“Make Air, Not War” is the personal motto of Dan Crane, the musician who decided to put his “there” guitar aside and reinvent himself as Björn Türoque: the take-no-prisoners future of competitive air guitar. Jeopardizing love and livelihood to join the ruthless international circuit of the World Air Guitar Championships, Björn Türoque (pronounced “b-yorn too-RAWK”) began a

three-year odyssey to secure what was rightfully his (and America’s!)—the air guitar world crown. To Air is Human is the riotous tale of one man’s journey through a world of wheelchair-bound Christian air rockers, spandex-jumpsuit fittings, Finnish stunt wolves, catatonic ‘80s guitar heroes, air groupies, Aireoke™, Air Supply, dry-ice injuries, and ultimately, good vs. evil (in the form of Björn’s rival pretender to the air guitar throne). But it is also a sincere and penetrating account of the pursuit of an elusive, intangible, and perhaps nonexistent goal: to achieve “airness”—that is, when air guitar

transcends the “real” art that it imitates and becomes an art form in and of itself. “Björn Türoque is so good that people with real guitars now have contests to see who can do the best imitation of his air guitar imitation.”—Malcolm Gladwell, author of *Blink and The Tipping Point*  
*Venom Doc* Hal Leonard Publishing Corporation  
Will Earnest, a nationally-known evangelical figure, lived his life surrounded by affirmation, praise, and all of the trappings that come with a life of celebrity and fame. Until a scandal destroyed his reputation and humiliates his family. Ten

years later, as Will seeks to rebuild his life and the relationships devastated by his fall from grace, he is haunted not only by his own addiction to painkiller drugs, but also by a secret that will threaten not only himself, but also the lives of those he loves the most. Set against the backdrop of the ongoing War on Drugs and the bitter cultural divide of American politics, *Painkiller* is a story of redemption and justice that serves as a reminder that love, in its purest and most protective form, is the most able and effective painkiller there is.

**The Cambridge Companion to Metal Music** Penguin

The Apocalypse or end times are a recurrent theme within contemporary popular culture. 'The End All Around Us' presents a wide-ranging exploration of the influence of the apocalypse within art, literature, music and film. The essays draw on representations of the apocalypse in heavy metal music, science fiction, disaster movies and anime. The book examines key apocalyptic texts, focusing on their relevance to today. It will be invaluable to all those interested in the religious and cultural impact of apocalyptic

thought.

*The Last Mona Lisa* Bloomsbury Publishing USA

Heavy metal has developed from a British fringe genre of rock music in the late 1960s to a global mass market consumer good in the early twenty-first century. Early proponents of the musical style, such as Black Sabbath, Deep Purple, Judas Priest, Saxon, Uriah Heep and Iron Maiden, were mostly seeking to reach a young male audience. Songs were often filled with violent, sexist and nationalistic themes but were also speaking to the growing sense of deterioration in social and professional life. At the same time, however, heavy metal was seriously indebted to the legacies of blues and classical music as well as to larger literary and cultural themes. The genre also produced mythological concept albums and rewritings of classical poems. In other words, heavy metal tried from the beginning to locate itself in a liminal space between pedestrian mass culture and a rather elitist adherence to complexity and musical craftsmanship, speaking from a subaltern position against the hegemonic discourse. This collection of essays

provides a comprehensive and multi-disciplinary look at British heavy metal from its beginning through The New Wave of British Heavy Metal up to the increasing internationalization and widespread acceptance in the late 1980s. The individual chapter authors approach British heavy metal from a textual perspective, providing critical analyses of the politics and ideology behind the lyrics, images and performances. Rather than focus on individual bands or songs, the essays collected here argue with the larger system of heavy metal music in mind, providing comprehensive analyses that relate directly to the larger context of British life and culture. The wide range of approaches should provide readers from various disciplines with new and original ideas about the study of this phenomenon of popular culture.

**Judas Priest** ECW Press

The Bloomsbury Handbook of Popular Music and Social Class is the first extensive analysis of the most important themes and concepts in this field. Encompassing contemporary research in ethnomusicology, sociology, cultural studies, history, and race studies, the

volume explores the intersections between music and class, and how the meanings of class are asserted and denied, confused and clarified, through music. With chapters on key genres, traditions, and subcultures, as well as fresh and engaging directions for future scholarship, the volume considers how music has thought about and articulated social class. It consists entirely of original contributions written by internationally renowned scholars, and provides an essential reference point for scholars interested in the relationship between popular music and social class.

