► SPECIAL OFFER: 55% OFF for Bookstores! Offer valid this month only! Would you like to help your customers to create a second income? Or would you like to help them to find a job that allows them to travel the world and work wherever and whenever they want? Your customers will finally be able to invest professionally in Options thanks to the tips and strategies contained in this book! Many traders have completely changed their lives thanks to options trading, an investment methodology with great potential that allows you to earn money by investing in options. Why have they succeeded while so many other people have failed? What do all the biggest option traders have in common? Options trading is a business and must be treated as such! "The size of your success is measured by the strength of your desire, the size of your dream, and how you handle disappointment along the way". This is a famous quote by Robert Kiyosaki, not just any man, who says that in anything you do, but especially in the business world, it is not just about having the right information, but the right mindset. In addition to mindset, there are other, very important factors for success with options trading, and they are all analyzed in this book. Here's what your customers will find out: The true strength of an options trader; All they need to know about options trading to get started; The most profitable markets for an option trader; The importance of

technical and fundamental analysis; Winning options trading strategies; The best platforms for option trading; The secrets of Money and risks management; And much, much more... Even if they don't know anything about options trading, don't worry; this book was written with the intent of giving you thorough knowledge on the topic, along with all the necessary means to start operating independently. What are you waiting for? Take advantage of this fantastic offer and make your customers the best investors in Options!

Options Trading Crash Course FT Press

This book was written for the purpose of elucidating option trading and also for the most part lecture investors on a number of safe play options of various types of market situations. The book trade options are free from irrelevancies, detailed, to the point, well-written and easy to comprehend. Some important terms to look out for: Long Call, Short Call Spread, Iron Condor, expiration, decay, and many other trading related terms. What this book is about The book trading options pays much attention to basic meanings and concepts an individual needs to understand before going into trading options. So many things are discussed, including: what is an option, option trading strategy, the best platform for trading options, and other important things like instructions to avoid the top 10 mistakes in option trading. For veteran option traders, many important points were mentioned in the book which explains and puts forward critical points which can be used in locating the potential range of the stock over the options life. When you read further, a well explained part of the book which talked about pricing variables, highlighted in Greek terms serves as an important way for

traders to get to know the effect of option price as a result of changes in the condition of the market. As added advantages, this book also talks about the effect of time decay and how it can affect your trade after it has been put in place, and essential ways to recover in the event that things don't work out as expected. The Trading Options book written by Robert Broker cannot be compared with sister books. As mentioned above, many important things to know about options trading were comprehensively discussed and to cap it all off, the audio versions will be followed in a matter of months. Some of the important things to watch out for in the book are: - What are options? - Options trading strategies - The best options trading platforms - Dangers involved with trading options - Trading psychology: how to get into the mindset of a successful trader - Kinds of trader and trading styles - Instructions to avoid the top 10 mistakes in option trading Target You will find the book Trading Options useful if you are looking for ways to: - Protect your investments against a decline in market prices - Increase your income on current or new investments - Be an expert in options trading - Gain more knowledge about the alpha and omega of option trading Don't be left out, the book Trading options can be a great way to manage your risk, and this detailed reference gives you the expert help you need to succeed. FAQ

Question 1: What are the main points of discussion of the book?
 Ans: The book talks comprehensively on options trading and everything you need to know and mistakes to avoid recording huge success

Question 2: Is there any confusing/misleading information in the book?
 Ans: Absolutely not; everything you find in the book is what you need to become successful as a trader.

Question 3: Is there any other version of the book?
 Ans: Yes, the audio version will be made public soon.

Question 4: How can I get a copy of this publication?
 Ans: You can get your copy by placing an order on Amazon.

A Business Framework for Trading Equity and Index Options

Harriman House Limited

"The one, only, and by far the best book synthesizing psychology and investing. In addition to providing modern, scientific knowledge about psychology, this book provides a mirror into the mind and wide breadth of knowledge of one of the leading practitioners of brief and effectual cures. Will help to cure your trading and your life." -Victor Niederhoffer, Chief Speculator, Manchester Investments Author, *The Education of a Speculator* and *Practical Speculation* "How refreshing! A book that rises above the old NLP model of the 80's and provides insights on how our relationship with the market is indeed a very personal one. Not only has Steenbarger provided some fantastic tools for the trader to transform his mindset, but he has contributed unique trading ideas as well. Brilliant!" -Linda Raschke, President, LBRGroup, Inc. "'Investigate, before you invest' was for many years the slogan of the New York Stock Exchange. I always thought a better one would be, 'Investigate YOURSELF, before you invest.' The Psychology of Trading should help you increase your annual investment rate of return. Mandatory reading for anyone intending to earn a livelihood through trading. " -Yale Hirsch, The Hirsch Organization Inc., Editor, *The Stock Trader's Almanac* "This highly readable, highly educational, and highly entertaining book will teach you as much about yourself as about trading. It's Oliver Sacks meets Mr. Market-extraordinary tales of ordinary professionals and individuals with investment disorders, and how they successfully overcame them. It is a must-read both for private investors who have been shell-shocked in the bear

market and want to learn how to start again, as well as for pros who seek an extra edge from extra inner knowledge.

