Chemistry for the IB MYP 4 & 5 Oxford University Press, USA
 The only series for MYP 4 and 5 developed in cooperation with the International Baccalaureate (IB) Develop your skills to become an inquiring learner; ensure you navigate the MYP framework with confidence using a concept-driven and assessment-focused approach presented in global contexts. - Develop conceptual understanding with key MYP concepts and related concepts at the heart of each chapter. - Learn by asking questions with a statement of inquiry in each chapter. - Prepare for every aspect of assessment using support and tasks designed by experienced educators. - Understand how to extend your learning through research projects and interdisciplinary opportunities. This title is also available in two digital formats via Dynamic Learning. Find out more by clicking on the links at the top of the page.
Mathematics for the IB MYP 4 & 5 Oxford University Press, USA
 Ensure your students navigate the MYP framework with confidence using a concept-driven and assessment-focused approach to Design, presented in global contexts. - Develop conceptual understanding with key concepts and related concepts, set in global contexts, at the heart of each chapter. - Prepare for every aspect of assessment using support and tasks designed by an experienced educator. - Extend learning through research projects and interdisciplinary opportunities. - Apply global contexts in meaningful ways with an internationally-minded perspective. - Develop practical and creative-thinking skills to solve design problems with a statement of inquiry in each chapter. - Confidently cover the framework with chapters covering digital, product and combined design. Table Content: Unit 1 Global Goals Design Challenge Unit 2 Design to help people express their emotions Unit 3 Playground design Unit 4 Lights change lives Unit 5 Service promotion Unit 6 Gamified exercise Unit 7 Pedestrian safety Unit 8 The importance of toilets Unit 9 Human impact animation Unit 10 Play with the past Unit 11 Dealing with change Unit 12 Turning drawings into products
Skills for Success Hodder Education
 Driving an active approach to learning, this second edition was developed with the IB and most closely embodies the IB way of teaching. New digital material is loaded with hands-on activities to extend active inquiry, and the most thorough assessment preparation is included, with built-in guidance straight from the IB.

International Handbook of Middle Level Education Theory, Research, and Policy Routledge
 The only series for MYP 4 and 5 developed in cooperation with the International Baccalaureate (IB) Develop your skills to become an

Oxford IB Diploma Programme: IB Prepared: Chemistry (Online) Hodder Education

This handbook is written for any student between the ages of 15 and 19 studying Chemistry. Its content meets the core chemistry requirements of IGCSE, IB DP, A-Level and AP courses. The material will also help an undergraduate whose course requires a basic foundation in Chemistry. It offers an alternative, succinct perspective to enable students to understand key concepts and can be used as a concise reference resource or a review guide. Each topic contains comprehensive explanations supported by diagrams and worked examples. The final sections of the book hold useful reference material for experimental work and offer guidance on how to write laboratory reports. There is also a series of practice calculation questions with solutions.

History for the IB MYP 4 & 5 Oxford University Press, USA
 Develop your skills to become an inquiring learner; ensure you navigate the MYP framework with confidence using a concept-driven and assessment-focused approach to Individuals and societies, presented in global contexts. · Develop conceptual understanding with key MYP concepts and related concepts at the heart of each chapter. · Learn by asking questions for a statement of inquiry in each chapter. · Prepare for every aspect of assessment using support and tasks designed by experienced educators. · Understand how to extend your learning through

research projects and interdisciplinary opportunities. · Think internationally with chapters and concepts set in global contexts.
IB Chemistry Course Book Oxford University Press - Children
 Develop your skills to become an inquiring learner; ensure you navigate the MYP framework with confidence using a concept-driven and assessment-focused approach to Sciences presented in global contexts. · Develop conceptual understanding with key MYP concepts and related concepts at the heart of each chapter. · Learn by asking questions for a statement of inquiry in each chapter. · Prepare for every aspect of assessment using support and tasks designed by experienced educators. · Understand how to extend your learning through research projects and interdisciplinary opportunities. · Think internationally with chapters and concepts set in global contexts.

Design for the IB MYP 1-3 Hachette UK
 Ensure your students navigate the MYP framework with confidence using a concept-driven and assessment-focused approach to Design, presented in global contexts. - Develop conceptual understanding with key concepts and related concepts, set in global contexts, at the heart of each chapter. - Prepare for every aspect of assessment using support and tasks designed by an experienced educator. - Extend learning through research projects and interdisciplinary opportunities. - Apply global contexts in meaningful ways with an internationally-minded perspective. - Develop practical and creative-thinking skills to solve design problems with a statement of inquiry in each chapter. - Confidently cover the framework with chapters covering digital, product and combined design.