**Black Tooth Grin** Sourcebooks, Inc. SCP Foundation anomalies SCP-001 through to SCP-999, including containment procedures, experiment logs and interview transcripts. An encyclopedia of the unnatural. The Foundation Operating clandestine and worldwide, the Foundation operates beyond jurisdiction, empowered and entrusted by every major national government with the task of containing anomalous objects, entities, and phenomena. These anomalies pose a significant threat to global security by threatening either physical or

psychological harm. The Foundation operates to maintain normalcy, so that the worldwide civilian population can live and go on with their daily lives without fear, mistrust, or doubt in their personal beliefs, and to maintain human independence from extraterrestrial, extradimensional, and other extranormal influence. Our mission is three-fold: Secure The Foundation secures anomalies with the goal of preventing them from falling into the hands of civilian or rival agencies, through extensive observation and surveillance and by acting to intercept such anomalies at the earliest opportunity. Contain The Foundation contains anomalies with the goal of preventing their influence or effects from spreading, by either relocating, concealing, or dismantling such anomalies or by suppressing or preventing public dissemination of knowledge thereof. Protect The Foundation protects humanity from the effects of such anomalies as well as the anomalies themselves until such time that they are either fully understood or new theories of science can be devised based on their properties and behavior.

————— About the ebook

This ebook is an offline edition of the first series of fictional documentation from the SCP Foundation Wiki. All illustrations, subsections and supporting documentation pages are included. All content is indexed and cross-referenced. Essentially, this is what a SCP Foundation researcher would carry day-to-day in their Foundation-issued ebook reader. The text has been optimised for offline reading on phones and ebook readers, and for listening to via Google Play Book's Read Aloud feature. Tables have been edited into a format that is intelligible when read aloud, the narration will announce visual features like redactions and overstrikes, and there are numerous other small optimisations for listeners. The SCP text are a living work and the SCP documentation is a gateway into the SCP fictional universe, so links to authors, stories and media are preserved, and will open your reader's web browser. This work is licensed under a Creative Commons Attribution-ShareAlike 3.0 Unported License and is being distributed without copy protection. Its content is the property of the attributed authors.

[PAINKILLER](#) Diversion Books

Beyond coverage of mainstream 80s music, such as "hair band" hard rock, pop, new wave, and rap, this compilation of essential musical artists also covers genres like classical, jazz, outlaw country, and music theater. Popular music in the United States during the 1980s is well known for imports from abroad, such as A-ha, Def Leppard, Falco, and Men at Work, as well as homegrown American rock acts such as Guns 'N Roses, Huey Lewis and the News, Bon Jovi, and Poison. But there were many other types of genres of music that never received airplay on the radio or MTV that also experienced significant evolutions or growth in that decade. Music of the 1980s examines the key artists in specific genres of popular music: pop, hard rock/heavy metal, rock, and country. No other reference book for students has previously explored the surprisingly diverse categories of hard rock and heavy metal music with such detail and depth. Additionally, a chapter focuses on the prominent artists and composers of less-mainstream genres for specialized audiences, including music theater, jazz, and classical music.

**Rust in Peace** Wymer UK

Was ist schlimmer? Noch ein Buch über Schule? Oder noch ein Buch über Corona? Sie haben Glück! Ich nehme Ihnen diese Entscheidung ab: Ich schrieb beides. Anfang 2020 war der ursprüngliche Plan, ein Buch über meine Erfahrungen als (vielleicht manchmal etwas unkonventionelle) Deutschlehrerin zu schreiben. Leider kam dem Schreibfluss eine Pandemie in die Quere. Ich nehme an, Sie haben es mitbekommen. Also das mit der Pandemie. Da ich in erster Linie schreibe, um Erfahrungen und Erlebnisse auf meine eigene (minimal sarkastisch-zynische) Art zu verarbeiten, kam ich also nicht umhin, zusätzlich zu meinen Geschichten zu mir und dem Thema Deutschunterricht, auch den ein oder anderen Gedankengang zum vergangenen Schuljahr »unter Pandemiebedingungen« zu verfassen. Die Mixtur, die am Ende daraus entstand, mutet offen gestanden selbst mir etwas merkwürdig an. Aber wenn Sie mich kennen, dann wissen Sie: Das muss so!

