present in multiple forms in Sri Lanka—then Ceylon—when the British conquered the island in the late eighteenth century and began to gradually abolish slavery. Yet the

continued presence of enslaved people in Sri Lanka in the nineteenth century has practically vanished from collective memory in both the Sinhalese and Tamil communities. Nira Wickramasinghe uncovers the traces of slavery in the history and memory of the Indian Ocean world, exploring moments of revolt in the lives of enslaved people in the wake of abolition. She tells the stories of Wayreven, the slave who traveled in the palanquin of his master; Selestina, accused of killing her child; Rawothan, who sought permission for his son to be circumcised; and others, enslaved or emancipated, who challenged their status. Drawing on legal

cases, petitions, and other colonial records to recover individual voices and quotidian moments, Wickramasinghe offers a meditation on the archive of slavery. She examines how color-based racial thinking gave way to more nuanced debates about identity, complicating conceptions of blackness and racialization. A deeply interdisciplinary book with a focus on recovering subaltern resistance, *Slave in a Palanquin* offers a vital new portrait of the local and transnational worlds of the colonial-era Asian slave trade in the Indian Ocean.
