Ammonite Press

Photography is a big part of our lives, and we all take photos all

the time. By understanding just a few basics of how your camera - or your phone - works, you'll find yourself able to take more exciting, stand-out photos. Within a few pages you'll be able to speak with confidence to photographers about exposure settings, decide what lighting or lenses will lift a scene, or what tactics you can use to make your subject look more interesting. The book also covers the basics of managing, editing & sharing your collection of digital images so you're not at the mercy of the software that was bundled with your phone.

All you need is a digital camera or a mobile phone and this best-selling book to unlock your full potential as a photographer. From choosing the right equipment and aperture exposure to adjusting focus and flash, *The Beginner's Photography Guide* explains key concepts in clear and simple terms to help you make the most of your camera. Written for absolute beginners, this handbook contains step-by-step tutorials covering the whole range of camera functions and photographic techniques. Each chapter of the book is full of practical hands-on projects that will

help you get the best from your camera. At-a-glance comparison images show how camera settings can produce remarkably different pictures. The results are shown side-by-side with each technique, along with the setting used to create a particular look or effect. You'll also learn how to enhance your images using a range of innovative ideas adopted by professionals. This revised edition has been updated to reflect all the latest developments in technology and creative trends in digital image-making. This manual will teach you all the tips and techniques you need to ensure that your memorable moments are captured perfectly every time!

Beginners in photography will let their camera's Auto mode handle all of the complexities of aperture, shutter speed, white balance

and so on. But as useful as Auto is in these early stages, it will rapidly limit you to boring, technically perfect shots that won't spark any interest. Beyond Auto is the easily accessible guide that shows how taking control of your camera's settings sets you free. Unlike other beginner books, it doesn't attempt to explain each and every button, dial and feature on your camera, or explore precisely where a pixel comes from. Instead it concentrates on the photographic "holy trinity" of exposure, focus and color, and the essential skills that will enable you to take the sensational pictures that Auto mode can't.

How to Rule at
Photography features
50 bite-size tips and
tricks to help you
improve your photo
skills with your phone's
camera. Creating
brilliant photos with
your phone isn't as
hard as you might
think, and the easy-to-

follow advice in this book goes way beyond selfie help. Let these deceptively simple tips help you unleash your inner creativity and upgrade your social media feed as you start snapping great shots using only your phone. You'll not only learn actionable tips to make your photos better—you'll learn how to develop your own personal style along the way. • Simple and effective instructional content • Features tips for amateur documentarians and aspiring social media influencers • Advice on how to pose for a portrait, get the best lighting, and edit images like a pro using nothing but your smartphone This book is the perfect easy-breezy volume for the

person who wants to up their phone photography game. Part of the How to Rule series, a collection of tiny how-to books you can take anywhere to improve your creative skills. • A perfect gift for aspiring and hobbyist photographers, art students, Instagram addicts, and selfie takers • Makes smartphone photography easy, approachable, and super fun • Great for readers who enjoyed How to Create Stunning Digital Photography by Tony Northrup, The Beginner's Photography Guide by Chris Gatcum, and BetterPhoto Basics by Jim Miotke **#PHOTO52** Cooking Lab Experiment with new

projects and techniques, and create arresting images time and again Digital cameras have made it easy for us all to take photos that are, technically, perfect: clearly exposed, sharply focused, and beautifully composed. However, what most photographers want from their photography is something more personal, more individual - in short, more creative. In this sequel to the highly successful *Creative Digital Photography: 52 Weekend Projects*, respected author and prize-winning photographer Chris Gatcum will show you how to create images that pack that creative punch and involve fun. *Complete Photography* Pearson Deutschland GmbH

Take Control of Your Camera... but Only When You Have To When you first buy a camera it's great to just shoot away, taking advantage of all the sophisticated automatic features of 'full auto' mode. Real photographers are able to take better photos because they understand what their camera's auto mode is doing, and when to over-rule it and let creativity reign. This book will make you a real photographer. *Simple Photography Beyond Auto* is an easily accessible guide which will set you free. Concise Unlike other books, *Photography Beyond Auto* does not attempt to explain every switch, dial and button on your camera, or explore precisely where each pixel

comes from. It concentrates on the key creative controls, including exposure, focus and colour; essential skills that'll enable you to take the sensational pictures that Auto mode simply can't. Time-saving Auto mode does a good job a lot of the time, so *Photography Beyond Auto* will help you understand, in easy-to-understand terms, why camera auto makes the decisions it does, and whether they will help or hinder your creative vision. Inspiring Filled with creative examples that'll make you want to get shooting straight away.

Modernist Pizza ist das ultimative Werk über das wahrscheinlich beliebteste Gericht der Welt. Dem Team, dem wir die hochgelobten Bücher Modernist

Cuisine: Die Revolution der Kochkunst und Modernist Bread verdanken, ist ein weiteres bahnbrechendes Buch gelungen. Modernist Pizza ist das Ergebnis intensiver Recherchen, vieler Reisen und aufwändiger Experimente, mittels derer das weltweite Wissen über Pizza gesammelt und erweitert wurde. Die Autoren Nathan Myhrvold und Francisco Migoya präsentieren praktische Tipps und innovative Techniken, die auf Hunderten von Tests und Experimenten basieren. Mit 1708 Seiten, in drei Bänden plus Rezepthandbuch, ist Modernist Pizza weit mehr als ein Kochbuch, sondern ein unverzichtbares

Hilfsmittel für alle, die nicht nur gerne Pizza essen, sondern sich auch für den wissenschaftlichen und kulturellen Background dieses Gerichts interessieren. Jedes der opulent bebilderten Kapitel befasst sich mit einem anderen, von der Entstehung der Pizza und ihrem Siegeszug rund um die Welt bis hin zu Teig, Sauce, Käse, Belag, Ausrüstung und vielem mehr. Modernist Pizza wird in einem roten Edelstahlschuber ausgeliefert und enthält über 1000 traditionelle und avantgardistische Pizzarezepte aus der ganzen Welt, die für Profi- und Hobby-Pizzaioli gleichermaßen geeignet sind. Modernist Pizza gibt Ihnen unzählige Anregungen, um Ihr

Handwerk weiterzuentwickeln, neue Pizzen zu erfinden und grandiose Kreationen zu schaffen. Es gab noch nie eine bessere Zeit, um Pizza zu backen!
