CHANEL WERNER

A History of India as it
Happened Graywolf Press
An extraordinary history
of resistance and the fight

for Indian
independence—the little-
known story of seven
foreigners to India who
joined the movement
fighting for freedom from
British colonial rule.
Rebels Against the Raj
tells the story of seven
people who chose to

struggle for a country
other than their own:
foreigners to India who
across the late 19th to
late 20th century arrived
to join the freedom
movement fighting for
independence from British
colonial rule. Of the
seven, four were British,

two American, and one Irish. Four men, three women. Before and after being jailed or deported they did remarkable and pioneering work in a variety of fields: journalism, social reform, education, the emancipation of women, environmentalism. This book tells their stories, each renegade motivated by idealism and genuine sacrifice; each connected to Gandhi, though some as acolytes where others found endless infuriation in his views; each understanding they would

likely face prison sentences for their resistance, and likely live and die in India; each one leaving a profound impact on the region in which they worked, their legacies continuing through the institutions they founded and the generations and individuals they inspired. Through these entwined lives, wonderfully told by one of the world's finest historians, we reach deep insights into relations between India and the West, and India's story as a country searching for its

identity and liberty beyond British colonial rule.
Oxford University Press, USA
[Nehru] Is A Book For Today, Not Heavy And Cumbersome, But Sharp And Witty, And Relevant Not Just To India, But To Other Countries As Well
Biblio This Short, Beautifully Written Biography Examines A Great Figure Of Twentieth-Century Nationalism From The Vantage Point Of The Beginning Of The Twenty-First. Deftly Weaving

Personal Facets With Historical Events, It Tells The Fascinating Story Of Jawaharlal Nehru Aristocrat, Socialist, Anti-Imperialist, Foremost Disciple Of Gandhi, With Whom He Didn T Always See Eye To Eye, Die-Hard Secularist And Prime Minister Who Sought To Educate The Indian Masses In Democracy By His Own Personal Example. Shashi Tharoor Also Analyses The Principal Pillars Of Nehru S Legacy To India: Democratic Institution Building, Staunch Pan-

Indian Secularism, Socialist Economics At Home And A Foreign Policy Of Non-Alignment, All Of Which Were Integral To A Vision Of Indianness That Is Fundamentally Contested Today. Praise For The Book Exceedingly Well-Informed, Passionately Conceived And Elegantly Written Outlook It Is A Must Read To Understand The Fact That With The Passage Of Nehru S Time The Country S Intellect Has Narrowed Tremendously Telegraph Sparkling, Anecdotal And Not Necessarily

Controversial, [Nehru] Is Inventive In Its Own Delightful Way, Low-Keyed, Unpretentious But Highly Readable Free Press Journal Shashi Tharoor Is . . . Full Of Verve And Flashing Insight. [Nehru] Is A Short, Accessible, Intelligent And Lively Book The Washington Post **Now, Returned to India: (Amol Dixit Series Book 1)** Brookings Institution Press Originally published as: The long revolution. *Western Fighters for India's Freedom* Penguin

Books India
An Entirely New History of INDIA; Indian History needs to be re-examined and freed from colonial biases and error. Driven by Christian belief in a 6000-year old planet, British scholars, and their Indian hires, post-dated Indian history to fit into erroneous Western conceptions. For their own agendas the manufactures theories such as that of an "Aryan Invasion" and dismissed vast evidences, such as the existence of the river Sarasvati, as "mythical",

even though it was mentioned more than fifty times in the Vedas. The colonial gaze also erroneously represented events such as the invasion of India by Alexander the Great in the year 326 BCE and fabricated myths such as the conversion of emperor Ashoka to Buddhism, purportedly due to "remorse" after the terrible battle of Kalinga, when Ashoka already a Buddhist at the time of the battle. Thus this book rewrites Indian History based on new evidence

including new scientific, linguistic and genetic discoveries. It seeks to dismantle the cliches, to clarify the controversies, and to retrace, as accurately as possible, the most significant periods of Indian history-history much older than previously thought
The British Empire In India
Penguin UK
An analysis of Gandhi's accomplishments as a politician and civil rights advocate reveals his conflicted ideologies and feelings about his place in history, offering insight

into his philosophies, social campaigns, and private disappointments.

