Complete Revision and Practice Collins
Absolute clarity is the aim with a new generation of revision guide for the 2020s. This guide has been expertly compiled and edited by successful former teachers of Computer Science, highly experienced examiners and a good dollop of scientific research into what makes revision most effective. Past examinations questions are

essential to good preparation, improving understanding and confidence. This guide has combined revision with tips and more practice questions than you could shake a stick at. All the essential ingredients for getting a grade you can be really proud of. Each specification topic has been referenced and distilled into the key points to make in an examination for top marks. Questions on all topics assessing knowledge, application and analysis are all specifically and carefully devised throughout this book.

Teaching and Learning Foreign Languages provides a comprehensive history of language teaching and learning in the UK from its earliest beginnings to the year 2000. McLelland offers the first history of the social context of foreign language education in Britain, as well as an overview of changing approaches, methods and techniques in language teaching and learning. The important impact of classroom-external factors on developments in language teaching and

learning is also taken into account, particularly regarding the policies and public examination requirements of the 20th century. Beginning with a chronological overview of language teaching and learning in Britain, McLelland explores which languages were learned when, why and by whom, before examining the social history of language teaching and learning in greater detail, addressing topics including the status that language learning and teaching have held in society. McLelland also provides a history of how languages have been taught, contrasting historical developments with current orthodoxies of language teaching. Experiences outside school are discussed with reference to examples from adult education, teach-yourself courses and military language learning. Providing an accessible, authoritative history of language education in Britain, *Teaching and Learning Foreign Languages* will appeal to academics and postgraduate students engaged in the history of education and language learning across the world. The book will also be of interest to teacher educators, trainee and practising teachers,

policymakers and curriculum developers. **The Times Index** Lulu.com Crown House Publishing's French, German and Spanish student revision guides covering the reformed Eduqas GCSE qualifications for England, taught from 2016 and awarded for the first time in 2018 have been designed to serve as handy reference books to aid study and as preparatory guides to better inform students of what to expect in their speaking, listening, reading and writing exams. Containing sample exam-style questions throughout, the revision guides offer engaging content relevant to Eduqas themes and sub-themes and will support all students in getting to grips with the material they need to know to pass their GCSE exams.

Arabic-English-Arabic Legal Translation provides a groundbreaking investigation of the issues found in legal translation between Arabic and English. Drawing on a contrastive-comparative approach, it analyses parallel authentic legal documents in both Arabic and English to examine the features of legal discourse in both languages and uncover the different translation techniques used. In so doing, it addresses the following questions: What are the features of English and Arabic legal texts? What are the similarities and differences of English and Arabic legal texts? What are the difficult areas of legal translation between English and Arabic

legal texts? What are the techniques for translating these difficult areas on the lexical and syntactic levels? Features include: A thorough description of the features of legal translation in both English and Arabic, drawing on empirical new research, corpus data analysis and strategic two-way comparisons between source texts and target texts Coverage of a broad range of topics including an outline of the chosen framework for data analysis, a historical survey of legal discourse developments in both Arabic and English and detailed analyses of legal literature at both the lexical and syntactic levels Attention to common areas of difficulty such as Shariah Law terms, archaic terms and modal auxiliaries Many examples and excerpts from a wide selection of authentic legal documents, reinforced by practical discussion points, exercises and practice drills to encourage active engagement with the material and opportunities for hands-on learning. Wide-ranging, scholarly and thought-provoking, this will be a valuable resource for advanced undergraduates and postgraduates on Arabic, Translation Studies and Comparative Linguistics

courses. It will also be essential reading for translation professionals and researchers working in the field.

 A “touching, furious, sharp, and very funny” novel of an immigrant teenage girl finding her own identity in France (Booklist). The Paradise projects are only a few metro stops from Paris, but it feels like a different world. Doria’s father, aka the Beard, has headed back to their hometown in Morocco, leaving her and her mom to cope with their mektoub, their destiny, alone. They have a little help—from a social worker sent by the city, a psychiatrist sent by the school, and

a thug friend who recites Rimbaud. It seems like fate has dealt them an impossible hand, but Doria might still make a new life—“with bravado, humor, and a healthy dose of rage” (St. Petersburg Times). “[A] sassy, spunky tale . . . Doria has what it takes to storm any barricade.” —The Hartford Courant “[Doria is] as likable as Holden Caulfield or Prep’s Lee Fiora. Readers will cheer. Highly recommended.” —Library Journal, starred review “A promising addition to the world’s literary voices.” —The Miami Herald “Moving and irreverent, sad and funny, full of rage and intelligence. Her voice is fresh, and her book a delight.” —Laila Lalami, bestselling author of *The Moor’s Account*

Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit

includes: 1) a sentence builder modelling the target constructions; 2) a set of vocabulary building activities; 3) a set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; - a set of retrieval-practice translation tasks; 4) a set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.

The vast majority of teachers enjoy teaching and are positive about their workplace and colleagues, but they are disappointed by the profession. According to the UK's Health and Safety Executive, teaching staff and education professionals report the highest rates of work-related stress, depression and anxiety in Britain. A colossal 81% of teachers say that they have considered leaving teaching in the last year because of workload. I've been there myself, and I have come out of the other end triumphant. In this book I'm going to show you that it is possible to be a guilt-free, effective teacher, without compromising on the quality of your teaching or time with friends and family, and without giving away your precious evenings, weekends and holidays. The book includes true and tested strategies which continue to work well for me, and

I'm confident they will work for you. I'll provide you with 'real world' tools from someone who, just like you, is in the classroom Monday to Friday. I'm going to demonstrate how you can tackle your ever-increasing workload, including both ways of reducing it and ways to improve your own productivity. I'm going to show you that it is possible to obtain healthy levels of occupational well-being and truly achieve a work-life balance. You are going to get your life back.