Geography for the IB MYP 4&5: by Concept Hachette UK
 Exam Board: IB Level: MYP Subject: Science First Teaching: September 2016 First Exam: June 2017 Develop your skills to become an inquiring learner; ensure you navigate the MYP framework with confidence using a concept-driven and assessment-focused approach to Sciences presented in global contexts. - Develop conceptual understanding with key MYP concepts and related concepts at the heart of each chapter. - Learn by asking questions with a statement of inquiry in each chapter. - Prepare for every aspect of assessment using support and tasks designed by experienced educators. - Understand how to extend your learning through research projects and interdisciplinary opportunities. Contents list 1 Where are we now and where are we going? 2 How do we map matter? 3 Who are we? 4 How can we find out? 5 How does our planet work? 6 How do we respond to our world?

MYP by Concept Prentice Hall
 This comprehensive Study Guide reinforces all the key concepts for the 2014 syllabus, ensuring students develop a clear understanding of all the crucial topics at SL and HL. Breaking concepts down into manageable sections and with diagrams and

illustrations to cement understanding, exam preparation material is integrated to build student confidence and assessment potential. Directly linked to the new Oxford Chemistry Course Book to extend and sharpen comprehension, this book supports maximum achievement in the course and assessment. About the series: Reinforce student understanding of all the crucial subject material. Fully comprehensive and matched to the most recent syllabuses, these resources provide focused review of all important concepts, tangibly strengthening assessment potential.

Design for the IB MYP 4&5 Chemistry for the IB MYP 4 & 5 By Concept

Build solid mathematical understanding and develop key conceptual connections. The inquiry-based approach integrates the MYP key concepts, helping you shift to a concept-based classroom and cement mathematical comprehension. Fully comprehensive and matched to the Revised MYP to support achievement. Progress your learners into IB Diploma - fully comprehensive and matched to the MYP Next Chapter curriculum. Develop conceptual understanding in the best way for your learners - learn by mathematical unit or by key concept. Drive active, critical exploration of mathematical principles - build rounded comprehension framed within the key and related concepts. Develop meaningful cross-curricular connections that help learners recognize and manipulate mathematical ideas in other disciplines. Support higher level thinking skills through an approach grounded in factual, conceptual and debatable questions. Build a solid foundation of practical skills with extensive practice equipping learners to apply skills. Fully prepare learners for the MYP eAssessment. Multiplatform access, compatible with a wide range of devices. Your first login will be facilitated by a printed access card that will be sent to you in the mail. Includes one print course book and one online course book.

Sciences for the IB MYP 4&5: By Concept Oxford University Press - Children

Drive achievement in the MYP and strengthen scientific confidence. Equipping learners with the confident scientific understanding central to progression through the MYP Sciences, this text is fully matched to the Next Chapter curriculum. The inquiry-based structure immerses learners in a concept-based approach, strengthening performance. Develop comprehensive scientific knowledge underpinned by rich conceptual awareness, equipping learners with the confidence to handle new ideas. Fully

integrate a concept-based approach with an inquiry-based structure that drives independent thinking. Build flexibility interwoven global contexts enable big picture understanding and ensure students can apply learning to new areas. Fully mapped to the Next Chapter curriculum and supports the Common Core. Strengthen potential in the MYP eAssessment and prepare learners for IB Diploma.

For the IB diploma Hachette UK

Develop your skills to become an inquiring learner; ensure you navigate the MYP framework with confidence using a concept-driven and assessment-focused approach to Geography, presented in global contexts. - Develop conceptual understanding with key MYP concepts and related concepts at the heart of each chapter. - Learn by asking questions for a statement of inquiry in each chapter. - Prepare for every aspect of assessment using support and tasks designed by experienced educators. - Understand how to extend your learning through research projects and interdisciplinary opportunities. - Think internationally with chapters and concepts set in global contexts.

Sciences for the IB MYP 2 Oxford University Press, USA

The most comprehensive match to the new 2014 Chemistry syllabus, this completely revised edition gives you unrivalled support for the new concept-based approach, the Nature of science. The only DP Chemistry resource that includes support directly from the IB, focused exam practice, TOK links and real-life

applications drive achievement.

MYP Chemistry Cambridge University Press

Developed directly with the IB to be fully integrated with the revised MYP Mathematics framework, for first teaching in 2020. This comprehensive, inquiry-based resource empowers students to develop a deep and engaged understanding of mathematics. MYP Mathematics 4&5 Extended takes learners beyond the MYP Mathematics 4&5 Standard resource, providing opportunities to master more advanced mathematical concepts and skills, and laying the foundations for Higher Level Mathematics at IB Diploma. The inquiry-led, concept-based approach combined with links to global contexts equips learners to acquire and practice essential knowledge and skills while exploring the wider applications of mathematics. Fully comprehensive, the resource addresses all the topics suggested in the MYP Extended Mathematics Skills Framework, including the enrichment topics.

By Concept Hodder Education

The only series for MYP 4 and 5 developed in cooperation with the International Baccalaureate (IB).
