A companion series to our "Competitive Mathematics for Gifted Students," the series "Math Challenges for Gifted Students" offers additional material in practice test form. The workbooks are useful for assessment and for development of testing skills. In full color and with fully detailed solutions, the workbooks may be used as a fun introduction to competitive problem solving. However, the problems are a bit more difficult than actual Kangaroo problems, exploring a large number of known 'tips and tricks.' One could say it is much more concentrated in that, unlike actual exams, it has less 'filler' - almost every problem is 'tricky' and embodies a specific strategy. The material is excellent for training purposes and has been used by the authors in seminars with hundreds of the most gifted students in the Bay Area. The workbook contains six 24-question tests. After each test there is an answer key. The tests are followed by detailed solutions. The recommended time limit for each test is of 75 minutes. Students who have not been exposed to competitive problem solving will find this book extremely difficult and will need help from an adult. Without preparation, students who get 'A' in school generally score about 50 points out of 96 possible on Kangaroo level 1-2.

This book contains 2 full-length practice tests for the Middle Level ISEE based on the latest guide published by the ERB. The tests in this book will give you an idea of the types of questions you will see, the concepts that are being tested, the format and timing of the test, and a sense of how the scoring works. This book only includes the tests -- it does not include content instruction. It is designed to complement the other Middle Level ISEE publication from Test Prep Works: Success on the Middle Level ISEE: A Complete Course -- This book provides comprehensive instruction on the content and strategies required to ace the Middle Level ISEE, including vocabulary lessons and drills, math content lessons and practice sets, reading strategies and drills, tips for the essay, and one full-length practice test (with different questions than the practice tests in "The Best Unofficial Practice Tests for the Middle Level ISEE," so there is no overlap between the books.) These books can be used independently, or they can be used to complement each other, depending on the needs of your specific student. Please note that the tests in this book are neither produced nor endorsed by the ERB.

This book is designed towards mastering the CogAT from which many school districts identify gifted children for admissions into their gifted and talented programs. The book contains 9 lessons, one for each subtest. Each lesson consists of three main parts: Description of the question type, exercise questions, and answers and explanations. In addition, the book has 2 full-length practice tests with detailed explanations. It is recommended that you take the first practice test as a diagnostic test to understand your current level of expertise and in which area you need improvement. After completing the 9 lessons, use the second practice test to help improve your problem solving skills. There is no greater substitute than to study and practice.
