*Do We Worship the Same God?* Do We Worship the Same God?

Tell me whom you worship, and I will tell you who you are. You behave according to the attributes of the God you believe. Tell me about the ethics of your God, and I will tell you if you are a person who respects your humanity or not. This is exactly the case in the behavior of Muslims. I am speaking of the real Muslims here, the ones who follow the Quran and Muhammad's Sunna (the teaching and life of Muhammad), not the casual Muslims who have accommodated themselves to the culture and society around them. Muslims who are only Muslim by birth differ profoundly from devout Muslims who apply themselves to all the rules and ethics of Allah. The same can be said about everyone who goes to church on Sunday. Can we call them real Christians simply because they attend church? Surely not. A real Christian is someone who lives according to the Bible and follows Jesus' teachings and life. Now I encourage you to approach this book with an open mind to see the differences between the ethics of God and the ethics of Allah.

During a time of global conflict, the theological question of whether Muslims, Jews, and Christians worship the same God carries political baggage. Is the God of ISIS the same as the God of Israel? Do Sunni Muslims and Protestant Christians pray to the same Creator and Sustainer of the universe? In this Counterpoints volume, five leading scholars present the main religious perspectives on this question, demonstrating how to think carefully about an issue where opinions differ and confusion abounds. All Worship the Same God: Religious Pluralist View (Wm. Andrew Schwartz and John B. Cobb, Jr.) All Worship the Same God: Referring to the Same God View (Francis J. Beckwith) Jews and Christians Worship the Same God: Shared Revelation View (Gerald R. McDermott) None Worship the Same God: Different Conceptions View (Jerry L. Walls) Contributors examine related subtopics such as: The difference between God being referentially the same and essentially the same What "the same" means when referring to God The significance of the Trinity in this discussion Whether religious inclusivism is inferred by certain understandings of God's sameness The appropriateness of interfaith worship. Additional essays by Joseph Cumming and David W. Shenk explore the implications of this question specifically for Christians wanting to minister among, and build relationships with, Muslims. Insightful, gracious, and relevant, *Do Christians, Muslims, and Jews Worship the Same God?* sheds light on one of the most important theological issues of our day. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own, educated opinion.

Do we worship the same God? Today many are asking this question. It may seem like a simple question, but it is not. Muslims will insist that they do worship the same god, and indeed the witness of the Quran demands that they believe this. In *Revelation?* Durie demonstrates that Christians have good reasons to challenge this Islamic position. *Revelation?* compares the LORD (YHWH) of the Bible with Allah of the Quran and clearly shows from careful study of the scriptures of Islam and Christianity that the LORD God of the Bible and Allah of the Quran are different in many respects. They have such different personalities and different capacities that they cannot be said to be the same. More than this, the Islamic Jesus (Isa) is different in key respects from Jesus of the Gospels.

Pondering the characteristics of Utopias and constructing theoretical examples of them has been an intellectual exercise to thrill thinkers at least since the time of Plato's Republic. Christianopolis is the little known Utopia created by German theologian and scholar JOHANN VALENTIN ANDREAE (1586-1654). A mysterious figure associated with alchemy, Kabbalah, Rosicrucianism, and other philosophical esoterica of the 17th century, Andreae published this intriguing guide to his "perfect" society in 1618. Informed by a rigid brand of Christian socialism, Christianopolis also features a high regard for teachers, and approaches the world from both a scientific and artistic perspective. Translated in 1916 from the original Latin by University of Miami, Ohio, professor of German FELIX EMIL HELD (1880-1944), who rounds out the volume with an extensive historical introduction, this is a highly readable work that will enthrall students of philosophy, classic literature, sociology, and metaphysics.

In today's church, there is growing interest in learning more about what constitutes genuine worship theologically, historically, and devotionally. However, worship is not just another spoke on the wheel of the church program, but rather the very hub from which everything we do for God should emanate. In short, it is a lifestyle. In *One Thing Needful*, worship leader Dr. Gary M. Mathena aptly explains what worship is and why God wants us to practice it not just on Sundays, but every day. He reveals how our current worship is built upon more than twenty centuries of worship heritage, from the early church through the Reformation and contemporary worship cultures. Mathena shows why we should study worship as depicted in the Old Testament, especially tabernacle worship, the sacrificial system, the feasts and festivals, and the idea of covenant. He stresses that worship must be based on the Bible, and includes scriptural references to support this conclusion. In addition, he introduces seven key worship disciplines: Introduction to worship Theology of worship History of worship Tabernacle worship Music and worship The heart of the worship leader Lifestyle worship For pastors, music ministers, choir members, worship teams, and laypeople who desire to understand what it really means to worship God in spirit and truth, *One Thing Needful* offers an invaluable, inspiring guide.

