CARDENAS BRAXTON

Peter Thiel and Silicon Valley's Pursuit of Power Pickle Partners Publishing

So you want to produce a short film. Or design a new line of jewelry. Or manufacture a revolutionary solar-powered garden sprinkler. There's just one catch: You need \$100,000 to bankroll your dream, and your checking account has barely enough to cover the rent. Enter Kickstarter.com—the phenomenal “crowdfunding” website launched in 2009 that brings venture capital to the masses. At Kickstarter, it's not uncommon for entrepreneurs to raise \$50,000, \$100,000, \$250,000, or more. All you need is a great idea—and The Kickstarter Handbook. Business journalist Don Steinberg has interviewed dozens of artists and inventors who launched their passion projects online. Through their voices, you'll explore all the strategies of a successful Kickstarter campaign. You'll learn the elements of a compelling Kickstarter video, innovative ways to market your projects, tips for getting donors onboard, and the secrets of irresistible Kickstarter “rewards.” You'll also discover what to do in a best-case scenario—when your project goes viral and the cash starts flowing in. On Kickstarter, it happens to a few lucky visionaries every week. Here's how to be one of them.

Gorbachev: His Life and Times Pickle Partners Publishing

*Includes pictures *Includes online resources and a bibliography for further reading "This American system of ours ... call it Americanism, call it capitalism, call it what you like, gives to each and every one of us a great opportunity if we only seize it with both hands and make the most of it." - Al Capone Sprightly swing music spills across the dimly lit club. The grayish curtains of cigarette smoke part every once in a while to reveal a sparkling stage and tables upon tables of patrons, some incurably inebriated and others high on the fast-paced nightlife. Fabulous flappers in shimmering cocktail dresses and stylish feather headbands throw their hands up and stomp their feet to the addictive beat on the dance floor. Smartly dressed men, their hair neatly parted and slicked back, toss fistfuls of dice onto the plush green baize of the craps tables. Some hover over roulette wheels, staring intently at the spinning flashes of silver, while others finger their playing cards as they sip on tumblers of whiskey, eyeing both the river and the tower of tokens next to them. Frisky tunes, chic fashion, and American gambling are nostalgic, rose-tinted images most choose to project when visualizing the Roaring Twenties, but the other side of the coin brought an uninviting, much harsher reality that most would prefer to sweep under the rug. The first real estate bubble was on the brink of bursting, and progress was evident, but painfully slow, which gave way to yet another era of violent riots, lynchings, and other forms of oppression imposed on minorities. Then, of course, there were mobsters. Remove the silk three-piece suits, burnished Tommy guns, and obscene stacks of cash from the equation, and one would be left with limp, bullet-ridden bodies either slumped over their steering wheels or sprawled out like broken rag dolls on the floors of public establishments, the walls painted with blood spatters and shattered glass littered about. These, they say, are the lucky ones, for their corpses, though laid out as a public message, provide the deceased's loved ones with

some form of closure. Over the decades, dozens involved in this deadly game disappeared altogether, never again to see the light of day. In the midst of it all, the Chicago Outfit, one of the longest-running criminal organizations in the land of the free, was perhaps the most notorious of them all. The baleful brotherhood bore a terrifying brand defined by cutthroat competitiveness, sadistic torture tactics, and excessive bloodshed, among scores of other despicable acts. Worse yet, they seemed to be untouchable. Aside from Scarface himself, there was the vindictive and eerily competent Louis "Little New York" Campagna, a vicious assassin suspected of unloading 59 bullets into a traitorous associate. Then there was Anthony "the Ant" Spilotro, the inspiration for Nicky Santoro, Joe Pesci's character in Martin Scorsese's *Casino*, who, despite his petite stature, was a barbaric, cruel man with an explosive temper and no capacity for remorse. Needless to say, the Chicago Outfit was, at its height, a formidable force to be reckoned with, one that authorities and rival gangs alike wisely steered clear of. But as the old adage goes, a chain is only as strong as its weakest link, and like a house of cards, its carefully structured hierarchy and the complexity of its operations were most impressive, but one loosely positioned card was all it took to trigger its collapse. Time and time again, Outfit leaders and their minions bent over backwards in a way only contortionists could be proud of to plug the holes rapidly sprouting up, but ultimately it wouldn't be enough. The Chicago Outfit: The History and Legacy of the Organized Crime Syndicate Led by Al Capone profiles how the group rose in the criminal underworld, and all the controversies that ensued.

