The No-Willpower Approach to Breaking Any Habit John Wiley & Sons

A deep understanding of prime numbers is one of the great challenges in mathematics. In this new edition, fundamental theorems, challenging open problems, and the most recent computational records are presented in a language without secrets. The impressive wealth of material and references will make this book a favorite companion and a source of inspiration to all readers. Paulo Ribenboim is Professor Emeritus at Queen's University in Canada, Fellow of the Royal Society of Canada, and recipient of the George Pólya Award of the Mathematical Association of America. He is the author of 13 books and more than 150 research articles. From the reviews of the First Edition: Number Theory and mathematics as a whole will benefit from having such an accessible book exposing advanced material. There is no question that this book will succeed in exciting many new people to the beauty and fascination of prime numbers, and will probably bring more young people to research in these areas. (Andrew Granville, Zentralblatt)

The Little Book of Big Life Change AMACOM

THE NEW YORK TIMES BESTSELLING PHENOMENON From Beth Kery, the national bestselling author of *Explosive*, comes a red-hot romance like no other—where the rules of attraction are broken with that first electrifying touch. Meet Francesca and Ian. The fantasies of what's to come begin... Because You Are Mine, Part I Because You Tempt Me It starts with that first look, when you know you have to have him... Francesca Arno has been commissioned to create a grand centerpiece painting for the lobby of Ian Noble's new skyscraper. It's at a cocktail party in her honor that she first meets him—and the attraction is immediate for Francesca. It's also bewildering. She's not used to such a wholesale sexual response to a stranger. Enigmatic, darkly intense, with a commanding presence, Ian completely unnerves her. And she likes it. For Ian, she's the kind of woman he can't resist—one that comes all too rarely: a true innocent. But he can sense in her a desire to open up, to experiment, to give herself to the fantasies of a man in control. The first kiss, the first caress, the first challenge for a woman who craves what she's never had—a man who gets what he wants. More to come. Don't miss *Because You Are Mine, Part II*, available 8/7

... and how to use them Crossing Press

The cutting-edge science that is taking the measure of the universe *The Little Book of Cosmology* provides a breathtaking look at our universe on the grandest scales imaginable. Written by one of the world's leading experimental cosmologists, this short but deeply insightful book describes what scientists are revealing through precise measurements of the faint thermal afterglow of the Big Bang—known as the cosmic microwave background, or CMB—and how their findings are transforming our view of the cosmos. Blending the latest findings in cosmology with essential concepts from physics, Lyman Page first helps readers to grasp the sheer enormity of the universe, explaining how to understand the history of its formation and evolution in space and time. Then he sheds light on how spatial variations in the CMB formed, how they reveal the age, size, and geometry of the universe, and how they offer a blueprint for the formation of cosmic structure. Not only does Page explain current observations and measurements, he describes how they can be woven together into a unified picture to form the Standard Model of Cosmology. Yet much remains unknown, and this incisive book also describes the search for ever deeper knowledge at the field's frontiers—from quests to understand the nature of neutrinos and dark energy to investigations into the physics of the very early universe.

The Little Book of Big What-Ifs Adams Media

Filled with questions, inspiring anecdotes, and guided meditations, *Life's Big Questions* invites readers and their family and friends to examine their beliefs about spirituality and learn new ways to encounter the sacred in daily life. Questions range from the concept of God, the reason for evil, and

the meaning of death, to the variety of spiritual experiences and existence of miracles.

76 Ways to Help Managers Get the Best Out of People Owlkids

Introduces 16 fictional children, named in alphabetical order, along with something each fears. In a twist on your typical alphabet book, *The Little Book of Big Fears* skips several letters along the way. An endnote suggests that looking to these letters which spell GUTSY and BRAVE will help children face their own fears.

The Little Book of History *The Little Book of Big Knowing* Tiny Burst of Insight to Wake Up Your Soul If this little book has made its way into your life, you can trust that it wasn't by accident. This happy coincidence is a nudge from the Universe to remind you that you are awesome. Each chapter is filled with tiny bursts of insight to nourish your heart, warm your Soul, and help you to remember your true-self. If you find yourself asking big, deep life questions like, "What's my purpose?" and "Why am I here?" then you'll want to curl up with *The Little Book of Big Knowing*. Inside you'll be reminded: -Why you are here. -Who you are at your core. -Why your dreams matter to more than just you. Can you feel the gentle tug on your heart to know more? It's time. Take a breath, and lean in. *The Little Book of Big Lies* A Journey into Inner Fitness

From the author of the popular *Introvert Doodles* and *Kind of Coping*, Maureen "Marzi" Wilson is tackling all kinds of big feelings with over 175 relatable, supportive, and light-hearted comics in her signature style. We've been conditioned to think that the most acceptable response to "How are you?" is, "I'm fine." But our emotions are much more complicated than that! Sometimes we feel a little annoyed, or elated, or afraid. And you know, that's okay! In *The Little Book of Big Feelings*, Maureen "Marzi" Wilson takes us on a journey of self-acceptance and validation. After all, our emotions are only reactions to experiences that we can learn from; there's no such thing as a "bad" emotion. It's okay to be scared, it's alright to feel hopeful, and it's perfectly fine to feel both at the same time. There is a wide range of human emotions, and it's time we start embracing each one!

