Spooky Tales for Telling Out Loud Enchanted Lion Books

This book offers pre-school teachers, kindergarten teachers, daycare workers, and parents ways to help young children begin to read and write, by placing stories at the very center of the early childhood curriculum. The book includes an in-depth discussion of the crucial pedagogical and developmental roles that stories can play in early childhood education, as well as a practical guide to having children tell their own stories and perform them with their classmates. The book also discusses the use of videos, and the uses and misuses of Whole Language, invented spelling, and the writing process. Chapters in the book are: (1) Stories in Search of Classrooms; (2) Lessons from Home; (3) What I Had to Learn about Stories in Classrooms; (4) When Young Children Dictate and Dramatize Their Own Stories; (5) Portraits of Young Storytellers; and (6) A Guide to Storytelling in the Classroom. Appendixes present sample stories dictated to teachers, sample transcripts of dictation, a list of books and stories children like to dramatize, and brief descriptions of related classroom literacy activities. (RS)

"Teachers' bulletin", vol. 4- issued as part of v. 23, no. 9-

Women Teachers and Professional Development Dell

School's in session! When it comes to surviving school, Percy's at the head of the class. If you can follow his ten simple rules, making the grade will be a piece of cake (and school will be a lot of fun). But there's more to school than showing up on time and staying awake in class. If you have any doubts, Percy also shows exactly what not to do. • No spitballs! • No running in the halls! • No bouncing off the ceiling! • No crazy scheming! See what other trouble—and tips—Percy has in mind!
School Education Crown

Challenges pre-service and practicing teachers to develop a critical and progressive view of needed school reform -- to view curriculum holistically and to question how they invite young people to learn in ways that will give meaning to their lives. KEY TOPICS: Examines curriculum and reform through the stories of practicing teachers. Challenges readers to think about how society is changing rapidly, yet schools seem reluctant to respond to such changes. Invites readers to challenge their experiences in schooling, to question their assumptions, and to examine the conventional behaviors of schooling. Models a process for self-reflection which encourages personal connections between day-to-day practice and a contemporary knowledge base. Focuses on the humanness of teacher-student interactions and highlights the need for caring and defining young people differently. For pre-service and practicing teachers.

A collection of over thirty essays in which gays, lesbians and bisexuals look back at their schooldays - some with humour and some with pain.

Analog Or Digital- A Telling Time Book for Kids Corwin Press

An eminently practical guide, *Teaching as Story Telling* shows teachers how to integrate imagination and reason into the curriculum when planning classes in social studies, language arts, mathematics, and science. In his innovative book, Kieran Egan refashions the ancient function of the storyteller with such clarity that any teacher can step into the role with confidence. Not only does Egan's book make the reader look anew at what is too often taken for granted about the ways in which children learn, it opens up a range of critical questions about our orientation to "objectives" and to either/ors when it comes to the affective and the cognitive. - Back cover.

Telling Tales Out of School Prentice Hall

It was a simple incident in the life of James Clavell—a talk with his young daughter just home from school—that inspired this chilling tale of what could happen in twenty-five quietly devastating minutes. He writes, "The Children's Story came into being that day. It was then that I really realized how vulnerable my child's mind was —any mind, for that matter—under controlled circumstances. Normally I write and rewrite and re-rewrite, but this story came quickly—almost by itself. Barely three words were changed. It pleases me greatly because I kept asking the questions... Questions like, What's the use of 'I pledge allegiance' without understanding? Like Why is it so easy to divert thoughts? Like What is freedom? and Why is so hard to explain? The Children's Story keeps asking me all sorts of questions I cannot answer. Perhaps you can—then your child will...."

