National Book Award Winner, PEN America Award Winner, and New York Times Bestseller! Perfect for fans of *This Is Us*, Robin Benway's beautiful interweaving story of three very different teenagers connected by blood explores the meaning of family in all its forms—how to find it, how to keep it, and how to love it. Being the middle child has its ups and downs. But for Grace, an only child who was adopted at birth, discovering that she is a middle child is a different ride altogether. After putting her own baby up for adoption, she goes looking for her biological family, including— Maya, her loudmouthed younger bio sister, who has a lot to say about their newfound family ties. Having grown up the snarky brunette in a house full of chipper redheads, she's quick to search for traces of herself among these not-quite-strangers. And when her adopted family's long-buried problems begin to explode to the surface, Maya can't help but wonder where exactly it is that she belongs. And Joaquin, their stoic older bio brother, who has no interest in bonding over their shared biological mother. After seventeen years in the foster care system, he's learned that there are no heroes, and secrets and fears are best kept close to the vest, where they can't hurt anyone but him. Don't miss this moving novel that addresses such important topics as adoption, teen pregnancy, and foster care.

An angry and self-loathing veteran of the Korean War, Frank Money finds himself back in racist America after enduring trauma on the front lines that left him with more than just physical scars. His home--and himself in it--may no longer be as he remembers it, but Frank is shocked out of his crippling apathy by the need to rescue his medically abused younger sister and take her back to the small Georgia town they come from, which he's hated all his life. Ravishingly beautiful and emotionally incendiary, *Tar Baby* is Toni Morrison's reinvention of the love story. Jadine Childs is a black fashion model with a white patron, a white boyfriend, and a coat made out of ninety perfect sealskins. Son is a black fugitive who embodies everything she loathes and desires. As Morrison follows their affair, which plays out from the Caribbean to Manhattan and the deep South, she charts all the nuances of obligation and betrayal between blacks and whites, masters and servants, and men and women.

From the acclaimed Nobel Prize winner, a passionate, profound story of love and obsession that

brings us back and forth in time, as a narrative is assembled from the emotions, hopes, fears, and deep realities of Black urban life. At the funeral, Joe's wife, Violet, attacks the girl's corpse. This novel "transforms a familiar refrain of jilted love into a bold, sustaining time of self-knowledge and discovery. NEW YORK TIMES BESTSELLER • An official Oprah Winfrey's "The Books That Help Me Through" selection • With this brilliantly imagined novel, the acclaimed Nobel Prize winner transfigures the coming-of-age story as audaciously as Saul Bellow or Gabriel García Márquez. Milkman Dead was born shortly after a neighborhood eccentric hurled himself off a rooftop in a vain attempt at flight. For the rest of his life he, too, will be trying to fly. As Morrison follows Milkman from his rustbelt city to the place of his family's origins, she introduces an entire cast of strivers and seeresses, liars and assassins, the inhabitants of a fully realized Black world.

A Study Guide for Toni Morrison's Song of Solomon Random House Australia

NATIONAL BESTSELLER • Here is the Nobel Prize winner in her own words: a rich gathering of her most important essays and speeches, spanning four decades that "speaks to today's social and political moment as directly as this morning's headlines" (NPR). These pages give us her searing prayer for the dead of 9/11, her Nobel lecture on the power of language, her searching meditation on Martin Luther King Jr., her heart-wrenching eulogy for James Baldwin. She looks deeply into the fault lines of culture and freedom: the foreigner, female empowerment, the press, money, "black matter(s)," human rights, the artist in society, the Afro-American presence in American literature. And she turns her incisive critical eye to her own work (*The Bluest Eye*, *Sula*, *Tar Baby*, *Jazz*,

Beloved, *Paradise*) and that of others. An essential collection from an essential writer, *The Source of Self-Regard* shines with the literary elegance, intellectual prowess, spiritual depth, and moral compass that have made Toni Morrison our most cherished and enduring voice.

Challenging Our Freedom to Read Simon and Schuster

Seminar paper from the year 2003 in the subject American Studies - Literature, grade: 1,3 (A), University of Paderborn, 15 entries in the bibliography, language: English, abstract: The novel is needed by African-Americans now in a way that it was not needed before – and it is following along the lines of the function of novels everywhere. We don't live in places where we can hear those stories anymore; parents don't sit around and tell their children those classical, mythological, archetypal stories that we heard years ago. But new information has got to get out, and there are several ways to do it. One is the novel. With this statement Toni Morrison clearly suggests the function of her novel *Song of Solomon*. That is, on the one hand, the preservation of traditional Afro-American folktales and on the other hand their adaptation to contemporary times. Realizing this double function, it is very challenging to make the analysis of the mythological character of the novel the topic of a seminar paper. *Song of Solomon* is spiritually grounded in the folktale "People who could fly", an Afro-American folktale, which depicts the escape of a community of slaves by taking flight. Therefore I will center my analysis on the motif of "flight" in the novel, presenting different ways of interpretation. First of all, I will point out the function of myth in *Song of Solomon*. In the third chapter I will concentrate on the folktale "People who could fly", comparing it with Toni Morrison's narration about Solomon. Being the focal point of this seminar paper, the discussion of the motif of "flight" follows in the fourth part. It deals with the connection between the motif of "flight", which turns up time and again in Milkman's life, and Milkman's search for his identity. Moreover I will point out Pilate's role in Milkman's quest for his cultural heritage. The last chapter contains a discussion of the different modes of "flight" and their significance.

"Rivals Toni Morrison's *Song of Solomon* as the best novel about the black experience in America since Ellison's *Invisible Man*" (The Christian Science Monitor). Winner of the PEN/Faulkner Award for Fiction and Finalist for the National Book Award Brilliant but troubled historian John Washington has left Philadelphia, where he is employed by a major university, to return to his hometown of Chaneyville, just north of the Mason-Dixon Line. He is there to care for Old Jack, one of the men who helped raise him when he was growing up on the Hill, an old black neighborhood in the little Pennsylvania town—but he also wants to learn more about the death of his father. What he discovers is that his father, Moses Washington, who was supposedly illiterate, left behind extensive notes on a mystery he was researching: why thirteen escaped slaves reached freedom in Chaneyville only to die there, for reasons forgotten or never known at all. A story of personal discovery and historical revelation, *The Chaneyville Incident* explores the power of our pasts. Based in part on actual events, this extraordinary novel was described by the Los Angeles Times as "perhaps the most significant work by a new black male author since James Baldwin dazzled in the early '60s with his fine fury," and placed David Bradley in the front ranks of contemporary American authors.