The Definitive Griffin Estate Edition Simon and Schuster

Legendary fashion maven Diana Vreeland at the urging of her editor Jackie O authored a classic volume in the 1980s on the quality of "allure" in fashion and in life. Now back in print, this new edition features a foreword from the incomparable fashion designer Marc Jacobs. Throughout *Allure*, Vreeland lends her famous knack for turning a phrase to an astonishing array of fashion, celebrity, and fine art photographs. Featuring images of such luminaries as Maria Callas, Gertrude Stein, and Marilyn Monroe shot by superstar photographers such as Man Ray, Cecil Beaton, and Richard Avedon *Allure* is poised to deliver Vreeland's unparalleled point of view to a whole new generation. *Real-Life Crowdfunding Success Stories* New York Review of Books

Absolutely must reading for all serious gamblers. Most people who gamble are basically attracted by the action and the excitement that this form of entertainment offers. But a small number of people are quite successful at it. How is this so? What helps these few to make decisions that devastate their opponents? And what do you need to do to become successful at this extremely challenging occupation? This text attempts to answer these questions. You will be introduced to the dynamic concept of non-self-weighting strategies and shown how these strategies apply not only at the "very exciting gaming tables" but in real life as well. In addition, risk and fluctuations are discussed in terms of the standard deviation and their relationship to each other and to your bankroll. Some of the other topics addressed are bankroll requirements, win-rate accuracy, free bets, which blackjack count is best, lottery fallacies, dangerous ideas, poker tournament strategies (including when it is

correct to rebuy), settling up in tournaments, pai gow poker, super pan nine, the world's greatest gamblers, and building pyramids.

Arnold Rothstein Da Capo Press

The true story behind the Martin Scorsese film: A "riveting . . . account of how organized crime looted the casinos they controlled" (Kirkus Reviews). Focusing on Chicago bookie Frank "Lefty" Rosenthal and his partner, Anthony Spilotro, and drawing on extensive, in-depth interviews, the #1 New York Times–bestselling author of the Mafia classic *Wiseguy*—basis for the film *Goodfellas*—Nicholas Pileggi reveals how the pair worked together to oversee Las Vegas casino operations for the mob. He unearths how Teamster pension funds were used to take control of the Stardust and Tropicana and how Spilotro simultaneously ran a crew of jewel thieves nicknamed the "Hole in the Wall Gang." For years, these gangsters kept a stranglehold on Sin City's brightly lit nightspots, skimming millions in cash for their bosses. But the elaborate scheme began to crumble when Rosenthal's disproportionate ambitions drove him to make mistakes. Spilotro made an error of his own, falling for his partner's wife, a troubled showgirl named Geri. It would all lead to betrayal, a wide-ranging FBI investigation, multiple convictions, and the end of the Mafia's longstanding grip on the multibillion-dollar gaming oasis in the midst of the Nevada desert. *Casino* is a journey into 1970s Las Vegas and a riveting nonfiction account of the world portrayed in the Martin Scorsese film of the same name, starring Robert DeNiro, Joe Pesci, and Sharon Stone. A story of adultery, murder, infighting, and revenge, this "fascinating true-crime Mob history" is a high-stakes page-turner (Booklist).

Pimp Independently Published

CHARLES "LUCKY" LUCIANO was an Organization Man with a difference. The organization he belonged to was The Mafia—a natural setup for a vicious thug with unlimited ambition and a heart of ice. Murder by murder, rape by rape, he established the biggest chair of brothels ever seen in New York. Everything—everyone—he touched turned rotten. He knew he had it made when he had more cops on his payroll prostitutes. Pal of Al Capone, Frank Costello Buggsy Siegel, Albert Anastasia, Lucky became the absolute ruler of a private empire built on vice, corruption and murder. This is the Lucky Luciano story—brutal, shocking, with nothing left out.

The Big Bankroll. The Life and Times of Arnold RothsteinThe Big BankrollThe Life And Times Of Arnold RothsteinDa Capo Press

The Rise and Fall of the Greatest Texas Oil Fortunes Penguin

The sensational tell-all biography of Hollywood's most infamous mob boss who dominated Los Angeles's underworld—and headlines—from the 1940s to the 1970s. When Buggsy Siegel was murdered in 1947, his henchman Mickey Cohen took over his criminal enterprise in Los Angeles. As charismatic as he was ruthless, Cohen attained so much power up until his death in 1976 that he was a regular above-the-fold newspaper name, with more than one thousand front-pages in LA papers alone. His story is inextricably intertwined with the history of the city of angels. Mickey Cohen is a seductive tale of Hollywood true crime history with a wildly eccentric mob boss at its center. Biographer Tere Tereba delivers tales of high life, high drama, and highly placed politicians—among them Robert F. Kennedy and Richard Nixon—as well as revelations about

countless icons, including Shirley Temple, Lana Turner, Frank Sinatra, and even Rev. Billy Graham. Meticulously researched, this rich tapestry presents a complete look at the mid-twentieth century Los Angeles underworld. "The author does a superb job of tracing the ins and outs of Hollywood's gang world in the 1940s and '50s." —The Wall Street Journal