Steenbarger's personal voyage into the mind of the market is destined to become a classic." -Jon Markman, Managing Editor, CNBC on MSN Money Author, *Online Investing and Swing Trading* "Dr. Steenbarger's fascinating, highly readable blend of practical insights from his dual careers as a brilliant psychologist and trader will benefit every investor; knowing oneself is as important as knowing the market." -Laurel Kenner, CNBC.com Columnist, Author, *Practical Speculation*

A Quick Start for Beginners to Make a Profit and Earn Passive Income. Including How to Maximize Your Profit with Low Starting Capital and Disciplined Mindset Options for Rookies Books
Do you want to discover the unique "Legal" method that will make you understand Trading in just 17 days to create a profit ranging from 10% to 788% on your next investment with the sole method in the world "Warren Kratter Solution" which brought 1578 people from beginners to successful traders just in the first 5 months of 2020? You may be wondering how it is possible to have such a big variation from 10% to 788%... But that's exactly what happened. In fact, among the 1578 people, we find Alex (employee who worked 12 hours a day in a restaurant) who brought home 10% of profit before using the method... but after applying the teachings of this book in the right way, he reached the unbelievable 788% on the next investment. How did Alex manage to reach the striking 788% figure? The answer to this question is written inside the pages of this book... What you are holding in your hands right now, is NOT a simple intro... It's a precious first-class ticket...with your name written on it for that train that many say passes ONLY once. In this case, it is certainly true... Considering that, AT THIS MOMENT (I don't know for how long) many opportunities have opened up in the market. It is known that it is specifically in times of global crisis that individuals with knowledge can make excellent deals in the Forex and the Stock market. And thanks to my instructions you will be able to take advantage of the biggest world economic crisis after 1929. Just like I did back in 2009. When starting from scratch, I managed to aggressively enter the markets "like a lion attacking

a gazelle" with the Options and Day trading systems. Bringing over \$ 117,000 home. Having half the information written in this book. Wait... It wasn't that simple at first... Initially I took many risks even though I had studied more than 55 books and thought I knew what I was doing. But the results showed me exactly the contrary ... During the first year, I lost all the money invested and I no longer could eat two hot meals a day. So I asked myself why. And I found the answer in the mindset, as I didn't have the energy to attract money. Therefore, I started to change my mind and I decided to embrace the values of money that the rich people have, and I never gave up. And from there my life has completely changed... For this reason, you will often find mindset resources in the book as well as plenty of trading notions that will lead you to make excellent results in Trading, such as those achieved by Alex who has now left his job and lives 90% of his day without worries. Simply by applying these concepts that you will find in the book: Passive Income Trading All Forex Trading Concept Option Trading Basic Type of Options Risk Management Brokers and Trading Platform Option Trading Strategies Technical analysis Mindset Trading Psychology Rules for successful trading How day trading works Find stocks for trades Tips for success.....and more!!! Now it's up to you to decide whether to stay among the people who will lose money because of the crisis... Or be the person who uses all the potential we have at the moment in the market and change your life.

The Ultimate Crash Course and Beginner's Guide to Trade in Options with the Right Mindset, Strategies, and Mind Control to Become a Successful and Profitable Trader.

Trading

Are you eager to jump into the world of investments? Perhaps, you've heard of the benefits and million dollar stories in this seemingly magical world of investments. Slow down, as you risk losing your life's investment in an unfamiliar market. For so many new investors, the world of stocks might look like legalized gambling. They think of scenarios like this: if your stock goes up - you win! If it goes down - you lose! How? You don't know since it has become a game of luck. With this type of mentality, the stock market more or less becomes a game of roulette. However, the more you understand the true nature of stocks, the better you will manage your money. In this book, we'll introduce you to the exciting and challenging world of Option Trading. While options involve higher risk-taking than normal stock market investing, they are also more interesting and exciting, with a huge potential

upside. Some of the topics we'll be discussing in this book include: - WHAT IS OPTIONS TRADING? - WHY YOU SHOULD INVEST IN OPTIONS TRADING? - PLATFORMS AND TOOLS FOR TRADING OPTIONS - MONEY MANAGEMENT - TECHNICAL ANALYSIS - BUYING AND SELLING PUTS - OPTIONS TRADING STRATEGIES - HOW TO MANAGE A TRADE? - OPTIONS TRADING BASICS - TOP TRADER MISTAKES TO AVOID IN OPTIONS TRADING - RISK MANAGEMENT - THE OPTIONS TRADER MINDSET - TRADING VARYING TIME FRAMES - AND MUCH MORE!! Besides understanding the basics of options, the most important thing to learn is the wide range of strategies that can be used when it comes to options. These strategies open a lot of doors for traders to make profits that would not be available otherwise. When you are learning, you should try out all the strategies to see what works best for you. Everyone is going to have their own tastes, but options trading is so different that you need to try things out before you get stuck only buying call options, which is a mistake that happens to a lot of beginners who are afraid to try the many different strategies that options trading has to offer. Therefore, in this book, you will learn the basic and common terminologies used in the stock market, the reason why companies sell shares, an in-depth analysis of the mechanics of the stock market, and how to recognize a bearish or bullish market. So, let's start with the basic terminologies you will come across while trading in the stock market. - Understand your risk profile - Understand your financial situation - Be an analyst, not a careless risk taker - Don't invest money you aren't willing to lose Remember that options trading is flexible, so when the market enters a downturn, don't stop trading! You can keep going and earn profits as the share

