AYDIN KIRSTEN

Hitler and His Inner Circle

Routledge
 When the Nazis invaded, they did not intend to govern fairly. Instead they stripped defeated nations of their treasures, industry and natural resources, with the aim of asserting German supremacy and imposing Hitler's New Order in Europe. Paul Roland tells the story of daily life under Nazi rule - in France, Belgium, the Netherlands, Poland, Italy, Czechoslovakia, Austria, Denmark, Norway, Guernsey and the Channel Islands- to be brought to heel by bribery and brutality, rape and torture, inducement and intimidation as the Germans carried out their vile policies. We hear of quislings and collaborators who conspired with their captors, the 'enemies of the Reich' including Jewish citizens who were rounded up and exterminated, as well as stories of incredible courage by individuals who struck back against the Führer. Featuring haunting photographs of the people and places under occupation, this shocking book confronts us with the reality of the Nazi rule - a regime which would have swept the entirety of Europe, had Germany won the war.

A Most Dangerous Book

Arcturus Publishing
 As an interpreter in the German Foreign Ministry, Paul-Otto Schmidt (1899-1970) was in attendance at some of the most decisive moments of twentieth-century history. Fluent in both English and French, he served as Hitler's translator during negotiations with Chamberlain, the British declaration of war and the surrender of France, as well as translating the Führer's infamous speeches for radio. Having gained favour with the Nazi Party - donning first the uniform of the SS then that of the Luftwaffe - Paul Schmidt was given 'absolute authority' in everything to do with foreign languages. He later presided over the interrogation of Canadian soldiers captured after the 1942 Dieppe Raid. Arrested in May 1945, Schmidt was freed by the Americans in 1948. In 1946 he testified at the Nuremberg Trials, where conversations with him were noted down by the psychiatrist Leon Goldensohn and later published. After the war he taught at the Sprachen und Dolmetscher Institut in Munich. Hitler's Interpreter presents a highly atmospheric account of the bizarre life led behind the scenes at the highest level of the Third Reich. Roger Moorhouse is a historian of the Third Reich. He is the author of the acclaimed Berlin at War, Killing Hitler and The Devil's Pact. He has contributed to He Was My Chief, I Was Hitler's Chauffeur, With Hitler to the End and Hitler's Last Witness. *The Zone of Interest* Princeton University Press
 Once upon a time there was a king, and the king commissioned

his favorite wizard to create a magic mirror. This mirror didn't show you your reflection. It showed you your soul—it showed you who you really were. The wizard couldn't look at it without turning away. The king couldn't look at it. The courtiers couldn't look at it. A chestful of treasure was offered to anyone who could look at it for sixty seconds without turning away. And no one could. The Zone of Interest is a love story with a violently unromantic setting. Can love survive the mirror? Can we even meet each other's eye, after we have seen who we really are? Powered by both wit and compassion, and in characteristically vivid prose, Martin Amis's unforgettable new novel excavates the depths and contradictions of the human soul.

Uprisings against the Nazis in World War II Sirius Entertainment
 Adolf Hitler and the Nazi leaders conspired to commit some of the most heinous crimes in history for which the surviving members were indicted at the Nuremberg War Crimes trials in 1946. However, both the defendants and those who escaped justice by committing suicide at the end of the war perpetrated countless acts of theft, murder, torture, false imprisonment, abduction and intimidation for which they were never prosecuted. *The Secret Lives of the Nazis* reveals the murderous private feuds which went on behind closed doors as the Nazi leadership schemed and plotted to eliminate their rivals while accumulating vast personal wealth and priceless possessions at the expense of their victims. *The Secret Lives of the Nazis* Basic Books