The Chicago Outfit: The History and Legacy of the Organized Crime Syndicate Led by Al Capone Pickle Partners Publishing

No gangster has ever been more powerful than Charles "Lucky" Luciano (1897-1962). By the mid-1920s, he had taken over the New York bordellos and was making more than a million dollars a year. In 1931 he engineered the murders of the two reigning New York crime bosses, Joe Masseria and Salvatore Maranzano, and quickly took over the entire New York crime racket. *The Luciano Story* is the definitive biography of this legendary gangster, based on years of research and dozens of interviews with Luciano himself and among other first-hand accounts. First published in 1954, this book authenticated, for the first time, the far-reaching and sinister operations of the international crime syndicate and its direction by the keenest criminal mastermind in American history.

Life, Liberty, and the Pursuit of Entrepreneurship Chronicle Books

The New York Times bestseller! A New York Times Notable Book "The tale of how Konnikova followed a story about poker players and wound up becoming a story herself will have you riveted, first as you learn about her big winnings, and then as she conveys the lessons she learned both about human nature and herself." —The Washington Post It's true that Maria Konnikova had never actually played poker before and didn't even know the rules when she approached Erik Seidel, Poker Hall of Fame inductee and winner of tens of millions of dollars in earnings, and convinced him to be her mentor. But she knew her man: a famously thoughtful and broad-minded player, he was intrigued by her pitch that she wasn't interested in making money so much as learning about life. She had faced a stretch of personal bad luck, and her reflections on the role of chance had led her to a giant of game theory, who pointed her to poker as the ultimate master class in learning to distinguish between what can be controlled and what can't. And she certainly brought something to the table, including a Ph.D. in psychology and an acclaimed and growing body of work on human behavior and how to hack it. So Seidel was in, and soon she was down the rabbit hole with him, into the wild, fiercely competitive, overwhelmingly masculine world of high-stakes Texas Hold'em, their initial end point the following year's World Series of Poker. But then something extraordinary happened. Under Seidel's guidance, Konnikova did have many epiphanies about life that derived from her new pursuit, including how to better read, not just her opponents but far more importantly herself; how to identify what tilted her into an emotional state that got in the way of good decisions; and how to get to a place where she could accept luck for what it was, and what it wasn't. But she also began to win. And win. In a little over a year, she began making earnest money from tournaments, ultimately totaling hundreds of thousands of dollars. She won a major title, got a sponsor, and got used to being on television, and to headlines like "How one writer's book deal turned her into a professional poker player." She even learned to like Las Vegas. But in the end, Maria Konnikova is a writer and student of human behavior, and ultimately the point was to render her incredible journey into a container for its invaluable lessons. The biggest bluff of all, she learned, is that skill is enough. Bad cards will come our way, but keeping our focus on how we play them and not on the outcome will

keep us moving through many a dark patch, until the luck once again breaks our way.

The Big Bankroll Basic Books

A National Book Critics Circle Award Finalist "Essential reading for the twenty-first [century]."

—Radhika Jones, *The New York Times Book Review* In the first comprehensive biography of Mikhail Gorbachev, William Taubman shows how a peasant boy clambered to the top of a system designed to keep people like him down, found common ground with America's arch-conservative president Ronald Reagan, and permitted the USSR and its East European empire to break apart without using force to preserve them. Drawing on interviews with Gorbachev himself, transcripts and documents from the Russian archives, and interviews with Kremlin aides and adversaries, Taubman's intensely personal portrait extends to Gorbachev's remarkable marriage to a woman he deeply loved.

Nuanced and poignant, yet unsparing and honest, this sweeping account has all the amplitude of a great Russian novel.

