Kill You Twice Forge Books

From the author of the critically acclaimed Archie Sheridan and Gretchen Lowell thrillers, here is a heart-stopping ride that Cheryl Strayed (author of #1 New York Times bestseller *Wild*) called “deeply intelligent and grippingly suspenseful...a wickedly brilliant masterpiece.” Kick Lannigan has taught herself to be dangerous. She can pick any lock, fire any weapon, throw any knife, and aim a punch at her opponent’s trachea. She has also taught herself to be safe. So when enigmatic John Bishop shows up asking her to help him rescue missing kids, Kick has every reason to be wary. He appears to have access to limitless money, high-level contacts, and details of Kick’s background long kept sealed by the court. Yet everything he tells her about himself seems to be a lie. Headstrong by nature, suspicious by circumstance, and a smart-ass by self-determination, Kick can’t help but see the writing on the wall: together, she and Bishop could make an unstoppable

team, willing to do whatever it takes—legal or not—to see justice served...if they don’t kill each other first. For Kick, whose interest in child abduction is deeply personal, it’s a gamble worth taking. Critically acclaimed as “excruciating...compelling” (Booklist, starred review) and “a propulsive new thriller” (People), *One Kick* is an engrossing, entertaining new novel you won’t want to miss.

A Kick Lannigan Novel Houghton Mifflin Harcourt

Chelsea Cain’s novels featuring Portland detective Archie Sheridan and serial killer Gretchen Lowell have captivated fans through two nail-biting entries, *Heartsick* and *Sweetheart*, both of them multiweek bestsellers in *The New York Times*, *USA Today*, and *Publishers Weekly*. Gretchen Lowell is still on the loose. These days, she’s more of a cause célèbre than a feared killer, thanks to sensationalist news coverage that has made her a star. Her face graces magazine covers weekly and there have been sightings of her around the world. Most shocking of all, Portland Herald reporter Susan Ward has uncovered a bizarre kind of fan club, which celebrates the number of

days she's been free. Archie Sheridan hunted her for a decade, and after his last ploy to catch her went spectacularly wrong, remains hospitalized months later. When they last spoke, they entered a détente of sorts---Archie agreed not to kill himself if she agreed not to kill anyone else. But when a new body is found accompanied by Gretchen's trademark heart, all bets are off and Archie is forced back into action. Has the Beauty Killer returned to her gruesome ways, or has the cult surrounding her created a whole new evil? Chelsea Cain continues to deliver heart-stopping thrills and chills in the latest entry in this dynamic bestselling series.

An Archie Sheridan / Gretchen Lowell Novel Penguin

Even as a reporter, Sheila Hamilton missed the signs as her husband Michael's mental illness unfolded before her. By the time she had pieced together the puzzle, it was too late. Her once brilliant, intense, and hilarious partner was dead within six weeks of a formal diagnosis of bipolar disorder, leaving his nine-year-old daughter and wife without so much as a note to explain his actions, a plan to help them recover from their profound grief, or a solution for the hundreds of thousands of dollars in debt that they would inherit from him. All the Things We Never Knew takes readers from Michael and Sheila's romance through the last three months of their life together and into the year after his death. It details their unsettling descent from ordinary life into the world of mental illness, and examines the fragile line between reality and madness. Now, a decade after Michael's death, Sheila and her daughter, Sophie, have learned the power of choosing life over retreat; let themselves love and trust again; and understand the importance of forgiveness. Their story will resonate with all those who have loved someone who suffers from bipolar disease and mental illness.

Mockingbird Vol. 1 St. Martin's Press

Born Bad meets Ash Park in an electrifying and darkly hilarious crime thriller that will keep you glued to the pages. A brilliant psychopath with a singular goal. A detective desperate to do the right thing—for once. What happens when their worlds collide? Poppy Pratt has spent years running from what she is. Pretending that her father wasn't a prolific serial killer. Pretending that she doesn't crave the stickiness of blood beneath her fingernails. Pretending to be normal. Now she's finally free—if you don't count the cheating husband she's currently saddled with and the baby in her guts. It's not so simple to murder your husband when you know you'll be the prime suspect, but her new city boasts the highest rate of serial killers in the country. In a place like Ash Park, it should be easy to stay out of the spotlight. But when a friend is found dead, Poppy finds herself thrust onto the radar of the local police force. One detective in particular appears to have it out for her. Detective Petrosky has lost colleagues before, and he won't allow this homicide to go by unresolved—he can't afford to. Unlike Poppy, Petrosky doesn't have the benefit of psychopathic numbness; he feels the guilt like a weight around his neck. If he screws up here, that weight might drag him down for good. A killer with no remorse. A detective with too much. Who will come out on top? Unputdownable. Unpredictable. A roller coaster of grit and emotion that cements O'Flynn's place as one of the most talented thriller authors in recent history. If you liked Gillian Flynn's Sharp Objects, Chelsea Cain's Heartsick, or Dexter, you'll love Born Bad. *** KEYWORDS: serial killer's daughter, serial killer father, female protagonist, psychopath thriller, serial killer books, serial killer series, mystery domestic crime, dark suspense thriller, female serial killer, amateur sleuths, whodunnit mystery, whodunnit thriller, psychological suspense, suspense fiction, suspense book, nail biting fiction, nail biter mystery, vigilante justice, edge of your seat suspense, dark crime, serial killer, revenge, vengeance, mystery suspense thriller series, hard-boiled mysteries, pulp, noir, noir thriller, crime noir, crime, gritty psychological thrillers, serial killers, crime thrillers, crime fiction, gritty mysteries, mystery series, thriller series, psychological thrillers, psychological thriller

Rogue Island Bantam

It was expecting them. Conrad and Joanna Harrison, a young couple from Los Angeles, attempt to save their marriage by leaving the pressures of the city to start anew in a quiet, rural setting. They buy a Victorian mansion that once served as a haven for unwed mothers, called a birthing house. One day when Joanna is away, the previous owner visits Conrad to bequeath a vital piece of the house's historic heritage, a photo album that he claims "belongs to the house." Thumbing through the old, sepia-colored photographs of midwives and fearful, unhappily pregnant girls in their starched, nineteenth-century dresses, Conrad is suddenly chilled to the bone: staring back at him with a countenance of hatred and rage is the image of his own wife.... Thus begins a story of possession, sexual obsession, and, ultimately, murder, as a centuries-old crime is reenacted in the present, turning Conrad and Joanna's American dream into a relentless nightmare. An extraordinary marriage of supernatural thrills and exquisite psychological suspense, *The Birthing*

House marks the debut of a writer whose first novel is a terrifying tour de force.