This lucid and comprehensive collection of essays by an international group of scholars constitutes a photo-historical survey of select photographers who embraced National Socialism during the Third Reich. These photographers developed and implemented physiognomic and ethnographic photography, and, through a Selbstgleichschaltung (a self-co-ordination with the regime), continued to practice as photographers throughout the twelve years of the Third Reich. The volume explores, through photographic reproductions and accompanying analysis, diverse aspects of photography during the Third Reich, ranging from the influence of Modernism, the qualitative effect of propaganda photography, and the utilisation of technology such as colour film, to the photograph as ideological metaphor. With an emphasis on the idealised representation of the German body and the role of physiognomy within this representation, the book examines how select photographers created and developed a visual myth of the 'master race' and its antitheses under the auspices of the Nationalist Socialist state. Photography in the Third Reich approaches its historical source photographs as material culture, examining their production, construction and proliferation. This detailed and informative text will be a valuable resource not only to historians studying the Third Reich, but to scholars and students of film, history of art, politics, media studies, cultural

studies and holocaust studies.

The Nazis and the Occult

Arcturus Publishing
 Rare and previously unpublished photographs of children in Nazi Germany. Paul Garson offers a fascinating glimpse into the lives of children of the Third Reich.

Hitler's Interpreter

Arcturus Publishing
 'No one can deny Paul Roland is a complete master of his subject.' Colin Wilson, author of *The Occult* and *A Criminal History of Mankind* Why did the country which produced Goethe, Beethoven, Bach, Schiller, Einstein, Kant and Hegel allow itself to be led to the precipice of self-destruction by a ragged collective of criminals, misfits, sadists and petty bureaucrats? Nazis and the Occult reveals the true nature of the Third Reich's link with arcane influences and of evil itself, as well as explaining how an ill-educated, psychologically unbalanced nonentity succeeded in mesmerizing an entire nation. Forget what you have read, seen and heard. This is the real secret history of Nazi Germany and its dark Messiah - Adolf Hitler.

Munich

The History Press
 The Nazi's kept extensive files on practically everybody in the Third Reich. Now author Paul Roland turns the tables with this new expose - a fascinating psychological profile of the leading Nazis and their lesser-known associates."

The Illustrated History of the Nazis

Knopf
 • Four months pregnant, Vera Wohlauf, wife of a serving SS officer, took sadistic pleasure in rounding up victims for Treblinka.
 • Like creatures from a Grimms' fairytale, female members of a Nazi 'welfare' organization scoured the towns and villages of Poland and Slovenia, luring blond children out of hiding with bread and sweets. They were abducted to be raised as Germans by 'Aryan' families who told them their parents were dead.
 • Test pilot Hanna Reitsch flew on a suicide mission to rescue Hitler from his bunker.
 • Not even Hitler could resist the charms of Princess Stephanie, a femme fatale and Nazi agent who smoked cigars which she lit by striking a match on the heel of her shoes. The Nazis had no doubts about a woman's place in the Third Reich. Hermann Goering urged every woman to 'take a pot, a dustpan and brush, and marry a man.' Many women welcomed the arrival of Hitler's regime with childlike enthusiasm believing that the dictatorship would make Germany master of Europe, but as the war dragged on, their blind faith in Hitler was betrayed.

A novel

Arcturus Publishing
 At age thirty in 1919, Adolf Hitler had no accomplishments. He was a rootless loner, a corporal in a shattered army, without money or prospects. A little more than twenty years later, in autumn 1941, he directed his dynamic forces against the Soviet Union, and in December, the Germans were at the gates of Moscow and Leningrad. At that moment, Hitler appeared--

however briefly--to be the most powerful ruler on the planet. Given this dramatic turn of events, it is little wonder that since 1945 generations of historians keep trying to explain how it all happened. This richly illustrated history provides a readable and fresh approach to the complex history of the Third Reich, from the coming to power of the Nazis in 1933 to the final collapse in 1945. Using photographs, paintings, propaganda images, and a host of other such materials from a wide range of sources, including official documents, cinema, and the photography of contemporary amateurs, foreigners, and the Allied armies, it distills our ideas about the period and provides a balanced and accessible account of the whole era.

The Nazi War on Cancer Univ of California Press

The Nazis believed their mission was to 'masculinize' life in Germany. Hermann Goering told women, 'Take a pot, a dustpan and a broom, and marry a man,' but many still became active participants in murder and mayhem. From the Reich Bride Schools through the Bund Deutscher Mädel and the bizarre Lebensborn Aryan breeding programme to the brothels of the Sicherheitsdienst, this book covers the lives of women in the Third Reich, concentrating on those who sought personal power and influence amid the chaos and death.