"The question I am asking in this book—Do we worship the same God?—is already being addressed....No simple, single answer has emerged. Yet the interplay of responses has been thoughtful and generous, indicating that, at least for right now, the discussion itself is more important than the answer." —from the Introduction

Are you a Catholic curious to learn more about Islam? What exactly do Muslims believe? How do those beliefs differ from your own? What do Muslims believe about Jesus? Mary? Satan? Creation? The Holy Spirit? Do we worship the same God? In *Do We Worship the Same God? Comparing the Bible and the Qur'an*, George Dardess, a Christian expert on Islam, provides a wealth of information about the teachings of both Christianity and Islam to help readers themselves discern if Christians and Muslims worship the same God. He gives a brief

introduction to the history of Islam, draws parallels between Jesus and the prophet Muhammad, and compares what the Bible and the Qur'an (the holy book of Islam) teach about creation, Satan, Jesus, the Holy Spirit, prayer, the Jihad, judgment, heaven and hell, and more. In clear and easy-to-understand language, Dardess guides readers who want to engage in dialogue with Muslims on how to answer the question "Do we worship the same God?"—a question of increasing importance since September 11. Chapters end with guided discussion questions.

Do we worship the same God? Today many are asking this question. In *Which God?* Durie demonstrates that Christians have good reasons to challenge the Islamic position that Allah of the Quran is the same as the God of the Bible. *Which God?* compares the God of the Bible with Allah of the Quran and shows that these are different in many respects. They have such different personalities and distinct capacities that they cannot be said to be the same. More than this, the Islamic Jesus (Isa) is different in fundamental respects from Jesus of the Gospels. Durie concludes that the concept of 'Abrahamic Religions' is an unhelpful and misleading label for the monotheistic faiths of Judaism, Christianity and Islam. This is a new revised edition which includes a Foreword by William J. Murray.

Many churchgoers assume that worship is inherently boring, something we need to make exciting. But as Jonathan Landry Cruse shows, churchgoing only seems monotonous and mundane because our eyes are blinded to the supernatural wonder that is taking place all around us. In this book, Cruse helps us perceive the significance of worship and guides us through the spiritual actions of a worship service. Once you recognize how God is doing something to us and for us and through us in each element of the service, Lord's Day worship will become the highlight of your week! Dr. R.C. Sproul is one of today's preeminent theologians. For more than fifty years his solid, practical messages have impacted and inspired generations of believers. The "Classic Theology Series" continues Dr. Sproul's legacy. *How Then Shall We Worship?* is a landmark look at God's design for authentic worship. Today's church cannot seem to agree on what corporate worship should look like. Some choose contemporary forms, others prefer traditional expressions. Yet pop culture or the status quo do not hold the answers. God's Word does. Dr. Sproul digs deep into rich Scripture passages to provide a guide for worship today. Readers will discover that God intends worship to be an unforgettable encounter between Himself and His people—a joyous experience engaging the worshiper's entire being.

Have you ever wondered why, following 9/11, world leaders, including President George W. Bush, were so quick to say that the three major world religions—Christianity, Islam, and Judaism—all worship the same God? Christians were especially vocal in espousing a tolerant worldview toward Muslims, stating that Allah and Jehovah God were the same deity, ostensibly to avert violence directed against Muslims. Having studied the major world religions, Michael J. Oldham simply could not accept the premise that Christians could believe that the God of the Bible could be the same God as the Qur'an's Allah. This fascinating read takes an in-depth look at each religion's descriptions of God, providing clear support with verses from the Bible and the Qur'an. Dr. Michael J. Oldham provides readers with a comprehensive study of Allah and Elohim, what they claim to be, what their followers believe, and the message of each. Allah and Elohim is thoroughly researched and its conclusions are drawn from the works of many Christian and Muslim scholars. While founded on much research, this book is easily read, and no matter your religion, you will find the book's conclusions compelling. This book outlines the truths about Islam and Christianity and clarifies the major attributes of each God and why they do not correspond. Ground yourself in a thorough understanding of Allah and Elohim so you can competently appreciate the tenets of each.