The Indian in the Cupboard St. Martin's Press

Vintage Shobhaa Dé, with scathing take-offs on everything, from the caste system to male chauvinism, from sex to social pretension . . . in other words, it's all great fun! -Economic Times
Watching the preparations for independent India's 60th birthday in 2007, Dé-poised then to enter her own sixth decade-was

struck by the thought, 'Surely my life has taken the same trajectory as the country's!' While she reflected on this, many more questions arose: Does India really deserve to congratulate itself? Has it lived up to the early promises it made to its people? Does Dé herself believe in India? In Superstar India, an intimate confession to her readers, Dé answers these questions and discovers a jawan-young-India, ready to find its place in today's world. Witty, passionate and

gloriously opinionated, Superstar India celebrates the spirit of a nation that is certainly not about to lose its glow.

The Autobiography of an Unknown Indian Trafford Publishing

...Suddenly, he saw something shiny at the bottom of the abyss. He squinted his eyes to see what it was. He ran back to his binoculars and turned them to see what it was. Sharp barbed wires that separated the two mountains came into focus. He had come as far as he could in his country.

But she was standing in another country. He was in South India and she was in North India... Have you ever imagined India being divided into two countries? What happens to the millions of Indians who are from South India but are now residing in North India? Kaahi & Jai were two such people who got trapped in this situation. Everything was going smoothly for them and suddenly, their world turned upside down. How will they get together? Will India become one again? Take an exciting

journey with them from their college days in Mumbai to their life in the US and back to India when they find out that India is divided. IndiaWasOne.com *Love, War, and the End of Empire* Season Ball A TODAY SHOW #ReadWithJenna BOOK CLUB PICK! A New York Times Notable Book For readers of Tommy Orange, Yaa Gyasi, and Jhumpa Lahiri, an electrifying debut novel about three unforgettable characters who seek to rise—to the middle class,

to political power, to fame in the movies—and find their lives entangled in the wake of a catastrophe in contemporary India. In this National Book Award Longlist honoree and “gripping thriller with compassionate social commentary” (USA Today), Jivan is a Muslim girl from the slums, determined to move up in life, who is accused of executing a terrorist attack on a train because of a careless comment on Facebook. PT Sir is an opportunistic gym teacher who hitches his

aspirations to a right-wing political party, and finds that his own ascent becomes linked to Jivan's fall. Lovely—an irresistible outcast whose exuberant voice and dreams of glory fill the novel with warmth and hope and humor—has the alibi that can set Jivan free, but it will cost her everything she holds dear. Taut, symphonic, propulsive, and riveting from its opening lines, *A Burning* has the force of an epic while being so masterfully compressed it can be read in a single sitting. Majumdar writes

with dazzling assurance at a breakneck pace on complex themes that read here as the components of a thriller: class, fate, corruption, justice, and what it feels like to face profound obstacles and yet nurture big dreams in a country spinning toward extremism. An extraordinary debut. *A Novel* Nicholas Brealey On a summer night in 2014, Padma and Lalli went missing from Katra Sadatganj, an eye-blink of a village in western Uttar Pradesh. Hours later they were found hanging in the

orchard behind their home. Who they were, and what had happened to them, was already less important than what their disappearance meant to the people left behind. Slipping deftly behind political maneuvering, caste systems and codes of honor in a village in northern India, *The Good Girls* returns to the scene of their short lives and shameful deaths, and dares to ask: What is the human cost of shame? *Diplomacy, Democracy, and the Bomb* Brookings Institution Press