Nazis and the Occult Sirius Entertainment

This book investigates the anti-Semitic foundations of Nazi curricula for elementary schools, with a focus on the subjects of biology, history, and literature. Gregory Paul Wegner argues that any study of Nazi society and its values must probe the education provided by the regime. Schools, according to Wegner, play a major role in advancing ideological justifications for mass murder, and in legitimizing a culture of ethnic and racial hatred. Using a variety of primary sources, Wegner provides a vivid account of the development of Nazi education.

Art, Culture, and Media Under the Third Reich Arcturus Editions
Michael Burleigh's *The Third Reich* presents a major study of one of the twentieth century's darkest periods. Until now there has been no up-to-date, one-volume, international history of Nazi Germany, despite its being among the most studied phenomena of our time. *The Third Reich* restores a broad perspective and intellectual unity to issues that have become academic subspecialties and offers a brilliant new interpretation of Hitler's evil rule. Filled with human and moral considerations that are missing from theoretical accounts, Michael Burleigh's book gives full weight to the experience of ordinary people who were swept up in, or repelled by, Hitler's movement and emphasizes how international themes for Nazi Germany appealed to many European nations. It also focuses on the Nazi's wartime conduct to dominate the Continental economy and involve gigantic population transfers and exterminations, recruitment of foreign labor, and multinational armies.

Nazism and German Society, 1933-1945 Open Book Publishers

For Germans in the late 1920s and early 1930s, the allure of Adolf Hitler and the Nazi Party's promises for a better, brighter future promised so much. The reality was vastly different... Germany was a deeply divided nation when Adolf Hitler and the Nazi Party came to power in 1933. As the shadow of the swastika lengthened, its citizens quickly came to realize that the Nazis' brutal programme was not optional. Everyone was expected to play their part in "national revival", especially those chosen as sacrificial victims. Much has been written about daily life during World War II from the perspective of the Allied nations, but little

about life in Germany during the Third Reich. With the benefit of hindsight, questions have been raised as to why a civilized, cultured nation stood by and let the Nazi Party impose their rule in such inhumane fashion, and why so few individuals made any attempt to rebel. Life in the Third Reich draws on the recollections of those who actually experienced the rise and fall of this brutal and vicious regime: from the indoctrination of children to the disappearance of family, friends and neighbours and the effect of Kinder, Küche und Kirche [Children, Kitchen and Church] on the female population, to the defiance of the 'swing kids' and the resulting deprivation of the Nazi policy of 'Guns, not butter'. These are the stories of ordinary Germans caught up in an extraordinary time.

The Jewish Resistance Fonthill Media

In 1945, Hitler committed suicide in his bunker as the Third Reich collapsed and the Red Army swamped Berlin. But what was it like to live in Germany after World War II? This is the story of Germany after the Nazis, a time when two separate states rose from the ashes to face each other across the Iron Curtain. Meanwhile, the people struggled to come to terms with both the physical and psychological impact of defeat, as well as guilt for the monstrous acts that had been committed under Hitler's regime. When Allied forces took over Germany, they were shocked at the scale of destruction. But how did they ensure that those guilty of crimes against humanity were punished, and where exactly did all the Nazis go after the war?

