Books The Plant Book By D The Plant-Book  
is widely accepted as an essential  
reference text for anyone researching,  
growing or writing about plants. In over  
20,000 entries this comprehensive  
dictionary provides information on every  
family and genus of seed-bearing plants

(including gymnosperms) plus ferns and  
other pteridophytes, combining  
taxonomic details with invaluable  
information on English names and  
uses. The Plant-Book: A Portable  
Dictionary of the Vascular ... The plant-  
book by Mabberley, D.J. and a great  
selection of related books, art and  
collectibles available now at  
AbeBooks.co.uk. The Plant Book by  
Mabberley - AbeBooks The plant-book: a  
portable dictionary of the vascular plants  
utilizing Kubitzki's The families and  
genera of vascular plants (1990-),  
Cronquist's An integrated system of  
classification of flowering plants (1981),  
and current botanical literature,  
arranged largely on the principles of  
editions 1-6 (1896/97-1931) of Willis's A  
dictionary of the flowering plants and  
ferns The plant-book (edition) | Open  
Library The Plant is an unfinished serial  
novel by American writer Stephen King,  
published in 1982-1985 privately and in  
2000 as a commercial e-book. The story,  
told in epistolary format consisting  
entirely of letters, memos and  
correspondence, is about an editor in a  
paperback publishing house who gets a  
manuscript from what appears to be a  
crackpot. The manuscript is about  
magic, but it also contains photographs  
that seem very real. The Plant (novel) -