The Corner Quirk Books

*Includes pictures *Includes online resources and a bibliography for further reading "Look out for Number One. If you don't, no one else will. If a man is dumb, someone is going to get the best of him, so why not you? If you don't, you're as dumb as he is." - Arnold Rothstein Sprightly swing music spills across the dimly lit club. The grayish curtains of cigarette smoke part every once in a while to reveal a sparkling stage and tables upon tables of patrons, some incurably inebriated and others high on the fast-paced nightlife. Fabulous flappers in shimmery cocktail dresses and stylish feather headbands throw their hands up and stomp their feet to the addictive beat on the dance floor. Smartly dressed men, their hair neatly parted and slicked back, toss fistfuls of dice onto the plush green baize of the craps tables. Some hover over roulette wheels, staring intently at the spinning flashes of silver, while others finger their playing cards as they sip on tumblers of whiskey, eyeing both the river and the tower of tokens next to them. Frisky tunes, chic fashion, and American gambling are nostalgic, rose-tinted images most choose to project when visualizing the Roaring Twenties, but the other side of the coin brought an uninviting, much harsher reality that most would prefer to sweep under the rug. The first real estate bubble was on the brink of bursting, and progress was evident, but painfully slow, which gave way to yet another era of violent riots, lynchings, and other forms of oppression imposed on minorities. Then, of course, there were mobsters. Remove the silk three-piece suits, burnished Tommy guns, and obscene stacks of cash from the equation, and one would be left with limp, bullet-ridden bodies either slumped over their steering wheels or sprawled out like broken rag dolls on the floors of public establishments, the walls painted with blood spatters and shattered glass littered about. These, they say, are the lucky ones, for their corpses, though laid out as a public message, provide the deceased's loved ones with some form of closure. Over the decades, dozens involved in this deadly game disappeared altogether, never again to see the light of day. One of the most integral members of that criminal underworld was Arnold Rothstein, the archetype of the old school mobster. He was intelligent, charming, well-spoken, grotesquely wealthy, and a sharp dresser, often pictured with a patterned bowtie and a flat-top fedora snugly fit over his receding hairline. And yet, he was nothing like the stereotypical mobster; Arnold was not a drinker or smoker, and he was not one to be tempted by illicit substances. He was a notorious high roller, with pockets holding wads of \$100 bills, but to the casual

eye, he was just another dapper, well-mannered gentleman who frequented the tracks and casinos after a long day at the office. In addition to his aversion to the aforementioned vices, Rothstein never chewed gum or cursed (at least in public). He snacked on figs and fruits, and he was equipped with an insatiable sweet tooth. Affectionately nicknamed the "Cookie Monster" by his loved ones, Rothstein adored cookies of all kinds - which he washed down with a glass of milk every evening before bed - and constantly ate cakes, pies, and all sorts of desserts. Perhaps not surprisingly given his vocation, Rothstein was a man of routine, and while he was firmly entrenched in the seamy underbelly of society, he was a lone wolf, more of a mentor and an adviser than he was a vicious thug who wreaked havoc in the streets. Moreover, he was not particularly aggressive, to the extent that he was only alleged to have committed physical assault a handful of times, if that. Arnold Rothstein: The Life and Legacy of the Notorious Mob Kingpin Accused of Fixing the World Series profiles how Rothstein rose to the top of the criminal underworld, and all the controversies that ensued.

What if Life Wasn't About 50 Years of Wage-Slavery, Paying Bills and then Dying? Tired of sleepwalking through a mediocre life bribed by mindless video-gaming, redemptive weekends, and a scant paycheck from a soul-suffocating job? Welcome to the SCRIPTED club— where membership is neither perceived or consented. The fact is, ever since you've been old enough to sit obediently in a classroom, you have been culturally engineered for servitude, unwittingly enslaved into a Machiavellian system where illusionary rules go unchallenged, sanctified traditions go unquestioned, and lifelong dreams go unfulfilled. As a result, your life is hijacked and marginalised into debt, despair, and dependence. Life's death sentence becomes the daily curse of the trivial and mundane. Fun fades. Dreams die. Don't let life's consolation prize become a car and a weekend. Recapture what is yours and make a revolutionary repossession of life-and-liberty through the pursuit of entrepreneurship. A paradigm shift isn't needed—the damn paradigm needs to be thrown-out altogether. The truth is, if you blindly follow conventional wisdom pushed by conventional people living conventional lives, can you expect to be anything but conventional? Rewrite life's script: ditch the job, give Wall Street the bird, and escape the insanity of trading your life away for a paycheck and an elderly promise called retirement. UNSCRIPT today and start leading life— instead of life leading you.