India is now enmeshed in the deterrence game—actively with its traditional adversary Pakistan, and potentially with China. At the same time it is finding easier access to fissile materials and strategic technologies. In order to deal with these developments safely and wisely, the nation needs a much more sophisticated and multidisciplinary understanding of the strategic, technological, operational, and cost issues involved in nuclear matters. In this important

book, Indian strategic analyst Verghese Koithara explains and evaluates India's nuclear force management, encouraging a broad public conversation that may act as a catalyst for positive change before the subcontinent experiences unthinkable carnage. The defense management system of a nuclear power absolutely needs to be sound and thorough. In addition to the considerable demands of managing its nuclear forces, it also must control conventional forces in a

manner that forestalls nuclear escalation of a conflict by either side. Expanding and upgrading nuclear forces without enhancing deterrence is dangerous and should be avoided. India's nuclear force management system is grafted onto a woefully inadequate overall system of defense management. Koithara dissects all of these issues and suggests a way forward, drawing on recent developments in deterrence theory around the world.
The Invention of India

Simon and Schuster
The Sunday Times Top 10
bestseller on India's
experience of British
colonialism, by the
internationally-acclaimed
author and diplomat
Shashi Tharoor 'Tharoor's
impassioned polemic
slices straight to the heart
of the darkness that
drives all empires ...
laying bare the grim, and
high, cost of the British
Empire for its former
subjects. An essential
read' Financial Times In
the eighteenth century,
India's share of the world
economy was as large as

Europe's. By 1947, after
two centuries of British
rule, it had decreased six-
fold. The Empire blew
rebels from cannon,
massacred unarmed
protesters, entrenched
institutionalised racism,
and caused millions to die
from starvation. British
imperialism justified itself
as enlightened despotism
for the benefit of the
governed, but Shashi
Tharoor takes demolishes
this position,
demonstrating how every
supposed imperial 'gift' -
from the railways to the
rule of law - was designed

in Britain's interests
alone. He goes on to show
how Britain's Industrial
Revolution was founded
on India's
deindustrialisation, and
the destruction of its
textile industry. In this
bold and incisive
reassessment of
colonialism, Tharoor
exposes to devastating
effect the inglorious
reality of Britain's stained
Indian legacy.
*From Incredible to
Unstoppable* MIT Press
India, That Is Bharat, the
first book of a
comprehensive trilogy,

explores the influence of European 'colonial consciousness' (or 'coloniality'), in particular its religious and racial roots, on Bharat as the successor state to the Indic civilisation and the origins of the Indian Constitution. It lays the foundation for its sequels by covering the period between the Age of Discovery, marked by Christopher Columbus' expedition in 1492, and the reshaping of Bharat through a British-made constitution-the Government of India Act

of 1919. This includes international developments leading to the founding of the League of Nations by Western powers that tangibly impacted this journey. Further, this work also traces the origins of seemingly universal constructs such as 'toleration', 'secularism' and 'humanism' to Christian political theology. Their subsequent role in subverting the indigenous Indic consciousness through a secularised and universalised

Reformation, that is, constitutionalism, is examined. It also puts forth the concept of Middle Eastern coloniality, which preceded its European variant and allies with it in the context of Bharat to advance their shared antipathy towards the Indic worldview. In order to liberate Bharat's distinctive indigeneity, 'decoloniality' is presented as a civilisational imperative in the spheres of nature, religion, culture, history, education, language and, crucially, in the realm of

constitutionalism.

Speaking of India Penguin Books India
We see more and more today that Indian History

has to be rewritten according to the latest linguistic and archaeological discoveries, if Indian children are to understand who they are and where they come from. We know now that not only the history of India's beginnings were written by European colonizers, with an intention to downsize, downgrade and postdate Indian civilization, but that, unfortunately, generation after generation of Indian historians, for their own selfish purpose, endorsed

and perpetuated these wrong theories, such as the Aryan invasion, which divided India like nothing else, pitting South against North, Aryan against Dravidian, and Untouchables against Brahmins. Hence, we hope that this book will lay the foundations for the next generation of Indian historians.
Managing India's Nuclear Forces Vintage
Born in a middle class trading family, Kishore Biyani started his career selling stonewash fabric to small shops in Mumbai.