God has always had a way He wants to be worshiped. He has outlined that way for us in His written revelation the Bible. In it, He has commanded us to worship Him with our entire being, holding nothing back. According to Jesus, this is the first and greatest commandment. The reasons God has given us for obeying His commands to worship Him are: because of who He is, and because of what He does. Worship is the biblically declared reason for mankind's existence. However, how and when we worship is just as important as the fact that we do worship. Also, what God means when He uses the biblical synonyms of the word worship is important to understand when we are trying to obtain a more complete picture of how God wants us to worship Him. *Biblical Worship* is a book for every Christian, regardless of their preferred worship style or worship traditions. The fresh, new insights contained within its pages about what type of worship God desires from us all have the potential to shock you at times. At the very least, this book will cause you to never view worship the same way again.

If you would like to worship as the apostles did, this book is for you. Their worship was dynamic in its simplicity. Do you take for granted that the founders of major Christian denominations would approve of the way your denomination worships today? Find numerous quotes from them at the beginning of each chapter on various forms of worship we engage in. Do you take for granted that second-century apostolic fathers worshiped the same way your congregation worships today? You will find at the end of each chapter quotations from these early Christian leaders in the 2nd and 3rd centuries about what they approved of and did not approve of in Christian worship. Do you take for granted that the way your congregation worshiped is pretty much the same as Christian worship has been since Jesus' apostles began the church? Numerous scriptures are quoted throughout each chapter in order to help the reader know what God wants in worship to him. Yes, we are worshiping God, not ourselves. Cain's sin was that he worshiped to please himself. Are we a Cain or an Abel? In this book, every form of Christian worship common today is reviewed. Is your worship unbalanced with so much of one thing that it chokes out other ways that please God? This book ends with an appeal that is applicable also to the other book in this two-book series: Can the denominational world unite? Pagan religions and atheism are trying to take hold around the globe and to choke out Christianity. Divided we fall. United we stand. Let us go forward! Back to the first century.

Is the Quran a continuation of the Bible? Was Mohammed prophesied to come? Does the Quran acknowledge Jesus as the Christ? Can salvation come through Islam according to the Bible? As serious students of the Word of God, we want to also respect people of other faiths, even though we must agree to disagree. This study is simply a comparison between the Bible and the Quran. It is an effort to answer those who think that all religions are the same, and we somehow worship the same God. In all honesty, the more we study into the various literature and scriptures, the more we must admit that it is not the case. While the author respect people of other faiths, and even has friends who are in other faiths, the scriptures are set in black and white, and there are differences. This book simply strives to demonstrate these differences, and seeks to show those who carelessly think that all faiths are the same that there are discrepancies that can lead to breakups of friendships, marriages, and even communities. Radicalizing can even lead to internal terrorizing. It is better to know and live in peace with each other with knowledge of these differences, than to blunder carelessly into relationships that could lead to serious problems for many families.

The Bible contains sixty-six unique books, all telling one incredible story. In the beginning we were created to worship, but our history is one of worship broken and misplaced. *The Worship Problem* starts at the beginning and traces the story of worship lost and God's plan to restore it once again through the history of the Old Testament. If you have ever struggled to understand the story of the Bible, or how the Old Testament is relevant in the modern age, *The Worship Problem* is a book for you. In an age where worship has become synonymous with musical style and form, *The Worship Problem* seeks to take the reader back to the heart of what worship was always truly meant to be... a story of surrender and sacrifice. "Take time to consume this book from my brother in Christ Chuck Hooten. You will never see worship the same way again." Rick Burgess - Co Host of *The Rick and Bubba Show*, Speaker and Author "Chuck is deeply committed to the gospel narrative from beginning to end and in his new book, "The Worship Problem," he chronicles with humility and awe the circuitous Old Testament path of God's people that ranges from devotion to disdain and flows from The Garden of Eden to the Cross." Michael Adler - Worship Pastor, Author, Speaker "Chuck delves deeply into Scripture and unearths the gospel narrative that drives at the heart of worship in his book. He manages to pack a theological punch without meandering into the heady impractical effectively through meaningful personal experiences and memorable illustrations. If you want a biblical approach to worship that will also stir your affections, get this book." Bobby Smith - Worship Pastor, Artist, Creator "I am incredibly thankful for Chuck and his dedication to growing and practicing as a worshipper. His unwavering hope in the gospel has continually inspired me as a husband, father, and friend." Curtis Zachary - Author of "Soul Rest", Speaker, Pastor "We all worship all the time. The question is, do we worship the right things the right way? For many years Chuck Hooten has led people to understand and focus their worship. Now, in *The Worship Problem*, he has given all of us a resource helping us understand the why, when, and who our affection and worship should belong to. J. Roger Davis - President YM360