The definitive guide to telling an unforgettable story in any setting, drawing on twenty-five years of experience from the storytelling experts at The Moth "From toasts to eulogies, from job interviews to social events, this book will help you with ideas, structure, delivery and more."—CNN Over the past twenty-five years, the directors of The Moth have worked with people from all walks of life—including astronauts, hairdressers, rock stars, a retired pickpocket, high school students, and Nobel Prize winners—to develop true personal stories that have moved and delighted live audiences and listeners of The Moth's Peabody Award-winning radio hour and podcast. A leader in the modern storytelling movement, The Moth inspires thousands of people around the globe to share their stories each year. Now, with *How to Tell a Story*, The Moth will help you learn how to uncover and craft your own unique stories, like Moth storytellers Mike Birbiglia, Rosanne Cash, Neil Gaiman, Elizabeth Gilbert, Padma Lakshmi, Darryl "DMC" McDaniels, Hasan Minhaj, Tig Notaro, Boots Riley, Betty Reid Soskin, John Turturro, and more. Whether your goal is to make it to the Moth stage, deliver the perfect wedding toast, wow clients at a business dinner, give a moving eulogy, ace a job interview, be a hit at parties, change the world, or simply connect more deeply to those around you, stories are essential. Sharing secrets of The Moth's time-honed process and using examples from beloved storytellers, a team of Moth directors will show you how to • mine your memories for your best stories • explore structures that will boost the impact of your story • deliver your stories with confidence • tailor your stories for any occasion Filled with empowering, easy-to-follow tips for

crafting stories that forge lasting bonds with friends, family, and colleagues alike, this book will help you connect authentically with the world around you and unleash the power of story in your life.

Telling Your School's Story Telling Stories Out of School How I Survived 30 Years of Teaching Teaching as Story Telling An Alternative Approach to Teaching and Curriculum in the Elementary School Storytelling has come of age in the business world. Today, many of the most successful companies use storytelling as a leadership tool. At Nike, all senior executives are designated "corporate storytellers." 3M banned bullet points years ago and replaced them with a process of writing "strategic narratives." Procter Gamble hired Hollywood directors to teach its executives storytelling techniques. Some forward-thinking business schools have even added storytelling courses to their management curriculum. The reason for this is simple: Stories have the ability to engage an audience the way logic and bullet points alone never could. Whether you are trying to communicate a vision, sell an idea, or inspire commitment, storytelling is a powerful business tool that can mean the difference between mediocre results and phenomenal success. Lead with a Story contains both ready-to-use stories and how-to guidance for readers looking to craft their own. Designed for a wide variety of business challenges, the book shows how narrative can help: * Define culture and values * Engender creativity and innovation * Foster collaboration and build relationships * Provide coaching and feedback * Lead change * And more Whether in a speech or a memo, communicated to one person or a thousand, storytelling is an essential skill for success. Complete with examples from companies like Kellogg's, Merrill-Lynch, Procter Gamble, National Car Rental, Wal-Mart, Pizza Hut, and more, this practical resource gives readers the guidance they need to deliver stories to stunning effect.

An Annotated, Classified and Graded List of Books Suitable for Use in Elementary School Libraries ... Harper Collins

Don't simply show your data—tell a story with it! Storytelling with Data teaches you the fundamentals of data visualization and how to communicate effectively with data. You'll discover the power of storytelling and the way to make data a pivotal point in your story. The lessons in this illuminative text are grounded in theory, but made accessible through numerous real-world examples—ready for immediate application to your next graph or presentation. Storytelling is not an inherent skill, especially when it comes to data visualization, and the tools at our disposal don't make it any easier. This book demonstrates how to go beyond conventional tools to reach the root of your data, and how to use your data to create an engaging, informative, compelling story. Specifically, you'll learn how to: Understand the importance of context and audience Determine the appropriate type of graph for your situation Recognize and eliminate the clutter clouding your information Direct your audience's attention to the most important parts of your data Think like a designer and utilize concepts of design in data visualization Leverage the power of storytelling to help your message resonate with your audience Together, the lessons in this book will help you turn your data into high impact visual stories that stick with your audience. Rid your world of ineffective graphs, one exploding 3D pie chart at a time. There is a story in your data—Storytelling with Data will give you the skills and power to tell it!

An Alternative Approach to Teaching and Curriculum in the Elementary School Amacom Books

Although his teacher insists there are stories everywhere, Ralph cannot think of any to write.

How to Tell a Story University of Chicago Press

Everyone knows how "Little Red Riding Hood" goes. But Grandpa keeps getting the story all wrong, with hilarious results! "Once upon a time, there was a little girl called Little Yellow Riding Hood—" "Not yellow! It's Red Riding Hood!" So begins the story of a grandpa playfully recounting the well-known fairytale—or his version, at least—to his granddaughter. Try as she might to get him back on track, Grandpa keeps on adding things to the mix, both outlandish and mundane! The end result is an unpredictable tale that comes alive as it's being told, born out of imaginative play and familial affection. This spirited picture book will surprise and delight from start to finish, while reminding readers that storytelling is not only a creative act of improvisation and interaction, but also a powerful pathway for connection and love. *Telling Stories Wrong* was written by Gianni Rodari, widely regarded as the father of modern Italian children's literature. It exemplifies his great respect for the intelligence of children and the kind of work he did as an educator, developing numerous games and exercises for children to engage and think beyond the status quo, imagining what happens after the end of a familiar story, or what possibilities open up when a new ingredient is introduced. This book is illustrated with great affection by the illustrious artist Beatrice Alemagna (Child of Glass), who counts Gianni Rodari as one of her "spiritual fathers."