price goes down and everyone else is panicking. This book focuses on Options Trading and goes ahead to define what it is so that you know what makes it different from other securities on the market. Everything that a beginner has to know is in this book. So, what are you waiting for? Click Buy Now!

[Options Trading Strategies for Experts](#) Independently Published

The world's fastest growing trading markets are options markets. Options offer a world of opportunities that are simply unavailable to the stock trader. Trading stocks is like owning a "hammer," but trading options is like owning the whole toolbox. Why, then, do so many investors lose money in options? They lose because they trade options the way they've always traded stocks. To succeed, you must understand options the way professional options traders do. This book will help you do precisely that. When stock traders look at price, they see information. Options traders see probability, time, volatility -- and perhaps even a lack of information. Stock trading is about having more information than the other guy. Options trading can be about exploiting the lack of information. Stock trades have a 50% chance of success: stocks go up or they don't. Options trades can be structured for 90% probability of success. The very nature of trading is transformed by these radically different dynamics. Michael Hanania Benklifa reveals those dynamics and shows exactly how to take full advantage of them. Benklifa manages millions of dollars in options trades through his own firm. Here, he reveals how he approaches these trades, offering practical, concise and actionable insights based on actual scenarios. If you've struggled to profit from options... if you're intrigued by options, but

hesitant... if you're succeeding with options but want to do better... this is the book you've been searching for.

How to use swing trading to literally make the difference Even if you start from scratch, you can start trading and get results and become a good trader literally by studying and applying the concepts here NOW SCROLL UP AND CLICK ON THE "BUY NOW" BUTTON AND AVOID ALL THE BLUNDERS YOU HAVE SEEN BEFORE

The Types Of Options Trading Traders Press

In this book, a hedge fund manager and an option trading coach show you how to earn steady, reliable income selling options by managing your option trades and running your option portfolio as a real business with consistent, steady returns. Packed with real-world examples, the authors show you how to manage your own "one man" hedge fund and make consistent profits from selling options by applying the basic framework and fundamental business model and principles of an "insurance company". This framework helps you to apply your option trading strategy to a solid, predictable, business model with consistent returns. For

someone who has some knowledge of trading options and wants to become a consistent income earner. The authors provide a complete “operations manual” for setting up your business. Gain pearls of wisdom from both a professional options trader and coach, and from a hedge fund manager focused on managing an options based portfolio.

Options Trading

Trading Options

In a straightforward approach, Hanania Benklifa provides readers the practical knowledge needed to trade options conservatively in *Profiting with Iron Condor Options: Strategies from the Frontline for Trading in Up or Down Markets*. The objectives are simple: make 2%-4% a month staying in the market as little as possible. Market experts use option condors to consistently earn monthly returns while trading conservatively and staying in the market as little as possible. Benklifa--who manages \$10+ million in condor trades each month--shows you exactly how to run these trades and earn these returns, delivering all the details you need to master every nuance of this remarkable strategy. Benklifa shares option condors examples using market realities, not oversimplified abstractions. You'll learn how to handle real-life market dynamics that can dramatically impact results, including rising and falling volatility, changing bid-ask spreads, and distorted call parity. You'll learn how to profit in the sideways markets where condor options are most widely used--and also in extreme-trending markets that offer their own surprising opportunities. Traders who focus on a specific type of trade have a history of outperforming stock pickers and directional investors. This book will give you that deep and usable level of knowledge about one of today's most well-proven strategies: option condors.

The Best Option Strategies

Are you familiar with the financial world, and markets no longer hold any surprises for you? Are you able to expect a greater chance of higher gain? Options might be of interest to you. They can produce strong returns if you grasp how they work and can use them to your benefit. If you are new in trading and want to

understand what options trading is and how it can be profitable, then this is the right guide for you. Options provide more strategic and economic space for investors than they would get by simply purchasing, selling, or shortening stocks. Traders may use portfolio loss prevention options, snag a stock for less than it sells on the open market or sells it for more, maximize the return on a current or new stake, and reduce the chance of risky betting

of all kinds of market conditions. After reading this book, you will learn: - Basics of options trading - Best trading strategies - How you can start options trading - Benefits and drawbacks of all strategies - Tips for managing risk All this important information in one book isn't amazing.