Years later, with the launch of Pantaloons, Big Bazaar, Food Bazaar, Central and many more retail formats, he redefined the retailing business in India. Incidentally, Kishore Biyani's objective is to capture every rupee in the wallet of every Indian consumer, wherever they are - an investment banker living in a south Mumbai locality or a farmer in Sangli. As large business houses enter the retail space, Kishore Biyani is not just concentrating on retail

but aiming to capture the entire Indian consumption space. From building shopping malls, developing consumer brands to selling insurance, he is getting into every business where a customer spends her money.

The Anarchy SAGE Publishing India
Chiefly on the partition of Punjab, 1947.
A novel Doubleday Books for Young Readers
In this hard-hitting novel, first published in 1924, the murky personal relationship between an

Englishwoman and an Indian doctor mirrors the troubled politics of colonialism. Adela Quested and her fellow British travelers, eager to experience the "real" India, develop a friendship with the urbane Dr. Aziz. While on a group outing, Adela and Dr. Aziz visit the Marabar caves together. As they emerge, Adela accuses the doctor of assaulting her. While Adela never actually claims she was raped, the decisions she makes ostracize her from both her countrymen and the

natives, setting off a complex chain of events that forever changes the lives of all involved. This intense and moving story asks the listener serious questions about preconceptions regarding race, sex, religion, and truth. A political and philosophical masterpiece

Superstar India Farrar, Straus and Giroux

Adventure abounds when a toy comes to life in this classic novel! It's Omri's birthday, but all he gets from his best friend, Patrick, is a little plastic warrior figure. Trying to

hide his disappointment, Omri puts his present in a metal cupboard and locks the door with a mysterious skeleton key that once belonged to his great-grandmother. Little does Omri know that by turning the key, he will transform his ordinary plastic toy into a real live man from an altogether different time and place! Omri and the tiny warrior called Little Bear could hardly be more different, yet soon the two forge a very special friendship. Will Omri be able to keep Little Bear without anyone

finding out and taking his new friend away?

Land of seven rivers
Bloomsbury Publishing

The Indian subcontinent was once known as Hindustan, a multicultural region with a cohesive political identity. Manan Ahmed Asif explores the abandonment of this pluralism under European influence, such that a place once understood as the home of all faiths is now considered--locally and abroad--the land of the Hindus.

A Wounded Civilization
Createspace Independent

Publishing Platform

An immersive portrait of the lives of the British in India, from the seventeenth century to Independence Who of the British went to India, and why? We know about Kipling and Forster, Orwell and Scott, but what of the youthful forestry official, the enterprising boxwallah, the fervid missionary? What motivated them to travel halfway around the globe, what lives did they lead when they got there, and what did they think about it all? Full of spirited,

illuminating anecdotes drawn from long-forgotten memoirs, correspondence, and government documents, *The British in India* weaves a rich tapestry of the everyday experiences of the Britons who found themselves in “the jewel in the crown” of the British Empire. David Gilmour captures the substance and texture of their work, home, and social lives, and illustrates how these transformed across the several centuries of British presence and rule in the

subcontinent, from the East India Company’s first trading station in 1615 to the twilight of the Raj and Partition and Independence in 1947. He takes us through remote hill stations, bustling coastal ports, opulent palaces, regimented cantonments, and dense jungles, revealing the country as seen through British eyes, and wittily reveling in all the particular concerns and contradictions that were a consequence of that limited perspective. *The British in India* is a

breathhtaking and balanced history written with brio,
 accomplishment, a vivid elegance, and erudition.