[The 100 Greatest Bands of All Time \[2 volumes\]](#) Hachette UK

This volume presents a collection of papers from the second Interfaces in

Language conference, hosted from 5-7 May 2009 at the University of Kent at Canterbury by the University's Centre for Language and Linguistic Studies (CLLS). Borne of a dissatisfaction with the rigid division of linguistics into sub-disciplines, Interfaces 2 offered specialists a platform to explore links between different approaches, and attracted participation from ten countries on four continents, addressing a wide range of themes. Contributions are arranged under three thematic headings: Categories and Orthodoxies; Contact, Conflict and Repertoire; and Language and Cognition. All, in their different ways, offer a challenge to received thinking or the rigidity of established categories. The papers explore a range of linguistic interfaces, probing the frontiers at the structural level between semantics and pragmatics, or challenging the notion of a clear division between semantics and syntax. A number of papers examine, in different ways, the interface between speech and writing, while other contributors apply the techniques of linguistic analysis to the study of translation, or to the stylistics of literature

or journalism. The rejection of rigid modes of thinking has produced, in *Interfaces in Language 2*, an eclectic collection of thought-provoking papers of rare originality and quality.

[Heavy Metal Music in Britain](#) Routledge  
*Defenders Of The Faith* is what heavy metal fans have been waiting for. This epic biography of Judas Priest includes over 50 interviews with prominent musicians, producers, record company personnel, journalists, childhood friends and ex-band members. From their deprived beginnings in late-sixties West Bromwich, through the numerous line-up changes of the 1970s to the controversial sell-out US tours in the 1980s, here is the complete history of the band up to and beyond their meltdown in the 1990s. The story continues with their re-invention in 1996 after the defection of Rob Halford... and Halford's eventual return to the fold in 2003. *Defenders Of The Faith* is also about the music. From the band's earliest demos to their contentious contract with Gull Records and breakthrough success with CBS, every album and tour is examined and assessed in detail. The result is the fullest and most authentic portrait of Judas Priest there has

ever been!

*Music of the 1980s* Enslow Publishing, LLC (Guitar Play-Along). The Guitar Play-Along Series will help you play your favorite songs quickly and easily! Just follow the tab, listen to the audio to hear how the guitar should sound, and then play along using the separate backing tracks. ONE OF PEOPLE MAGAZINE'S BEST BOOKS OF SUMMER! "Unstoppable what-happens-next momentum."—Michael Connelly, #1 New York Times bestselling author "A

deliciously tense read."—Ruth Ware, #1 New York Times bestselling author From award-winning crime writer and celebrated artist Jonathan Santlofer comes an enthralling tale about the 1911 theft of the Mona Lisa from the Louvre, the forgeries that appeared in its wake, and the present-day underbelly of the art world. August, 1911: The Mona Lisa is stolen by Vincent Peruggia. Exactly what happens in the two years before its recovery is a mystery. Many replicas of the Mona Lisa exist, and more than one historian has wondered if the painting now returned to the Louvre is a fake, switched in 1911. Present day: Art professor Luke Perrone digs for the truth behind his most famous ancestor: Peruggia. His search attracts an Interpol detective with something to prove and an unfamiliar but curiously helpful woman. Soon, Luke tumbles deep into the world of art and forgery, a land of obsession and danger. *The Last Mona Lisa* is a suspenseful and seductive tale, perfect for fans of the Netflix documentaries *This Is A Robbery* and *Made You Look* and readers obsessed with the world of art heists and forgeries. Routledge

Die Welt des frühen 21. Jahrhunderts ist kein ruhiger Platz. Jede ethnische, religiöse und kulturelle Minderheit fordert ihre volle Selbstbestimmung und strebt nach Unabhängigkeit. Die unzähligen Konflikte in dieser Welt nachlassender staatlicher Autorität in internationalen Beziehungen werden häufig von professionellen Söldnereinheiten ausgefochten. Braend's Banshees sind eine derartige Einheit, die mit ihren Kampfflugzeugen die junge Republik Sangar im Mittleren Osten schützen soll. Die Lage in dieser Region ist traditionell instabil, und die Banshees wissen, daß sie jederzeit in kriegerische Handlungen unter den angrenzenden Staaten verwickelt werden können. Dann aber müssen sie feststellen, daß ihnen Gefahr von ganz anderer Seite droht...