The Power of Branding John Wiley & Sons

"Wonderful." —Michiko Kakutani, *New York Times* Celebrating the 20th anniversary of storytelling phenomenon *The Moth*, 45 unforgettable true stories about risk, courage, and facing the unknown, drawn from the best ever told on their stages Carefully selected by the creative minds at *The Moth*, and adapted to the page to preserve the raw energy of live storytelling, *All These Wonders* features voices both familiar and new. Alongside Meg Wolitzer, John Turturro, Tig Notaro, and Hasan Minhaj, readers will encounter: an astronomer gazing at the surface of Pluto for the first time, an Afghan refugee learning how much her father sacrificed to save their family, a hip-hop star coming to terms with being a "one-hit wonder," a young female spy risking everything as part of Churchill's "secret army" during World War II, and more. High-school student and neuroscientist alike, the storytellers share their ventures into uncharted territory—and how their lives were changed indelibly by what they discovered there. With passion, and humor, they encourage us all to be more open, vulnerable, and alive.

True Stories About Facing the Unknown Pfiifikus

Originally published in 1992. This book brings together the work of a number of distinguished international researchers engaged in basic research on beginning reading. Individual chapters address various processes and problems in learning to read - including how acquisition gets underway, the contribution of story listening experiences, what is involved in learning to read words, and how readers represent information about written words in memory. In addition, the chapter contributors consider how phonological, onset-rime, and syntactic awareness contribute to reading acquisition, how learning to spell is involved, how reading ability can be explained as a combination of decoding skill plus listening comprehension skill, and what causes reading difficulties and how to study these causes.

International Journal of Religious Education Alyson Publications

Goodnight, I Wish You Goodnight is the first book in the continuing Hood Picture Book Series. This is a delightful bedtime story to soothe and relax young children before they fall asleep. The tradition of the bedtime story has been around since before the written word. For generations, and in every culture around the world, parents have prepared their children for bed by telling them stories. Goodnight, I Wish You Goodnight is a soothing bedtime story to be told and retold. With the popularity of Japanese Anime cartoon styles, the artwork in this book will entertain young readers as they participate in the nighttime ritual of saying "goodnight" to all of their beloved treasures. Enjoy this easy-to-read bedtime story by author Karen Jean Matsko Hood. Each one of the pages is thoughtfully illustrated with warmth and love. Your children and grandchildren will ask you to read

this book to them again and again. This book is a must for all families to have in their library.

Goodnight, I Wish You Goodnight makes a great gift for that special friend or child to enjoy.

Courses of Study: History, Geography, Industrial Arts, English, Reading, Language and Grammar, Stories to Tell, The School Festival Library of Alexandria

Scary stories: everybody loves to hear them, and everybody loves to tell them. They are popular for sharing in many settings--campouts, sleepovers, classroom or youth-group gatherings--as well as just plain fun to read. Selected especially for appeal to upper-elementary and middle-school students, each story has been crafted through multiple performances in school and library settings. Stories include traditional folktales, local legends, and original stories; some have historical settings and some are set in current times. All are sure to engage the most reluctant reader.

The Moth Presents All These Wonders Carolrhoda Books ®

This book examines questions in the intersections of narrative, teaching, communities of learning, knowledge, women teachers and teacher development. Stories constitute the heart of this book and the glue that holds the pieces together. This book explores the ways women educators understand and make sense of their lives and develop their personal practical knowledge of teaching through narrative texts and experiences in informal learning groups.

Sideways Stories from Wayside School Routledge

Teaching a child to tell time is quite challenging. How can you put into words a good explanation as to why numerals are to be read in many ways? When introducing the concept, start with the use of an analog clock because it gives the concept of change through the moving hands. This educational book is perfect for little learners.