The Blackjack Life Penguin

A New York Times Notable Book A biography of venture capitalist and entrepreneur Peter Thiel, the enigmatic, controversial, and hugely influential power broker who sits at the dynamic intersection of tech, business, and politics "Max Chafkin's *The Contrarian* is much more than a consistently shocking biography of Peter Thiel, the most important investor in tech and a key supporter of the Donald Trump presidency. It's also a disturbing history of Silicon Valley that will make you

reconsider the ideological foundations of America's relentless engine of creative destruction."—Brad Stone, author of *The Everything Store* and *Amazon Unbound* Since the days of the dot-com bubble in the late 1990s, no industry has made a greater impact on the world than Silicon Valley. And few individuals have done more to shape Silicon Valley than Peter Thiel. The billionaire venture capitalist and entrepreneur has been a behind-the-scenes operator influencing countless aspects of our contemporary way of life, from the technologies we use every day to the delicate power balance between Silicon Valley, Wall Street, and Washington. But despite his power and the ubiquity of his projects, no public figure is quite so mysterious. In the first major biography of Thiel, Max Chafkin traces the trajectory of the innovator's singular life and worldview, from his upbringing as the child of immigrant parents and years at Stanford as a burgeoning conservative thought leader to his founding of PayPal and Palantir, early investment in Facebook and SpaceX, and relationships with fellow tech titans Mark Zuckerberg, Elon Musk, and Eric Schmidt. *The Contrarian* illuminates the extent to which Thiel has sought to export his values to the corridors of power beyond Silicon Valley, including funding the lawsuit that destroyed the blog Gawker and strenuously backing far-right political candidates, notably Donald Trump for president in 2016. Eye-opening and deeply reported, *The Contrarian* is a revelatory biography of a one-of-a-kind leader and an incisive portrait of a tech industry whose explosive growth and power is both thrilling and fraught with controversy.

[Life's a Gamble](#) Huntington Press Inc

A gripping YA novel about two strangers struggling to survive a massive California earthquake When a magnitude 7.8 earthquake hits California, Ruby is trapped in a laundromat with Charlie, a boy she had her first conversation with only moments before. She can't see anything beyond the rubble that she's trapped beneath, but she's sure someone will come save them soon. As the hours and days tick by, Ruby and Charlie struggle to stay hopeful—and stay alive. Ruby has only Charlie's voice and her memories to find the hope to keep holding on. Will the two make it out alive? And if they do, what will they have lost to the earthquake? Riveting, tense, and emotionally complex, *Aftershocks* weaves together the terror and hope of a catastrophic event while showing the ways that disasters can change and unite us.

Off to the Side ReadHowYouWant.com

The crime-infested intersection of West Fayette and Monroe Streets is well-known--and cautiously avoided--by most of Baltimore. But this notorious corner's 24-hour open-air drug market provides the economic fuel for a dying neighborhood. David Simon, an award-winning author and crime reporter, and Edward Burns, a 20-year veteran of the urban drug war, tell the chilling story of this desolate crossroad. Through the eyes of one broken family--two drug-addicted adults and their smart, vulnerable 15-year-old son, DeAndre McCollough, Simon and Burns examine the sinister realities of inner cities across the country and unflinchingly assess why law enforcement policies,

moral crusades, and the welfare system have accomplished so little. This extraordinary book is a crucial look at the price of the drug culture and the poignant scenes of hope, caring, and love that astonishingly rise in the midst of a place America has abandoned.

Shortlisted for the Financial Times and McKinsey Best Book of the Year Award in 2011 "A masterpiece." —Steven D. Levitt, coauthor of *Freakonomics* "Bursting with insights." —The New York Times Book Review A pioneering urban economist presents a myth-shattering look at the majesty and greatness of cities America is an urban nation, yet cities get a bad rap: they're dirty, poor, unhealthy, environmentally unfriendly . . . or are they? In this revelatory book, Edward Glaeser, a leading urban economist, declares that cities are actually the healthiest, greenest, and richest (in both cultural and economic terms) places to live. He travels through history and around the globe to reveal the hidden workings of cities and how they bring out the best in humankind. Using intrepid reportage, keen analysis, and cogent argument, Glaeser makes an urgent, eloquent case for the city's importance and splendor, offering inspiring proof that the city is humanity's greatest creation and our best hope for the future.

All in all, sixteen-year-old Andrew Lang has been dealt a pretty good hand in life. Sure, he has to spend his afternoons slaving away in the hellhole that is his dad's dry-cleaning business, but even that's not so bad with Jasmine, the seriously hot Goth-chick senior, working right beside him. So what if she's got a boyfriend? Plus, Andrew's got an ace up his sleeve – he's good at poker. Very good. Unfortunately, all it takes is one bad beat at Shushie's illegal poker club to turn Andrew's bankroll from huge to nonexistent. And Andrew's pretty sure that sooner or later his dad's going to notice that \$600 he "borrowed" from the register. Andrew thinks he may know how to get the money back, but it's a little bit crazy, and a little bit dangerous . . . In this breakneck-paced novel about gambling and growing up, the stakes are high, and Andrew must ask himself: What does going all in really mean?