A Wiccan's Guide to Altars, Candles, Pendulums, and Healing Spells Penguin

My Little Book of Big Questions HarperCollins

An exploration of some of the most important and enduring ideas in human history - from religion, science, philosophy, medicine, psychology, politics, economics and art - each presented in brief, accessible form. 'Big' ideas are those concepts and theories that have radically transformed our understanding of the world we live in, our place in that world and the ways we have shaped the past and will shape the future. They are the ideas that have had a huge impact on human civilization - and they come from all disciplines of human ingenuity. Topics covered range widely and include Creation Mythology, Existentialism, The Elements, Relativity, Space Travel, Geometry, Ethics, Behaviourism, Genetics, Warfare, The Nation State, Anarchism, Capitalism, Classical Art and Architecture, The Renaissance - and much more. This concise, accessible and multi-faceted book provides an essential introduction to 150 of the most important principles of Western thought.

The Little Book of Big Fears Penguin

From the Donner party to the sinking of the RMS "Titanic," this little book shows that some people's faux pas are worse--way, way worse--than others.

Why You'll Never Buy a Stock Over \$10 Again John Wiley & Sons

Food Rules meets Skinny Bitch in this fun, accessible guide to radical and sustainable weight loss—based on a set of thirty-one food and lifestyle rules for everyone sick and tired of diet failure and confused by conflicting advice and complicated regimens. Successful hair and makeup artist Bernadette Fisers had struggled with her weight for years. She tried and failed many diets, but her life took a turn when she was forced to face a harsh reality: her weight crept up to 287 pounds and she had a BMI reading of forty-two. Pre-diabetic and diagnosed as morbidly obese with a fatty liver and high blood pressure, Bernadette decided that it was the time to ditch the fad diets and take matters into her own hands to turn her life around. She began asking those she knew well—the glamorous models she worked with—learning about their healthy eating habits and their tips on staying trim. She further researched medical reports and nutrition papers until finally—by trial, error, and a lot of experimentation—she created a healthy lifestyle plan that was quick to read, easy to understand, and, most importantly, worked long term. Following her new rules, Bernadette went on to lose more than sixty-six pounds in thirty weeks. The Little Book of Big Weight Loss is for anyone who has grown tired of all the confusing, conflicting advice and complicated diet plans. Inspiring and packed with invaluable tips and strategies, this guide provides a fresh, simple, can-do approach to dieting and can help you get on track to achieving your goals and losing weight long term.

The Little Book of Big Knowing Tiny Burst of Insight to Wake Up Your Soul

How the Economy Works in the Real World John Wiley & Sons

Simple Guidance to Change your Life and Inspire Better Health, Wellness, and Fulfillment In a world full of people who are searching for big change, The Little Book of Big Life Change explores nine key elements of well-being and offers a wide-spanning, complete approach to regaining balance in our lives. Interweaving science with experience and ancestral wisdom, health and wellness guide Carrie Ciula helps us understand the ways that we can be living in a state of imbalance and shows us how to hone in on a few all-important, but often pushed-aside parts of life: nutrition, breath, movement, rest, cleansing, thought, unity, purpose, and love. This book will help you: Better understand the food you eat Decrease the amount of unwanted substances surrounding you Become aware of your thoughts and how they affect the way you feel Be mindful of what you buy And so much more Anyone who feels as though they aren't fully experiencing the life that they are here to experience,

or who is drawn to improving their sense of joy and fulfillment, will be guided toward a deeper knowing that true balance happens as we learn to support the feeling of being content, connected, and complete within one's self—the feeling of being whole.

The Little Book of Big Change Infinite Ideas

A timely guide to making the best investment strategies even better A wide variety of strategies have been identified over the years, which purportedly outperform the stock market. Some of these include buying undervalued stocks while others rely on technical analysis techniques. It's fair to say no one method is fool proof and most go through both up and down periods. The challenge for an investor is picking the right method at the right time. The Little Book of Stock Market Profits shows you how to achieve this elusive goal and make the most of your time in today's markets. Written by Mitch Zacks, Senior Portfolio Manager of Zacks Investment Management, this latest title in the Little Book series reveals stock market strategies that really work and then shows you how they can be made even better. It skillfully highlights earnings-based investing strategies, the hallmark of the Zacks process, but it also identifies strategies based on valuations, seasonal patterns and price momentum. Specifically, the book: Identifies stock market investment strategies that work, those that don't, and what it takes for an individual investor to truly succeed in today's dynamic market Discusses how the performance of each strategy examined can be improved by combining into them into a multifactor approach Gives investors a clear path to integrating the best investment strategies of all time into their own personal portfolio Investing can be difficult, but with the right strategies you can improve your overall performance. The Little book of Stock Market Profits will show you how.
