Something New Is Coming Watch for the Signs Signs. They are important in almost everything we do. Nearly everywhere we go, there are signs in our lives that serve to guide us. We look for them wherever we travel, whether to the next city, state, or country or to the next phase of our journey through life. Jesus thinks signs are important too. That's why He gave us clear markers in Matthew 24 that would indicate His soon return and the end of this present age. In this book, Rick Renner digs deep into the Bible to describe these signs in vivid detail so we can recognize them and know how to navigate the last-days road ahead. The signs on the road are appearing closer together. We are on the precipice of something new. Soon we'll see the final sign at the edge of our destination in the very last moments just before Jesus comes.

Listening to God's soft quiet voice has led this mother and daughter team on an ultimate journey of documenting 'Signs from God' and sharing the true testimony of a miraculous healing Arlene experienced after suffering five long years with a nervous breakdown. It is a story of faith that speaks so profoundly you will clearly recognize that God is in control. God led Sharon on the journey of documenting the signs from God she and her mother have personally received. While documenting these signs, that inner voice was relentless. Sharon felt the

nudge from God to reach out to their community as well in hopes of receiving signs from others that may have had similar experiences. Without hesitation she composed her Facebook post. Once the message was out there for all to see, stories immediately started flowing that were willingly shared on the day God spoke to her. It was then that she and her mother sat back, took a deep breath, and said, "The rest is up to you, God."

Fighting God is a firebrand manifesto from one of the most recognizable faces of atheism. In his book, Silverman—a walking, talking atheist billboard known for his appearances on Fox News—discusses the effectiveness, ethics and impact of the in-your-face-atheist who refuses to be silent. Silverman argues that religion is more than just wrong: it is malevolent and does not deserve our respect. It is our duty to be outspoken and do what we can to bring religion down. Examining the mentality, methods and issues facing the firebrand atheist, Silverman presents an overwhelming argument for firebrand atheism and reveals: - All religion is cafeteria religion and almost all agnostics are atheists. - American society grants religion a privileged status, despite the intentions of the Founding Fathers. - Christian politicians have adversely (and un-Constitutionally) affected our society with regard to science, health, women's rights, and gay rights. - The notion of "atheist Jews" is a lie forced on us by religion. - It is not "Islamophobia" to observe dangerous teachings and disproportionate violence in Islam. - Atheists are slowly but surely winning the battle. *Fighting God* is a provocative, unapologetic book that takes religion to task and will give inspiration to non-believers and serve as the ultimate answer to apologists.

Penn Jillette's New York Times bestselling account of his "extremely funny and somewhat profane journey to discovering a healthy lifestyle...that will motivate others to seek weight-loss solutions" (The Washington Post). More than three hundred and thirty pounds and saddled with a systolic blood pressure reading at dangerous heights, legendary magician Penn Jillette found himself at a crossroads. He needed a drastic lifestyle change if he wanted to see his small children grow up. Enter Crazy Ray. A former NASA scientist and unconventional, passionate innovator, Ray Cronise changed Penn Jillette's life with his wild "potato diet." In *Presto*,

Jillette takes us along on his journey from skepticism to the inspiring, life-changing momentum that transformed the magician's body and mind. He describes the process in hilarious detail, as he performs his Las Vegas show, takes meetings with Hollywood executives, hangs out with his celebrity friends and fellow eccentric performers, all while remaining a dedicated husband and father. Throughout, he weaves in his views on sex, religion, and pop culture, making his story a refreshing, genre-busting account. Outspoken, frank, and bitingly clever, *Presto* is an incisive, rollicking read. In the end, it is "undeniably inspiring" (Booklist).

In *The Jesuit Guide to (Almost) Everything*, Father James Martin included a chapter on communicating with God.