**The Bloomsbury Handbook of Popular Music and Social Class** On Track

Since its beginnings over fifty years ago, metal music has grown in popularity worldwide, not only as a musical culture but as a recognised field of study. This Companion, grounded in recent research, explores the various musical styles and cultures of metal, providing a reliable resource for students and researchers.

**SPIN** Hal Leonard Publishing Corporation  
A guide for music: compositions, events, forms, genres, groups, history, industry, instruments, language, live music, musicians, songs, musicology, techniques, terminology, theory, music video. Music is a human activity which involves structured and audible sounds, which is used for artistic or aesthetic, entertainment, or ceremonial purposes. The traditional or classical European aspects of music often listed are those elements given primacy in European-influenced classical music: melody, harmony, rhythm, tone color/timbre, and form. A more comprehensive list is given by stating the aspects of sound: pitch, timbre, loudness, and duration. Common terms used to discuss particular pieces include melody, which is a succession of notes heard as some sort of unit; chord, which is a simultaneity of notes heard as some sort of unit; chord progression, which is a succession of chords (simultaneity succession); harmony, which is the relationship between two or more pitches; counterpoint, which is the simultaneity and organization of different melodies; and rhythm, which is the organization of

the durational aspects of music.

*Satisfaction* Routledge

The result of an extensive poll asking heavy metal fans to list their favourite high-octane albums, this compendium combines those survey results with Popoff's original interviews with world famous rockers who reveal recording session secrets in addition to their own heavy classics and ear-splitting faves. When all of this is melded with Popoff's unique and celebrated insights into the metal of yesterday and today, an essential resource becomes a rock-writing standard. From AC/DC to ZZ Top and from Black Sabbath to Pantera, both headbanging chart-toppers and lesser-known gems are catalogued and critically appraised. With reviews of early metal albums of the 1960s, as well as the latest hits, The Top 500 Heavy Metal Albums of All Time blends praise with criticism to produce an honest assessment of the most influential and important heavy metal recordings. Also featured are photos and appendices that revel in mountains of metal minutiae. "Martin Popoff has no doubt supplied the raw material for all manner of intense debates among the former denizens of

basement bedrooms everywhere." 'The Toronto Sun.

### **Heavy Duty** BoD - Books on Demand

This concise yet lively textbook explores the history and significance of American popular music from Tin Pan Alley to Public Enemy. Ethnomusicologist Eric Charry provides a strong foundation for understanding how music, the music industry, and American culture intersect. His innovative teaching style presents the material in a dynamic format suitable for general education courses in music. The book is organized around a series of timelines, tables, and figures, providing fresh perspectives on the social and cultural importance of the music. Charry lays out key contemporary theoretical issues, covers the technical foundations of the music industry, and provides a capsule history of who did what when, with particular emphasis on the rapid emergence of distinct genres and

subgenres. The book's figures distill the history and provide new insight into understanding trends. Over a thousand artists, albums, and songs are covered, such as Muddy Waters, Elvis Presley, Bob Dylan, Aretha Franklin, the Velvet Underground, Janis Joplin, Jimi Hendrix, David Bowie, Stevie Wonder, Prince, Madonna, Talking Heads, and many more. *Judas Priest* Oxford University Press  
Was mit der Vorbereitung auf einen neuen Coup beginnt, endet in einem furiosen Finale mit einem blutigen Rockerkrieg. Pascal ist Geschäftsmann - zumindest glauben das seine Nachbarn. Tatsächlich hat seine Existenz viele Facetten. Der studierte Philosoph, Fallschirmspringer und ausgebildete Einzelkämpfer führt ein Doppelleben: In den Kreisen, in denen er „Pasolini“ genannt wird, ist er ein effektiver Verbrecher und skrupelloser Mörder. Niemand ist so ganz der, der zu

sein er vorgibt. Das gilt auch für Pascals Kumpel Michael, der seine wahre Identität zu verschleiern weiß – aus gutem Grund. Das Schicksal von Pascal und Michael hängt in einem Maße voneinander ab, wie sie beide es sich nicht vorstellen können. Vor allem als ein Mann in Pascals Leben tritt, der es sich zur Aufgabe gemacht hat, Menschen nach einem Drehbuch zu töten, das nur in seinem Kopf existiert.

„Painkiller“ ist ein harter Kriminalroman, der sich an amerikanischen Noirs orientiert. So etwa bekommt man in Deutschland selten zu lesen.