The Struggle to Rise from the Nazi Ruins University of Chicago Press

By looking deeply into the Führer's childhood, war experiences, and early political career, this rigorous narrative seeks to answer this question: How did the early, defining years of Hitler's life affect his rise to power? When Adolf Hitler went to war in 1914, he was just 25 years old. It was a time he would later call the "most stupendous experience of my life." That war ended with Hitler in a hospital bed, temporarily blinded by mustard gas. The world he eventually opened his newly healed eyes to was new and it was terrible: Germany had been defeated, the Kaiser had fled, and the army had been resolutely humbled. Hitler never accepted these facts. Out of his fury rose a white-hot hatred, an unquenchable thirst for revenge against the "criminals" who had signed the armistice, the socialists he accused of stabbing the army in the back, and, most violently, the Jews—a direct threat to the master race of his imagination—on whose shoulders he would pile all of Germany's woes. By peeling back the layers of Hitler's childhood, his war record, and his early political career, Paul Ham's *Young Hitler: The Making of the Führer* seeks the man behind the myth. More broadly, Paul Ham seeks to answer the question: Was Hitler's rise to power an extreme example of a recurring type of demagogue—a politician who will do and say anything to seize power; who thrives on chaos; and who personifies, in his words and in his actions, the darkest prejudices of humankind?

Tacitus's Germania from the Roman Empire to the Third Reich Against the Third Reich Paul Tillich's Wartime Addresses to Nazi Germany

This book traces the history of the Third Reich, from the Nazi movement's beginnings in the beer halls of 1920s Germany to the outcome of the Nuremberg trials, which took place in the aftermath of the Second World War. Masters of manipulation, double standards, and deceit, the Nazis were bent on world domination and engineered a global conflict in order to achieve

their ends. As their figurehead, they chose an Austrian corporal with a twisted psyche, who rose from obscurity to command the world's most formidable military machine. The Nazis includes fascinating psychological profiles of Nazi henchmen in an attempt to discover the character flaws that made them commit their terrible crimes. This gallery of social misfits was held together by its admiration for Hitler, who dragged the German nation towards the abyss and brought about the deaths of more than 60 million people worldwide.

A novel Oxford University Press

A rogues gallery of social misfits formed the Nazis' inner circle. They hated and conspired against each other but were held together by their admiration for the Führer, and step by step they dragged the nation towards the abyss. Drawing on a wide range of sources, author Paul Roland unravels the web of diplomacy, deceit and double-dealing which Hitler spun to ensure the war he had always wanted. This is the extraordinary story of the little Austrian corporal with the twisted psycho who rose from obscurity to command the world's most formidable military machine, before destroying himself and the empire he claimed would last a thousand years. While demanding that the German people made sacrifices for a war which few in Hitler's inner circle believed they could win, Nazi leaders were leading lives of incredible debauchery, privilege and power. It was theft and murder on the grandest scale. This book features the stories of ordinary people caught up in the web of history, living in the grip of a regime that did not care if it destroyed the whole country in pursuit of its perverted goals. Featuring a section on the Nuremberg Trials when the Nazis were brought to justice. Includes portraits of the Nazi leaders.

Nazi Women Arcturus Publishing

'Roland's compelling account is highly readable.' Nicholas Goodrick-Clarke, Professor of History, University of Exeter Anyone wishing to understand the nature of evil can do no better than look within the pages of this book. When Hitler's 'thousand-year Reich' collapsed after twelve years of increasing repression, how were those responsible to be punished? Hitler, Himmler and Goebbels took their own lives to evade justice, but that still left Hermann Goering, Albert Speer, Hitler's one-time Deputy Führer Rudolf Hess and many other prominent Nazis to be brought before the Allied courts. This is the story of the Nuremberg Trials - the most important criminal hearings ever held, which established the principle that individuals will always be held responsible for their actions under international law, and which brought closure to World War II, allowing the reconstruction of Europe to begin.

The Nazis and the Occult Westminster John Knox Press

Even today, the Third Reich--the regime that instigated the most destructive war in modern history--evokes powerful images of fascination and horror. Yet how were the lives of the ordinary German people of the 1930s and '40s affected by the politics of Hitler and his followers? Looking beyond the catalog of events, this intriguing book reveals that daily German life involved a complex mixture of bribery and terror; of fear and concessions; of barbarism and appeals to conventional moral values employed by the Nazis to maintain their grip on society. Eight leading historians present essays that shed fresh light on topics as familiar as the role of political violence in Nazi seizure of power and the German view of Hitler himself. It also focuses on lesser-known aspects of life in the Third Reich, such as village life, the treatment of social outcasts, and the Germans' own retrospective view of this period of their history.
