(January 1, 1735, N. S.). His father, for whom he was named, had come to this country from the isle of Guernsey to learn the goldsmith's trade, and in 1723, after a visit to his boyhood home, had returned to America, determined to settle here for life. Paul, Sr., was a Frenchman, and at birth was christened Apollos Rivoire. His father's name was Isaac, and his mother's, Serenne Lambert. Isaac's parents, Jean and Magdelaine Rivoire, were of that heroic Huguenot band who were forced to flee their native land after the revocation of the Edict of Nantes by Louis XIV. in 1685.

Simon, Isaac's eldest brother, emigrated 1735-1774 first to Holland and then to Guernsey, and it was to him that the lad Apollos was sent at the age of thirteen. A hundred years later the American grandson received this copy of a record made by the careful Isaac: "Apollos Rivoire our son was born the thirtieth of November, 1702, about ten o'clock at night, and was baptized at Riancaud, France. Apollos Rivoire my brother was his Godfather and Anne Maulmon, my sister-in-law, his Godmother. He set out for Guernsey the 21st of November, 1715." About the first thing young Apollos did after deciding to settle down in Boston permanently was to Anglicize his name, and, for reasons of euphony and convenience, he called himself henceforth Paul Revere. Six

years after he had begun to fashion gold and silver plate and ornaments for the people of Boston he had amassed a sufficient competency to warrant him in marrying, and so, June 19, 1729, he took for his wife Deborah Hichborn, born in Boston January 29, 1704.¹ Twelve children were born to this union, among them him who...

Revere

Paul Revere was an expert silversmith. He became one of America's first industrialists. He was active in the movement that led to American independence. Yet Paul Revere's fame rests almost entirely on the few hours that he sped through the Massachusetts countryside in the early morning of April 19, 1775. He was warning the inhabitants that the British regulars were on their way. It marked the beginning of the Revolutionary War. Few people outside the Boston area knew of his exploit. It took another war, the Civil War, to make him famous throughout the country. A famous poet named Henry Wadsworth Longfellow wanted to prevent the Civil War. He showed his fellow Americans a hero they could all

admire. To him and to millions of others after him, Paul Revere was that hero. **And Then What Happened, Paul Revere?** Capstone Press
Profiles the life and career of Paul Revere, known for his midnight ride warning colonists of approaching British troops.

Paul Revere: American Patriot Legare Street Press

Paul Revere's ride to warn the colonial militia of the British march on Lexington and Concord is a legendary contribution to the American Revolution. This book reveals another side of this American hero's life, that of a transformational entrepreneur instrumental in the industrial revolution. It combines a biographical examination of Revere with a study of the new nation's business and

technological climate. A silversmith prior to the Revolution and heralded for his patriotism during the war, Revere aspired to higher social status within the fledgling United States. To that end, he shifted away from artisan silversmithing toward larger, more involved manufacturing ventures such as ironworking, bronze casting, and copper sheet rolling. The author explores Revere's vibrant career successes and failures, social networks, business practices, and the groundbreaking metallurgical technologies he developed and employed. Revere's commercial ventures epitomized what Martello terms proto—industrialization, a transitional state between craft work and mass manufacture that characterizes the broader, fast -- changing landscape of

the American economy.

The classic poem in a newly illustrated edition. Paul Revere and his famous ride were immortalized by Henry Wadsworth Longfellow in a poem published in 1861, more than eighty years after the event. Longfellow wrote the poem at the time of the Civil War. He hoped that his story of an ordinary citizen who comes to the

aid of his country would stir patriotic feelings and support for the Union. He was right. In fact, if it hadn't been for Longfellow, Paul Revere may have remained a local legend. The poem fired the imaginations of Americans and a national hero was born. This illustrated edition of the classic poem features vivid oil paintings by Monica Vachula, whose research into period and place can be seen in the smallest detail. A concluding note by historian Jayne Triber, author of *A True Republican: The Life of Paul Revere*, explores the poem and Paul Revere's place in American history.

Samuel Prescott rode into history like a streak of lightning and out of it as quick as a flash. If it were not for Paul Revere's deposition of his own famous midnight ride, history might never remember Samuel. He was a young physician courting a clockmaker's daughter and planning to dedicate his life to the practice of medicine until the American Revolution rewrote his destiny. But this is not only his story; it is also that of John Hancock, Samuel Adams, Joseph Warren, William Dawes, Paul Revere, Thomas Hutchinson, Jonas Clark, the Mullikens, and those who died at Lexington and Concord and at Breed's and Bunker Hills. *Paul Revere and the Midnight Ride* Createspace Independent Publishing Platform
